

T. 38 N., Rs. 5 & 6 E., dependent resurvey, subdivision of sections and metes-and-bounds survey, accepted June 13, 2017.

San Bernardino Meridian, California

T. 5 S., R. 8 E., dependent resurvey, accepted May 2, 2017.

T. 9 S., R. 2 W., supplemental plat of the SE ¼ of the SE ¼ section 34, accepted May 2, 2017.

T. 9 S., R. 2 W., supplemental plat of lot 76 in section 27, accepted May 2, 2017.

T. 5 N., R. 24 W., dependent resurvey and metes-and-bounds survey, accepted June 6, 2017.

A person or party who wishes to protest a survey must file a notice that they wish to protest with the Chief, Branch of Cadastral Survey. A statement of reasons for a protest may be filed with the notice of protest and must be filed with the Chief, Branch of Cadastral Survey within 30 days after the protest is filed. If a protest against the survey is received prior to the date of official filing, the filing will be stayed pending consideration of the protest. A plat will not be officially filed until the day after all protests have been dismissed or otherwise resolved.

Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask the BLM in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

Authority: 43 U.S.C., Chapter 3.

Joan H. Honda,

Acting Chief Cadastral Surveyor.

Bureau of Land Management

[LLOR957000.L63100000.BJ0000.17XL1109AF.HAG 17-0101]

Filing of Plats of Survey, Oregon/ Washington

AGENCY: Bureau of Land Management, Interior.

ACTION: Notice.

SUMMARY: The plats of survey of the following described lands are scheduled to be officially filed in the Bureau of Land Management (BLM), Oregon State Office, Portland, Oregon, 30 calendar days from the date of this publication. The surveys, which were executed at

the request of the BLM, are necessary for the management of these lands.

DATES: Protests must be received by the BLM by August 14, 2017.

ADDRESSES: A copy of the plats may be obtained from the Public Room at the BLM, Oregon State Office, 1220 SW 3rd Avenue, Portland, Oregon 97204, upon required payment. The plats may be viewed at this location at no cost.

FOR FURTHER INFORMATION CONTACT: Kyle Hensley, (503) 808-6132, Branch of Geographic Sciences, LM, 1220 SW 3rd Avenue, Portland, Oregon 97204. Persons who use a telecommunications device for the deaf (TDD) may call the Federal Relay Service (FRS) at 1-800-877-8339 to contact the above individual during normal business hours. The FRS is available 24 hours a day, 7 days a week, to leave a message or question with the above individual. You will receive a reply during normal business hours.

SUPPLEMENTARY INFORMATION: The plats of survey of the following described lands are scheduled to be officially filed in the BLM, Oregon State Office, Portland, Oregon:

Willamette Meridian, Oregon

T. 20 S., R. 8 W., accepted March 24, 2017

Washington

T. 34 N., R. 36 E. accepted March 10, 2017

T. 40 N., R. 36 E., accepted February 24, 2017

A person or party who wishes to protest one or more plats of survey identified above must file a written notice of protest with the Chief Cadastral Surveyor for Oregon/ Washington, BLM. The notice of protest must identify the plat(s) of survey that the person or party wishes to protest. The notice of protest must be filed before the scheduled date of official filing for the plat(s) of survey being protested. Any notice of protest filed after the scheduled date of official filing will be untimely and will not be considered. A notice of protest is considered filed on the date it is received by the Chief Cadastral Surveyor for Oregon/Washington during regular business hours; if received after regular business hours, a notice of protest will be considered filed the next business day. A written statement of reasons in support of a protest, if not filed with the notice of protest, must be filed with the Chief Cadastral Surveyor for Oregon/Washington within 30 calendar days after the notice of protest is filed. If a notice of protest against a plat of survey is received prior to the scheduled date of official filing, the official filing of the plat of survey identified in the notice of protest will be

stayed pending consideration of the protest. A plat of survey will not be officially filed until the next business day following dismissal or resolution of all protests of the plat.

