I. Funding Opportunity Description

Statutory Authority

The Indian Health Service (IHS), Office of Clinical and Preventive Services (OCPS), Division of Behavioral Health (DBH) is accepting applications for a three-year funding cycle, to continue the planning, development, and implementation of the Domestic Violence Prevention Initiative (DVPI). This program was first established by the Omnibus Appropriations Act of 2009, Public Law 111–8, 123 Stat. 524, 735, and continued in the annual appropriations acts since that time. This program is authorized under the authority of 25 U.S.C. 13, the Snyder Act, and the Indian Health Care Improvement Act, 25 U.S.C. 1601–1683. This program is described in the Catalog of Federal Domestic Assistance under 93.933.

Background

The DBH serves as the primary source of national advocacy, policy development, management and administration of behavioral health, alcohol and substance abuse, and family violence prevention programs. In 2015, DBH funded 57 Tribes, Tribal organizations, Urban Indian Organization (UIOs), and IHS federal facilities that participate in a nationally coordinated project to expand outreach and increase awareness of domestic and sexual violence and provide victim advocacy, intervention, case coordination, policy development, community response teams, and community and school education programs. The DVPI promotes the development of evidence-based and practice-based models that represent culturally appropriate prevention and treatment approaches to domestic and sexual violence from a community-driven context.

Purpose

The primary purpose of this grant program is to accomplish the DVPI goals listed below:

1. Build Tribal, UIO, and Federal capacity to provide coordinated community responses to American Indian/Alaska Native (AI/AN) victims of domestic and sexual violence.
2. Increase access to domestic and sexual violence prevention, advocacy, crisis intervention, and behavioral health services for AI/AN victims and their families.
3. Promote trauma-informed services for AI/AN victims of domestic and sexual violence and their families.
4. Offer health care provider and community education on domestic and sexual violence.
5. Respond to the health care needs of AI/AN victims of domestic and sexual violence.
6. Incorporate culturally appropriate practices and/or faith-based services for AI/AN victims of domestic and sexual violence.

To accomplish the DVPI goals, IHS invites applicants to address one of the Purpose Areas below:

- **Purpose Area 1: Domestic and Sexual Violence Prevention, Advocacy, and Coordinated Community Responses**
- **Purpose Area 2: Provide Forensic Health Care Services**

Evidence-Based Practices, Practice-Based Evidence, Promising Practices, and Local Efforts

IHS strongly emphasizes the use of data and evidence in policymaking and program development and implementation. Applicants under each Purpose Area must identify one or more evidence-based practice, practice-based evidence, best or promising practice, and/or local effort they plan to implement in the Project Narrative section of their application. The DVPI program Web site (https://www.ihs.gov/dvpi/bestpractices/) is one resource that applicants may use to find information to build on the foundation of prior domestic and sexual violence prevention and treatment efforts, in order to support the IHS, Tribes, Tribal organizations, and UIOs in developing and implementing Tribal and/or culturally appropriate domestic and sexual violence prevention and early intervention strategies.

Purpose Areas

- **Purpose Area 1: Domestic and Sexual Violence Prevention, Advocacy, and Coordinated Community Responses.** IHS is seeking applicants to address the following broad objectives:

Tribal Resolution

An Indian Tribe or Tribal organization that is proposing a project affecting another Indian Tribe must include resolutions from all affected Tribes to be served. Applications by Tribal organizations will not require a specific Tribal resolution if the current Tribal resolution(s) under which they operate would encompass the proposed grant activities.

An official signed Tribal resolution must be received by the DGM prior to a Notice of Award (NoA) being issued to any applicant selected for funding. However, if an official signed Tribal resolution cannot be submitted with the electronic application submission prior to the official application deadline date, a draft Tribal resolution must be submitted by the deadline in order for the application to be considered complete and eligible for review. The draft Tribal resolution is not in lieu of the required signed resolution, but is acceptable until a signed resolution is received. If an official signed Tribal resolution is not received by DGM when funding decisions are made, then a NoA will not be issued to that applicant and they will not receive any IHS funds until such time as they have submitted a signed resolution to the Grants Management Specialist listed in this Funding Announcement.

