Federal Energy Regulatory Commission

[Docket Nos. CP17–470–000; PF15–25–000]

Freeport LNG Development, L.P.; FLNG Liquefaction 4, LLC; Notice of Applications

Take notice that, on June 29, 2017, Freeport LNG Development, L.P. and FLNG Liquefaction 4, LLC, (Freeport LNG) 333 Clay Street, Suite 5050, Houston, TX 77002, filed an application seeking authorization pursuant to section 3(a) of the Natural Gas Act, and parts 153 and 380 of the regulations of the Federal Energy Regulatory Commission (FERC or Commission), to site, construct, and operate additional natural gas liquefaction facilities at Freeport LNG Development, L.P.’s existing Quintana Island Terminal in Brazoria County, Texas, as well as associated pretreatment and pipeline facilities, for the purpose of liquefying domestic natural gas for export to foreign countries.

Any questions regarding the application should be directed to: John Tobola, Freeport LNG Development, L.P., 333 Clay Street, Suite 5050, Houston, TX 77002, (713) 980–2888, JTobola@freeporing.com; or Lisa M. Tonery, Partner, Orrick, Herrington & Sutcliffe LLP, 51 West 52nd Street, New York, NY 10019–6142, (212) 506–3710, ltonery@orrick.com.

This filing is available for review at the Commission’s Web site at http://www.ferc.gov using the “e-Library” link. Enter the docket number, excluding the last three digits, in the docket number field to access the document. For assistance, please contact FERC Online Support at FERCOnlineSupport@ferc.gov, or call toll-free at (866) 208–3676, or for TTY, contact (202) 502–8659.

On June 3, 2015, FERC granted Freeport LNG’s request to initiate the pre-filing review process for the Train 4 Project. During the pre-filing process, Freeport LNG participated in meetings with local, state, and federal officials, as well as individual and agency stakeholders, to identify and resolve issues of potential concern at an early juncture. On August 19, 2015, FERC issued a Notice of Intent to prepare an Environmental Assessment for the Project and Request for Comments. Now, as of the filing of the application on June 29, 2017, the pre-filing process for this project has ended. From this time forward, Freeport LNG’s proceeding will be conducted in Docket No. CP17–470–000, as noted in the caption of this Notice.

There are two ways to become involved in the Commission’s review of this Project. First, any person wishing to obtain legal status by becoming a party to the proceeding for this project should file with the Federal Energy Regulatory Commission, 888 First Street NE., Washington, DC 20426, a motion to intervene in accordance with the requirements of the Commission’s Rules of Practice and Procedure, 18 CFR 385.214, 385.211 (2016), by the comment date below. A person obtaining party status will be placed on the service list maintained by the Secretary of the Commission, and will receive copies of all documents filed by the applicant and by all other parties. A party must submit filings made with the Commission by mail, hand delivery, or internet, in accordance with Rule 2001 of the Commission’s Rules of Practice and Procedure, id. 385.2001. A copy must be served on every other party in the proceeding. Only parties to the proceeding can ask for court review of Commission orders in the proceeding.

However, a person does not have to intervene to have comments considered. The second way to participate is by filing with the Secretary of the Commission, as soon as possible, an original and two copies of comments in support of or in opposition to this project. The Commission will consider these comments in determining the appropriate action to be taken, but the filing of a comment alone will not serve to make the filer a party to the proceeding. The Commission’s rules require that persons filing comments in opposition to the project provide copies of their protests only to the party or parties directly involved in the protest.

Protests and interventions may be filed electronically via the Internet in lieu of paper; see 18 CFR 385.2001(a)(1)(iii) and the instructions on the Commission’s Web site under the e-filing link. The Commission strongly encourages electronic filings.

If the Commission decides to set the application for a formal hearing before an Administrative Law Judge, the Commission will issue another notice describing that process. At the end of the Commission’s review process, a final Commission order approving or denying the requested authorization will be issued.