Before including your address, phone number, email address, or other personal identifying information in a notice of protest or statement of reasons, you should be aware that the documents you submit—including your personal identifying information—may be made publicly available in their entirety at any time. While you can ask us to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

F. David Radford,

Associate Branch Chief, Geographic Sciences.

Filing of Plats of Survey; South Dakota

AGENCY: Bureau of Land Management, Interior.

ACTION: Notice of official filing.

SUMMARY: The plats of survey of lands described in this notice are scheduled to be officially filed in the Bureau of Land Management (BLM), Montana State Office, Billings, Montana, 30 calendar days from the date of this publication.

DATES: Protests must be received by the BLM by August 14, 2017.

ADDRESSES: Protests of the survey should be sent to the Branch of Cadastral Survey, Bureau of Land Management, 5001 Southgate Drive, Billings, Montana 59101-4669.

FOR FURTHER INFORMATION CONTACT: Marvin Montoya, Cadastral Surveyor, Branch of Cadastral Survey, Bureau of Land Management, 5001 Southgate Drive, Billings, Montana 59101-4669, telephone (406) 896-5124 or (406) 896-5009, HMontoya@blm.gov. Persons who use a telecommunications device for the deaf (TDD) may call the Federal Relay Service (FRS) at 1-800-877-8339 to contact the above individual during normal business hours. The FRS is available 24 hours a day, 7 days a week, to leave a message or question with the above individual. You will receive a reply during normal business hours.

SUPPLEMENTARY INFORMATION: This survey was executed at the request of

the Cheyenne River Sioux Tribe, and was necessary to determine Individual and Tribal Trust lands.

The lands we surveyed are:

Black Hills Meridian, South Dakota

T. 7 N., R. 21 E.

The plat, in two sheets, representing the dependent resurvey of a portion of the subdivisional lines, the original meanders of the former left bank of the Cheyenne River, through section 8, a portion of the subdivision of section 8, and the 1932 meanders of the former left bank of the Cheyenne River, through sections 7 and 8, the further subdivision of section 8, and the survey of the meanders of the present left bank of the Cheyenne River and informative traverse, through a portion of section 7 and section 8, the left and right banks and medial line of an abandoned channel of the Cheyenne River in section 8, the limits of erosion in section 8, a portion of the left bank of a relicted channel of the Cheyenne River in section 7, a former left bank of the Cheyenne River in section 8, and certain division of accretion and partition lines, Township 7 North, Range 21 East, of the Black Hills Meridian, South Dakota, was accepted April 26, 2017.

The BLM will place a copy of the plat, in two sheets, and related field notes described in the open files. They will be available to the public as a matter of information. If the BLM receives a protest against this survey, as shown on this plat, in two sheets, prior to the date of the official filing, the BLM will stay the filing pending its consideration of the protest. The BLM will not officially file this plat, in two sheets, until the day after it has accepted or dismissed all protests and they have become final, including decisions or appeals.

A person or party who wishes to protest a survey must file a notice that they wish to protest with the Chief, Branch of Cadastral Survey, at the address listed in the **ADDRESSES** section. A statement of reasons for a protest may be filed with the notice of protest and must be filed within 30 calendar days after the protest is filed. If a protest against the survey is received prior to the date of official filing, the filing will be stayed pending consideration of the protest. A plat will not be officially filed until the day after all protests have been dismissed or otherwise resolved.

Before including your address, phone number, email address, or other personal identifying information in your protest, please be aware that your entire protest—including your personal identifying information—may be made publicly available at any time. While you can ask us to withhold your

personal identifying information from public review, we cannot guarantee that we will be able to do so.

Authority: 43 U.S.C. Chap. 3.

Joshua F. Alexander,

Chief, Branch of Cadastral Survey, Division of Energy, Minerals and Realty.

