BILLING CODE P

DEPARTMENT OF AGRICULTURE

Forest Service

Information Collection; Disposal of Mineral Materials

AGENCY: Forest Service, USDA.

ACTION: Notice; request for comment.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995, the Forest Service is seeking comments from all interested individuals and organizations on the extension of a currently approved information collection, Disposal of Mineral Materials.

DATES: Comments must be received in writing on or before September 11, 2017 to be assured of consideration. Comments received after that date will be considered to the extent practicable.

ADDRESSES: Comments concerning this notice should be addressed to Sarah Shoemaker, Geologist, USDA Forest Service, Minerals and Geology Management, 709 West 9th Street, Room 561 C, Juneau, AK 99801.

Comments also may be submitted via facsimile to (907) 586-7840 or by email to: sarahshoemaker@fs.fed.us.

The public may inspect comments received at the USDA Forest Service Alaska Region, Minerals and Geology Management, Federal Building, 709 West 9th Street, Juneau, AK 99801 during normal business hours.

FOR FURTHER INFORMATION CONTACT: Sarah Shoemaker, Geologist, Minerals and Geology Management Staff, sarahshoemaker@fs.fed.us or (907) 586-7886.

Individuals who use telecommunication devices for the deaf (TDD) may call the Federal Relay Service (FRS) at 1-800-877-8339 twenty-four hours a day, every day of the year, including holidays.

SUPPLEMENTARY INFORMATION:

Title: Disposal of Mineral Materials.

OMB Number: 0596-0081.

Expiration Date of Approval: October 31, 2017.

Type of Request: Renewal of a currently approved collection.

Abstract: The Mineral Materials Act of 1947, as amended, and the Multiple Use Mining Act of 1955, as amended, authorize the Secretary of Agriculture to permit disposal of petrified wood and

common varieties of sand, stone, gravel, pumice, pumicite, cinders, clay, and other similar materials on lands administered by the USDA Forest Service.

Individuals, organizations, companies, or corporations interested in mining mineral materials on National Forest System lands may contact their local Forest Service office to inquire about mining mineral materials opportunities, to learn about areas on which such activities are permitted, and to request form FS-2800-9 (Contract of Sale for Minerals Materials). Interested parties are asked to provide information that includes the purchaser's name and address, the location and dimensions of the area to be mined, the kind of material that will be mined, the quantity of material to be mined, the sales price of the mined material, the payment schedule, the amount of the bond, and the period of the contract.

The collected information enables the Forest Service to document planned operations, to prescribe the terms and conditions the agency deems necessary to protect surface resources, and to affect a binding contract agreement. Forest Service employees will evaluate the collected information to ensure that entities applying to mine mineral materials are financially accountable and will conduct their activities in accordance with the mineral regulations of Title 36, Code of Federal Regulations, Part 228, Subpart C (36 CFR part 228).

If this information is not collected, the Forest Service would be unable to comply with Federal regulations to mine mineral materials, and operations could cause undue damage to surface resources.

Estimate of Annual Burden: 2.5 hours.

Type of Respondents: Mineral materials operators.

Estimated Annual Number of Respondents: 2,626.

Estimated Annual Number of Responses per Respondent: 1.

Estimated Total Annual Burden on Respondents: 6,565 hours.

Estimated annual number of respondents is based on the average number of respondents in 2014 through 2016. This number is lower than previous renewal estimates, thus the estimated total annual burden on respondents is lower than the most recent renewal.

Comment Is Invited: Comment is invited on: (1) Whether this collection of information is necessary for the stated purposes and the proper performance of the functions of the Agency, including whether the information will have practical or scientific utility; (2) the accuracy of the Agency's estimate of the

burden of the collection of information, including the validity of the methodology and assumptions used; (3) ways to enhance the quality, utility, and clarity of the information to be collected; and (4) ways to minimize the burden of the collection of information on respondents, including the use of automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.

All comments received in response to this notice, including names and addresses when provided, will be a matter of public record. Comments will be summarized and included in the submission request toward Office of Management and Budget approval.

Leslie A.C. Weldon,

Deputy Chief, National Forest System.

BILLING CODE 3411-15-P

DEPARTMENT OF COMMERCE

Foreign-Trade Zones Board

[B-47-2017]

Foreign-Trade Zone (FTZ) 52—Suffolk County, New York; Notification of Proposed Production Activity; Estee Lauder Inc. (Skin Care, Fragrance, and Cosmetic Products), Melville, New York

Estee Lauder Inc. (Estee Lauder) submitted a notification of proposed production activity to the FTZ Board for its facility in Melville, New York within FTZ 52. The notification conforming to the requirements of the regulations of the FTZ Board (15 CFR 400.22) was received on June 16, 2017.

The Estee Lauder facility is located within Site 4 of FTZ 52. The facility is used for the manufacturing and distribution of skin care, fragrance, and cosmetic products. Pursuant to 15 CFR 400.14(b), FTZ activity would be limited to the specific foreign-status materials and components and specific finished products described in the submitted notification (as described below) and subsequently authorized by the FTZ Board.

Production under FTZ procedures could exempt Estee Lauder from customs duty payments on the foreign-status components used in export production. On its domestic sales, for the foreign-status materials/components noted below, Estee Lauder would be able to choose the duty rates during customs entry procedures that apply to: Perfumes; lip make-up; eye make-up; manicure/pedicure preparation pads;
