B. Submitting Comments.

The NRC cautions you not to include identifying or contact information in comment submissions that you do not want to be publicly disclosed in your comment submission. All comment submissions are posted at <http://www.regulations.gov> and entered into ADAMS. Comment submissions are not routinely edited to remove identifying or contact information.

If you are requesting or aggregating comments from other persons for submission to the OMB, then you should inform those persons not to include identifying or contact information that they do not want to be publicly disclosed in their comment submission. Your request should state that comment submissions are not routinely edited to remove such information before making the comment submissions available to the public or entering the comment into ADAMS.

II. Background

Under the provisions of the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35), the NRC recently submitted a request for renewal of an existing collection of information to OMB for review entitled, "Information Collection: Safeguards on Nuclear Material—Implementation of United States/International Atomic Energy Agency Agreement." The NRC hereby informs potential respondents that an agency may not conduct or sponsor, and that a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.

The NRC published a **Federal Register** notice with a 60-day comment period on this information collection on April 6, 2017 (82 FR 16862).

1. *The title of the information collection*: 10 CFR part 75, "Information Collection: Safeguards on Nuclear Material—Implementation of United States/International Atomic Energy Agency Agreement".

2. *OMB approval number*: 3150-0055.

3. *Type of submission*: Extension.

4. *The form number if applicable*: Not applicable.

5. *How often the collection is required or requested*: Selected licensees are required to provide reports of nuclear material inventory and flow for selected facilities under the US/IAEA Safeguards Agreement, permit inspections by International Atomic Energy Agency Agreement (IAEA) inspectors, complementary access of IAEA inspectors under the Additional Protocol, give immediate notice to the NRC in specified situations involving the possibility of loss of nuclear material, and give notice for imports and exports of specified amounts of nuclear material. Reporting is done when specified events occur. Recordkeeping for nuclear material accounting and control information is done in accordance with specific instructions.

6. *Who will be required or asked to respond*: Licensees of facilities on the U.S. eligible list who have been selected by the IAEA for reporting or recordkeeping activities.

7. *The estimated number of annual responses*: 7 (2 reporting responses + 5 recordkeepers).

8. *The estimated number of annual respondents*: 5.

9. *An estimate of the total number of hours needed annually to comply with the information collection requirement or request*: 3,960.

10. *Abstract*: Part 75 of Title 10 of the *Code of Federal Regulations*, requires selected licensees to provide reports of nuclear material inventory and flow for selected facilities under the US/IAEA Safeguards Agreement, permit inspections by IAEA inspectors, complementary access of IAEA inspectors under the Additional Protocol, give immediate notice to the NRC in specified situations involving the possibility of loss of nuclear material, and give notice for imports and exports of specified amounts of nuclear material. Licensees will also follow written material accounting and control procedures, although actual reporting of transfer and material balance records to the IAEA will be done through the U.S. State system of accounting for and control of nuclear material (Nuclear Materials Management and Safeguards System, collected under OMB clearance

numbers 3150-0003, 3150-0004, 3150-0057, and 3150-0058. The NRC needs this information to implement its responsibilities under the US/IAEA agreement. The NRC is not submitting the information collections associated with the modified Small Quantities Protocol to OMB at this time. A separate 30-day notice will be published prior to submitting the information collections associated with the final rule.

Dated at Rockville, Maryland, this 19th day of July 2017.

For the U.S. Nuclear Regulatory Commission.

David Cullison,

Clearance Officer, U.S. Nuclear Regulatory Commission, Office of the Chief Information Officer.
