

requires the contractor to submit information on the total and itemized costs of the guarantee period services and to submit a performance plan/program. The information is needed to allow the contracting officer to determine the correct amount to pay the contractor as work progresses and to properly proportion the amount paid for guarantee period services. The information is used by the contracting officer to determine the correct amount to pay the contractor; (6) VAAR clause 852.236–83, Payments under Fixed-Price Construction Contracts (including NAS–CPM), with its Alternate I, requires construction contractors to submit a schedule of costs for work to be performed under the contract. In addition, if the contract includes guarantee period services, Alternate I, requires the contractor to submit information on the total and itemized costs of the guarantee period services and to submit a performance plan/program. The information is needed to allow the contracting officer to determine the correct amount to pay the contractor as work progresses and to properly proportion the amount paid for guarantee period services. The contracting officer uses the information to determine the correct amount to pay the contractor. The difference between this clause and the one above, 852.236–83, is that this clause requires the contractor to use a computerized Network Analysis System (NAS) to prepare the cost estimate. The Information is necessary for the Department of Veterans Affairs to administer construction contracts and to carry out its responsibility to construct, maintain, and repair real property for the department.

Title: Department of Veterans Affairs Acquisition Regulation (VAAR) Clause 852.236–89, Buy American Act.

OMB Control Number: 2900–0622.

Type of Review: Extension of a currently approved collection.

Abstract: The Buy American Act requires that only domestic construction material shall be used to perform domestic Federal contracts for construction, with certain exceptions. VA policy is to not accept foreign construction material. However, if a bidder chooses to submit a bid that includes foreign material, VA will consider such bids if the material is specifically identified and the price of the material is provided. VAAR clause 852.236–89, Buy American Act, advises

bidders of these provisions and requires bidders who want to offer foreign construction material to list the material and its price. Bidders who do not intend to offer foreign material do not need to submit any information under this clause. The information is required to allow VA to make an informed decision as to whether or not to accept a bid that includes foreign construction material. In actual practice, very few bidders ever offer foreign materials and, when they do, very few of those offers are accepted.

Affected Public: Business or other for-profit and not-for-profit institutions.

Estimated Annual Burden:

a. VAAR clause 852.236–89, Buy American Act—22 hours.

Estimated Average Burden per Respondent:

a. VAAR clause 852.236–89—30 minutes.

Frequency of Response: On occasion.

Estimated Number of Respondents: 43.

By direction of the Secretary.