Comment Date: 5:00 p.m. Eastern Daylight Savings Time August 4, 2017.

[Project No. 1494–441]

Grand River Dam Authority: Notice of Application for Temporary Variance and Soliciting Comments, Motions To Intervene, and Protests

Take notice that the following hydroelectric application has been filed with the Commission and is available for public inspection:

a. Application Type: Temporary variance from the Article 401 reservoir elevation rule curve in order to keep reservoir levels in the Grand Lake ‘O’ the Cherokees (Grand Lake) higher than normal for the period of August 16, 2017 through October 31, 2017.

b. Project No.: 1494–441.

c. Date Filed: July 11, 2017.

d. Applicant: Grand River Dam Authority (GRDA).

e. Name of Project: Pensacola Hydroelectric Project.

f. Location: The project is located on the Grand River in Craig, Delaware, Mayes, and Ottawa Counties, Oklahoma.

g. Filed Pursuant to: Federal Power Act, 16 U.S.C. 791(a)–825(r).

h. Applicant Contact: Daniel S. Sullivan, Chief Executive Officer, Grand River Dam Authority, P.O. Box. 409, Vinita, OK 74301; telephone: (918) 256–5545.

i. FERC Contact: B. Peter Yarrington, telephone (202) 502–6129, email peter.yarrington@ferc.gov or Jeremy Jessup, telephone (202) 502–6779, email jeremy.jessup@ferc.gov.

j. Deadline for filing comments, motions to intervene, and protests is 15 days from the issuance date of this notice by the Commission.

All documents may be filed electronically via the Internet. See 18 CFR 385.2001(a)(1)(iii) and the instructions on the Commission’s Web site at http://www.ferc.gov/docs-filing/eFiling.asp. Commenters can submit brief comments up to 6,000 characters, without prior registration, using the eComment system at http://www.ferc.gov/docs-filing/eComment.asp. You must include your name and contact information at the end of your comments. For assistance, please contact FERC Online Support at FERCOnlineSupport@ferc.gov or toll-free at (866) 208–3676, or for TTY, contact (202) 502–8659.

Dated: July 14, 2017.

Kimberly D. Bose,
Secretary.

[PR Doc. 2017–15245 Filed 7–19–17; 8:45 am]
free at 1–866–208–3676, or for TTY, (202) 502–8659. Although the Commission strongly encourages electronic filing, documents may also be paper-filed. To paper-file, mail a copy to: Kimberly D. Bose, Secretary, Federal Energy Regulatory Commission, 888 First Street NE., Washington, DC 20426. Please include the project number (P–1494–441) on any comments or motions filed.

k. Description of Request: GRDA requests a temporary variance to deviate from the Article 401 reservoir elevation rule curve during the period of August 16, 2017 through October 31, 2017. GRDA says the requested variance would protect safety and property by reducing the risk of vessel groundings in late summer, improve recreation during a peak recreation season, and provide additional water storage to assist in making releases for maintenance of dissolved oxygen concentrations downstream.

This temporary variance request is separate from the application GRDA filed May 6, 2016, which proposes a permanent amendment of the project’s Article 401 rule curve requirements. The May 6, 2016 permanent amendment application is currently under Commission review.

Under GRDA’s proposed temporary variance, between August 16 and September 15, 2017, GRDA would maintain the reservoir at elevation 743 feet Pensacola Datum (PD), which is up to two feet higher than the current rule curve. Between September 16 and September 30, the elevation would be lowered from 743 to 742 feet PD, which up to two feet higher than the current rule curve. Between October 1 and October 31, the reservoir would then be maintained at elevation 742 feet PD, which is up to one foot higher than the current rule curve. After October 31, reservoir elevations would follow the current rule curve.