BILLING CODE 4310-DN-P

DEPARTMENT OF THE INTERIOR

Bureau of Ocean Energy Management

Use of Outer Continental Shelf Sand Resources in the Martin County Hurricane and Storm Damage Reduction Project, Hutchinson Island, Martin County, Florida

MMAA104000

AGENCY: Bureau of Ocean Energy Management, Interior.

ACTION: Notice of availability of the Record of Decision.

SUMMARY: The Bureau of Ocean Energy Management (BOEM) is announcing the availability of the Record of Decision (ROD) that documents BOEM's decision to authorize the use of Outer Continental Shelf (OCS) sand resources by the U.S. Army Corps of Engineers (USACE) Jacksonville District in the Martin County Hurricane and Storm Damage Reduction (HSDR) Project, Hutchinson Island, Martin County, Florida. BOEM will enter into a negotiated agreement with the USACE and Martin County and make available OCS sand for use in the Martin County HSDR project.

ADDRESSES: The ROD is available at BOEM's Web site at <https://www.boem.gov/Florida-Projects/>.

FOR FURTHER INFORMATION CONTACT: Jill Lewandowski, Bureau of Ocean Energy Management, Chief, Division of Environmental Assessment, Office of Environmental Programs, 45600 Woodland Road, VAM OEP, Sterling, VA 20166, (703) 787-1703; jill.lewandowski@boem.gov.

SUPPLEMENTARY INFORMATION: The environmental impacts of dredging and the placement of OCS sand along the Martin County shoreline have been evaluated in several National Environmental Policy Act (NEPA) documents. The most recent Supplemental Environmental Impact Statement (SEIS) was prepared in 2011 by the USACE with BOEM as a cooperating agency. The SEIS tiered directly from the USACE 1986 Feasibility Report and Final EIS and 1994 General Design Memorandum and

Environmental Assessment. These previous NEPA documents evaluated a suite of structural and non-structural alternatives to address HSDR needs in Martin County, Florida. In its February 2012 ROD, the Corps selected its preferred alternative to construct the Martin County HSDR Project, including use of OCS sand from the C1-B borrow area for the remaining life of the Federal project through 2046. A ROD was signed by BOEM in March 2012 for use of 1,000,000 cubic yards (CY) of OCS sand resources from C1-B to support nourishment of the Martin County project in 2012. In accordance with 40 CFR 1502.9 and 43 CFR 46.120, BOEM has reviewed all existing NEPA documents and independently determined that existing environmental analyses adequately assess impacts of the proposed action. There are no changes to the proposed action, no new circumstances, and no new information that would result in significantly different environmental effects and warrant supplementation of the existing SEIS. The 2011 SEIS adequately assessed the physical, biological, and social/human impacts of the proposed project and considered a range of alternatives, including a no-action alternative.

The USACE Jacksonville District and Martin County Board of Commissioners (non-federal sponsor) have since requested that BOEM authorize the use of up to 1,000,000 CY of additional OCS sand resources from C1-B to support nourishment of the Martin County HSDR project. The project proponents propose to nourish a 4-mile stretch of Hutchinson Island, Florida, creating a sea-turtle friendly beach template using sand from shoal C1-B. BOEM and the USACE will enter into a negotiated agreement authorizing the use of up to 1,000,000 CY of OCS sand from the C1-B borrow area. This decision is for the authorization of the proposed use of OCS sand for the Martin County HSDR Project in 2017 and may also apply to future use of OCS sand resources if BOEM determines the existing NEPA analysis is still adequate and supplementation is not warranted. Under the OCS Lands Act (43 U.S.C. 1337(k)(2)), BOEM can convey, on a noncompetitive basis, the rights to use OCS sand, gravel, or shell resources for use in a program for shore protection, beach restoration, or coastal wetland restoration undertaken by a Federal, state, or local government agency (43 U.S.C. 1337(k)(2)).

The ROD discloses BOEM's decision, articulates the basis for the decision, summarizes the alternatives considered by BOEM, and identifies the