Proof of Non-Profit Status

Dun and Bradstreet (D&B) Data Universal Numbering System (DUNS)

All IHS applicants and grantee organizations are required to obtain a DUNS number and maintain an active registration in the SAM database. The DUNS number is a unique 9-digit identification number provided by D&B which uniquely identifies each entity. The DUNS number is site specific; therefore, each distinct performance site may be assigned a DUNS number. Obtaining a DUNS number is easy, and there is no charge. To obtain a DUNS number, you may access it through http://fedgov.dnb.com/webform, or to expedite the process, call (866) 705–5711.

All HHS recipients are required by the Federal Funding Accountability and Transparency Act of 2006, as amended ("Transparency Act"), to report information on sub-awards. Accordingly, all IHS grantees must notify potential first-tier sub-recipients that no entity may receive a first-tier sub-award unless the entity has provided its DUNS number to the prime grantee organization. This requirement ensures the use of a universal identifier to enhance the quality of information available to the public pursuant to the Transparency Act.

System for Award Management (SAM)

Organizations that were not registered with Central Contractor Registration and have not registered with SAM will need to obtain a DUNS number first and then access the SAM online registration through the SAM home page at https://www.sam.gov (U.S. organizations will also need to provide an Employer Identification Number from the Internal Revenue Service that may take an additional 2–5 weeks to become active). Completing and submitting the registration takes approximately one hour to complete and SAM registration will take 3–5 business days to process. Registration with the SAM is free of charge. Applicants may register online at https://www.sam.gov.

Additional information on implementing the Transparency Act, including the specific requirements for DUNS and SAM, can be found on the IHS Grants Management, Grants Policy Web site: http://www.ihs.gov/dgm/policytopics/.

V. Application Review Information

The instructions for preparing the application narrative also constitute the evaluation criteria for reviewing and scoring the application. Weights assigned to each section are noted in parentheses. The 10 page narrative should include only the first year of activities; information for multi-year projects should be included as an appendix. The narrative section should be written in a manner that is clear to outside reviewers unfamiliar with prior related activities of the applicant. It should be well-organized, succinct, and contain all information necessary for reviewers to understand the project fully. Points will be assigned to each evaluation criteria adding up to a total of 100 points. A minimum score of 65 points is required for funding. Points are assigned as follows:

1. Evaluation Criteria

Applications will be reviewed and scored according to the quality of responses to the required application components in Sections A–E outlined below. In developing the required sections of this application, use the instructions provided for each section, which have been tailored to this program. The application must use the five sections (Sections A–E) listed below in developing the application. The applicant must place the required information in the correct section or it will not be considered for review. The application will be scored according to how well the applicant addresses the requirements for each section listed below. The number of points after each section heading is the maximum number of points the review committee may assign to that section. Although scoring weights are not assigned to individual bullets, each bullet is assessed deriving the overall section score.

A. Statement of Need (History and Current Situation in Your Tribal Community) (35 Points)

The statement of need should not exceed two single-spaced pages.

Documentation of need may come from a variety of qualitative and quantitative sources. Examples of data sources for the quantitative data that could be used are local epidemiologic data (Tribal Epidemiology Centers and/or Indian Health Services Trends) state data (e.g., from state needs assessments), and/or national data (e.g., Substance Abuse and Mental Health Services Administration, National Survey on Drug Use and Health) and/or national data (e.g., National Center for Health Statistics, Centers for Disease Control reports, Department of Justice or Census data, and My Tribal Area from the U.S. Census Data).    • Curriculum Vitae.

D. Local Data Collection Plan (20 Points)

(1) Utilizing the Local Data Collection Plan (LDCP) template, applicants should describe a plan for gathering data relevant to the DVPI Purpose Area #1 or Purpose Area #2 Objectives. This includes a plan for each activity that details:
   • A data collection method, a data source, a data measurement tool, identified staff for data management, and a data collection timeline.
   • In addition, a narrative section after the template should describe how the applicant will submit the required data, how the applicant will monitor the data, and outline the applicant’s ability to ensure accurate data tracking and reporting (e.g., submission of annual progress reporting requirements).

E. Budget and Budget Narrative (10 Points)

1. Include a line item budget for all expenditures identifying reasonable and allowable costs necessary to accomplish the goals and objectives as outlined in the project narrative for Budget Year 1 only. • Additional documents to support narrative (i.e., data tables, key news articles, etc.).

