Forest Service

Title: Significant Cave Nomination.

OMB Control Number: 0596–NEW.

Summary of Collection: The Federal Cave Resources Protection Act (FCRPA) [Pub. L. 100–691, 107 Stat. 4546] requires the Secretaries of Agriculture and Interior to identify and protect significant caves on Federal lands within their respective jurisdictions. The information covered in this collection applies to caves on Federal lands administered by the Forest Service. The FCRPA does not define what constitutes a “significant” cave, but it does require the Secretaries, in cooperation and consultation with each other, to issue regulations that define criteria for identification of significant caves found at (16 U.S.C. 4303(a)).

Need and Use of the Information: In accordance with FCRPA, the FS collects information from appropriate private sector interests, including “cavers,” to update a list of significant caves under USDA’s jurisdiction. FS will use form FS–2800–0023 “Significant Cave Nomination Worksheet” to collect name, address, telephone number of individual or organization submitting the nomination and the individual who is knowledgeable about the resources in the cave; name and location of the cave, a discussion of how the cave meets the criteria, studies, maps, research papers and other supporting documentation. If this information is not collected FS might not become aware of potentially significant caves’ existence or have insufficient information upon which to base a judgment as to their significance.

DEPARTMENT OF AGRICULTURE

Submission for OMB Review; Comment Request

July 17, 2017.

The Department of Agriculture has submitted the following information collection requirement(s) to OMB for review and clearance under the

Paperwork Reduction Act of 1995, Public Law 104–13. Comments are requested regarding (1) whether the collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; (2) the accuracy of the agency’s estimate of burden including the validity of the methodology and assumptions used; (3) ways to enhance the quality, utility and clarity of the information to be collected; and (4) ways to minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.

Comments regarding this information collection received by August 21, 2017 will be considered. Written comments should be addressed to: Desk Officer for Agriculture, Office of Information and Regulatory Affairs, Office of Management and Budget (OMB), New Executive Office Building, 725 17th Street NW., Washington, DC 20502. Commenters are encouraged to submit their comments to OMB via email to: OIRA_Submission@OMB.EOP.GOV or fax (202) 395–5806 and to Departmental Clearance Office, USDA, OCIO, Mail Stop 7602, Washington, DC 20250–7602. Copies of the submission(s) may be obtained by calling (202) 720–8958.

An agency may not conduct or sponsor a collection of information unless the collection of information displays a currently valid OMB control number and the agency informs potential persons who are to respond to the collection of information that such persons are not required to respond to the collection of information unless it displays a currently valid OMB control number.

Animal Plant and Health Inspection Service

Title: Environmental Monitoring Form.

OMB Control Number: 0579–0117.

Summary of Collection: The mission of the Animal and Plant Health Inspection Service (APHIS) is to provide leadership in ensuring the health and care of animals and plants, to improve the agricultural productivity and competitiveness, and to contribute to the national economy and the public health. The National Environmental Policy Act (NEPA), 42 U.S.C. 4321 ET seq, and the regulations of the Council on Environmental Quality that implements the procedural aspects of NEPA (40 CFR 1500–1508). APHIS’ regulations require APHIS to implement

environmental monitoring for certain activities conducted for pest and disease, control and eradication programs. APHIS Form 2060, Environmental Monitoring Form, will be used to collect information concerning the effects of pesticide used in sensitive habitats.

Need and Use of the Information: APHIS will collect information on the number of collected samples, description of the samples, the environmental conditions at the collection site including wind speed and direction, temperature, and topography. The supporting information contained on the APHIS form 2060 is vital for interpreting the laboratory tests APHIS conducts on its collected samples. If a sample was not accompanied by this form, APHIS would have no way of knowing from which site the sample was taken. Failure to collect this information would prevent APHIS from actively monitoring the effects of pesticides in areas where the inappropriate use of these chemicals could eventually produce disastrous results for vulnerable habitats and species.

Description of Respondents: State, Local or Tribal Government; Business or other for-profit.

Number of Respondents: 110.

Frequency of Responses: Reporting: On occasion.

Total Burden Hours: 1,100.

Title: Servicing of Water Programs Loans and Grants.

OMB Control Number: 0572–0137.

Type of Request: Extension of a currently approved information collection.

Abstract: The Rural Utilities Service (RUS) Water and Environmental Programs (WEP) provide financing and technical assistance for development and operation of safe and affordable water supply systems and sewage and other waste disposal facilities. WEP provides loans, guaranteed loans and grants for water, sewer, storm water, and solid waste disposal facilities in rural areas and towns of up to 10,000 people. The recipients of the assistance covered by 7 CFR part 1782 must be public entities. These public entities can include municipalities, counties, special purpose districts, federally designated Indian tribes, and corporations not

operated for profit, including cooperatives. The information, for the most part financial in nature, is needed by the Agency to determine if borrowers, based on their individual situations, qualify for the various servicing options.

Estimate of Burden: Public reporting for this collection of information is estimated to average 1.22 hours per response.

Respondents: Business or other for profit and non-profit institutions, and state and local governments.

Estimated Number of Respondents: 493.

Estimated Number of Responses per Respondent: 1.

Estimated Total Annual Burden on Respondents: 641 hours.

Copies of this information collection can be obtained from Thomas P. Dickson, Program Development and Regulatory Analysis, at (202) 690–4492. Email: thomas.dickson@wdc.usda.gov.

All responses to this notice will be summarized and included in the request for OMB approval. All comments will also become a matter of public record.

Dated: July 13, 2017.

Title: Electric System Emergency Restoration Plan.

OMB Control Number: 0572–0140.

Type of Request: Revision of a currently approved collection.

Abstract: USDA Rural Development administers rural utilities programs through the Rural Utilities Service (Agency). The Agency manages loan programs in accordance with the Rural Electrification Act (RE Act) of 1936, 7 U.S.C. 901 *et seq.*, as amended. One of the Agency's main objectives is to safeguard loan security. An important part of safeguarding loan security is to make sure Agency financed facilities are utilized responsibly, adequately operated and adequately maintained. Accordingly, RUS borrowers have a duty to RUS to maintain their respective systems. In performing this duty, borrowers further the purposes of the RE Act while also preserving the value of electric systems to serve as collateral for repayment of RUS assistance.

A substantial portion of the electric infrastructure of the United States resides in rural America and is maintained by rural Americans. RUS is uniquely coupled with the electric infrastructure of rural America and its electric borrowers serving rural