As part of its application, GRDA includes a Storm Adaptive Management Plan that would be followed to address high water conditions upstream and downstream of Grand Lake during major precipitation events in the river basin. GRDA also includes a Drought Adaptive Management Plan that would be followed to determine project operation, including deviations from the rule curve elevations, to allow releases for maintenance of downstream water quality and reliable operation of GRDA’s downstream Salina Pumped Storage Project if certain drought conditions occur.

l. Locations of the Application: A copy of the application is available for inspection and reproduction at the Commission’s Public Reference Room, located at 888 First Street NE., Room 2A, Washington, DC 20426, or by calling (202) 502–8371. This filing may also be viewed on the Commission’s Web site at http://www.ferc.gov/docs-filing/elibrary.asp. Enter the docket number excluding the last three digits in the docket number field to access the document. A copy is also available for inspection and reproduction at the address in item (h) above.

You may also register online at http://www.ferc.gov/docs-filing/esubscription.asp to be notified via email of new filings and issuances related to this or other pending projects. For assistance, contact FERC Online Support.

m. Individuals desiring to be included on the Commission’s mailing list should so indicate by writing to the Secretary of the Commission.

n. Comments, Protests, or Motions to Intervene: Anyone may submit comments, a protest, or a motion to intervene in accordance with the requirements of Rules of Practice and Procedure, 18 CFR 385.210, .211, .214. In determining the appropriate action to take, the Commission will consider all protests or other comments filed, but only those who file a motion to intervene in accordance with the Commission’s Rules may become a party to the proceeding. Any comments, protests, or motions to intervene must be received on or before the specified comment date for the particular application.

o. Filing and Service of Responsive Documents: All filings must (1) bear in all capital letters the title COMMENTS, PROTEST, or MOTION TO INTERVENE as applicable; (2) set forth in the heading the name of the applicant and the project number of the application to which the filing responds; (3) furnish the name, address, and telephone number of the person protesting or intervening; and (4) otherwise comply with the requirements of 18 CFR 385.2001 through 385.2005. All comments, motions to intervene, or protests must set forth their evidentiary basis and otherwise comply with the requirements of 18 CFR 4.34(b). All comments, motions to intervene, or protests should relate to project works which are the subject of the amendment application. Agencies may obtain copies of the application directly from the applicant. A copy of any protest or motion to intervene must be served upon each representative of the applicant specified in the particular application. If an intervenor files comments or documents with the Commission relating to the merits of an issue that may affect the responsibilities of a particular resource agency, they must also serve a copy of the document on that resource agency. A copy of all other filings in reference to this application must be accompanied by proof of service on all persons listed in the service list prepared by the Commission in this proceeding, in accordance with 18 CFR 4.34(b) and 385.2010.

Dated: July 13, 2017.
Kimberly D. Bose,
Secretary.

FEDERAL DEPOSIT INSURANCE CORPORATION

Sunshine Act Meeting

Pursuant to the provisions of the “Government in the Sunshine Act” (5 U.S.C. 552b), notice is hereby given that at 10:19 a.m. on Tuesday, July 18, 2017, the Board of Directors of the Federal Deposit Insurance Corporation met in closed session to consider matters related to the Corporation’s supervision, corporate, and resolution activities.

In calling the meeting, the Board determined, on motion of Vice Chairman Thomas M. Hoenig, seconded by Director Keith A. Noreika (Acting Comptroller of the Currency), concurred in by Director Richard Cordray (Director, Consumer Financial Protection Bureau), and Chairman Martin J. Gruenberg, that Corporation business required its consideration of the matters which were to be the subject of this meeting on less than seven days’ notice to the public; that no earlier notice of the meeting was practicable; that the public interest did not require consideration of the matters in a meeting open to public observation; and that the matters could be considered in a closed meeting by authority of subsections (c)(2), (c)(4), (c)(6), (c)(8), (c)(9)(A)(ii), and (c)(9)(B) of the “Government in the Sunshine Act” (5 U.S.C. 552b(c)(2), (c)(4), (c)(6), (c)(8), (c)(9)(A)(ii), and (c)(9)(B).

Dated: July 18, 2017.
Federal Deposit Insurance Corporation.
Robert E. Feldman,
Executive Secretary.