2. Review and Selection

Each application will be prescreened by the DGM staff for eligibility and completeness as outlined in the funding announcement. Applications that meet the eligibility criteria shall be reviewed for merit by the ORC based on evaluation criteria in this funding announcement. The ORC could be composed of both Tribal and Federal reviewers appointed by the IHS Program.
to review and make recommendations on these applications. The technical review process ensures selection of quality projects in a national competition for limited funding. Incomplete applications and applications that are non-responsive to the eligibility criteria will not be referred to the ORC. The applicant will be notified via email of this decision by the Grants Management Officer of the DGM. Applicants will be notified by DGM, via email, to outline minor missing components (e.g., budget narratives, audit documentation, key contact form) needed for an otherwise complete application. All missing documents must be sent to DGM or before the due date listed in the email of notification of missing documents required.

To obtain a minimum score for funding by the ORC, applicants must address all program requirements and provide all required documentation.

VI. Award Administration Information

1. Award Notices

The NoA is a legally binding document signed by the Grants Management Officer and serves as the official notification of the grant award. The NoA will be initiated by the DGM in our grant system, GrantSolutions (https://www.grantsolutions.gov). Each entity that is approved for funding under this announcement will need to request or have a user account in GrantSolutions in order to retrieve their NoA. The NoA is the authorizing document for which funds are dispensed to the approved entities and reflects the amount of Federal funds awarded, the purpose of the grant, the terms and conditions of the award, the effective date of the award, and the budget/project period.

Disapproved Applicants

Applicants who received a score less than the recommended funding level for approval, 65, and were deemed to be disapproved by the ORC, will receive an Executive Summary Statement from the IHS program office within 30 days of the conclusion of the ORC outlining the strengths and weaknesses of their application. The summary statement will be sent to the Authorized Organizational Representative that is identified on the face page (SF–424) of the application. The IHS program office will also provide additional contact information as needed to address questions and concerns as well as provide technical assistance if desired.

Approved But Unfunded Applicants

Approved but unfunded applicants that met the minimum scoring range and were deemed by the ORC to be “Approved”, but were not funded due to lack of funding, will have their applications held by DGM for a period of one year. If additional funding becomes available during the course of FY 2017 the approved but unfunded application may be reconsidered by the awarding program office for possible funding. The applicant will also receive an Executive Summary Statement from the IHS program office within 30 days of the conclusion of the ORC.

Note: Any correspondence other than the official NoA signed by an IHS grants management official announcing to the project director that an award has been made to their organization is not an authorization to implement their program on behalf of IHS.

2. Administrative Requirements

Grants are administered in accordance with the following regulations and policies:

A. The criteria as outlined in this program announcement.

B. Administrative Regulations for Grants:

• Uniform Administrative Requirements for HHS Awards, located at 45 CFR part 75.

C. Grants Policy:

• HHS Grants Policy Statement, Revised 01/07.

D. Cost Principles:

• Uniform Administrative Requirements for HHS Awards, “Cost Principles,” located at 45 CFR part 75, subpart E.

E. Audit Requirements:

• Uniform Administrative Requirements for HHS Awards, “Audit Requirements,” located at 45 CFR part 75, subpart F.

3. Indirect Costs

This section applies to all grant recipients that request reimbursement of indirect costs (IDC) in their grant application. In accordance with HHS Grants Policy Statement, Part II–27, IHS requires applicants to obtain a current IDC rate agreement prior to award. The rate agreement must be prepared in accordance with the applicable cost principles and guidance as provided by the cognizant agency or office. A current rate covers the applicable grant activities under the current award’s budget period. If the current rate is not on file with the DGM at the time of award, the IDC portion of the budget will be restricted. The restrictions remain in place until the current rate is provided to the DGM.

Generally, IDC rates for IHS grantees are negotiated with the Division of Cost Allocation (DCA) https://rates.psc.gov/ and the Department of Interior (Interior Business Center) https://www.doi.gov/ibc/services/finance/indirect-Cost-Services/indian-tribes. For questions regarding the indirect cost policy, please call the Grants Management Specialist listed under “Agency Contacts” or the main DGM office at (301) 443–5204.

4. Reporting Requirements

The grantee must submit required reports consistent with the applicable deadlines. Failure to submit required reports within the time allowed may result in suspension or termination of an active grant, withholding of additional awards for the project, or other enforcement actions such as withholding of payments or converting to the reimbursement method of payment. Continued failure to submit required reports may result in one or both of the following: (1) The imposition of special award provisions; and (2) the non-funding or non-award of other eligible projects or activities. This requirement applies whether the delinquency is attributable to the failure of the grantee organization or the individual responsible for preparation of the reports. Per DGM policy, all reports are required to be submitted electronically by attaching them as a “Grant Note” in GrantSolutions. Personnel responsible for submitting reports will be required to obtain a login and password for GrantSolutions. Please see the Agency Contacts list in section VII for the systems contact information. The reporting requirements for this program are noted below.

A. Progress Reports

Program progress reports are required to be submitted annually, within 30 days after the annual budget period ends. Progress reports will include an online submission of standard questions that will be provided to each grantee. Additional information for reporting and associated requirements will be included in the “Programmatic Terms and Conditions” in the official NoA, if funded.

A final program progress report must be submitted within 90 days of expiration of the budget/project period.

B. Financial Reports

Federal Financial Report (FFR or SF–425), Cash Transaction Reports are due 30 days after the close of every calendar quarter to the Payment Management Services, HHS at https://pms.psc.gov. It is recommended that the applicant also send a copy of the FFR (SF–425) report.
to the Grants Management Specialist. Failure to submit timely reports may cause a disruption in timely payments to the organization.

Grantees are responsible and accountable for accurate information being reported on all required reports: The Progress Reports and Federal Financial Report.

C. Federal Sub-Award Reporting System (FSRS)

This award may be subject to the Transparency Act sub-award and executive compensation reporting requirements of 2 CFR part 170.

The Transparency Act requires the OMB to establish a single searchable database, accessible to the public, with information on financial assistance awards made by Federal agencies. The Transparency Act also includes a requirement for recipients of Federal grants to report information about first-tier sub-awards and executive compensation under Federal assistance awards.

IHS has implemented a Term of Award into all IHS Standard Terms and Conditions, NoAs and funding announcements regarding the FSRS reporting requirement. This IHS Term of Award is applicable to all IHS grant and cooperative agreements issued on or after October 1, 2010, with a $25,000 sub-award obligation dollar threshold met for any specific reporting period.

Additionally, all new (discretionary) IHS awards (where the project period is made up of more than one budget period) and where (1) The project period start date was October 1, 2010 or after and (2) The primary awardee will have a $25,000 sub-award obligation dollar threshold during any specific reporting period will be required to address the FSRS reporting.

For the full IHS award term implementing this requirement and additional award applicability information, visit the DGM Grants Policy Web site at: http://www.ihs.gov/dgm/policytopics/.

D. Compliance With Executive Order 13166 Implementation of Services Accessibility Provisions for All Grant Application Packages and Funding Opportunity Announcements

Recipients of federal financial assistance (FFA) from HHS must administer their programs in compliance with federal civil rights laws. This means that recipients of HHS funds must ensure equal access to their programs without regard to a person’s race, color, national origin, disability, age and, in some circumstances, sex and religion. This includes ensuring your programs are accessible to persons with limited English proficiency. HHS provides guidance to recipients of FFA on meeting their legal obligation to take reasonable steps to provide meaningful access to their programs by persons with limited English proficiency. Please see http://www.hhs.gov/civil-rights/for-individuals/special-topics/limited-english-proficiency/guidance-federal-financial-assistance-recipients-title-VI/.

The HHS Office for Civil Rights (OCR) also provides guidance on complying with civil rights laws enforced by HHS. Please see http://www.hhs.gov/civil-rights/for-individuals/section-1557/index.html and http://www.hhs.gov/civil-rights/index.html. Recipients of FFA also have specific legal obligations for serving qualified individuals with disabilities. Please see http://www.hhs.gov/civil-rights/for-individuals/disability/index.html.

Please contact the HHS OCR for more information about obligations and prohibitions under federal civil rights laws at https://www.hhs.gov/ocr/about-us/contact-us/index.html or call 1–800–368–1019 or TDD 1–800–537–7697.

Also note it is an HHS Departmental goal to ensure access to quality, culturally competent care, including long-term services and supports, for vulnerable populations. For further guidance on providing culturally and linguistically appropriate services, recipients should review the National Standards for Culturally and Linguistically Appropriate Services in Health and Health Care at https://minorityhealth.hhs.gov/omh/browse.aspx?lvl=2&lid=53.

Pursuant to 45 CFR 80.3(d), an individual shall not be deemed subjected to discrimination by reason of his/her exclusion from benefits limited by federal law to individuals eligible for benefits and services from the IHS.

Recipients will be required to sign the HHS–690 Assurance of Compliance form which can be obtained from the following Web site: http://www.ihs.gov/sites/default/files/forms/hhs-690.pdf, and send it directly to the: U.S. Department of Health and Human Services, Office of Civil Rights, 200 Independence Ave. SW., Washington, DC 20201.

F. The IHS is required to review and consider any information about the applicant that is in the Federal Awardee Performance and Integrity Information System (FAPIIS) before making any award in excess of the simplified acquisition threshold (currently $150,000) over the period of performance. An applicant may review and comment on any information about itself that a federal awarding agency previously entered. IHS will consider any comments by the applicant, in addition to other information in FAPIIS in making a judgment about the applicant’s integrity, business ethics, and record of performance under federal awards when completing the review of risk posed by applicants as described in 45 CFR 75.205.

As required by 45 CFR part 75 Appendix XII of the Uniform Guidance, non-federal entities (NFEs) are required to disclose in FAPIIS any information about criminal, civil, and administrative proceedings, and/or affirm that there is no new information to provide. This applies to NFEs that receive federal awards (currently active grants, cooperative agreements, and procurement contracts) greater than $10,000,000 for any period of time during the period of performance of an award/project.

Mandatory Disclosure Requirements

As required by 2 CFR part 200 of the Uniform Guidance, and the HHS implementing regulations at 45 CFR part 75, effective January 1, 2016, the IHS must require a non-federal entity or an applicant for a federal award to disclose, in a timely manner, in writing to the IHS or pass-through entity all violations of federal criminal law involving fraud, bribery, or gratuity violations potentially affecting the federal award.

Submission is required for all applicants and recipients, in writing, to the IHS and to the HHS Office of Inspector General all information related to violations of federal criminal law involving fraud, bribery, or gratuity violations potentially affecting the federal award. 45 CFR 75.113.

VIII. Other Information

The Public Health Service strongly encourages all cooperative agreement and contract recipients to provide a smoke-free workplace and promote the non-use of all tobacco products. In addition, Public Law 103–227, the Pro-Children Act of 1994, prohibits smoking in certain facilities (or in some cases, any portion of the facility) in which regular or routine education, library, day care, health care, or early childhood development services are provided to children. This is consistent with the HHS mission to protect and advance the physical and mental health of the American people.

RADM, Assistant Surgeon General, U.S. Public Health Service, Acting Director, Indian Health Service.

Notice of Delivery Area Designation for the Pamunkey Indian Tribe

AGENCY: Indian Health Service, HHS.

ACTION: Notice.

SUMMARY: Notice is hereby given that Indian Health Service (IHS) is establishing the geographic boundaries of the Purchased/Referred Care Delivery Area (PRCDA) (formerly Contract Health Service Delivery Area or CHSDA) for the newly recognized Pamunkey Indian Tribe. The Pamunkey Indian Tribe’s PRCDA is to be comprised of Caroline; Hanover; Henrico; King William; King and Queen; and New Kent Counties and the independent city of Richmond in the State of Virginia. The six counties and the one independent city listed are being designated administratively as the PRCDA for the Pamunkey Indian Tribe.

DATES: This notice is effective as of August 28, 2017.

ADDRESSES: This notice can be found at https://www.federalregister.gov. Written requests for information or comments submitted by postal mail or delivery should be addressed to: Evonne Barnett-Barnes, Management Analyst, Indian Health Service, 5600 Fishers Lane, Mail Stop: 09E70, Rockville, MD 20857.

FOR FURTHER INFORMATION CONTACT: Terri Schmidt, Acting Director, Office of Resource Access and Partnerships, Indian Health Service, 5600 Fishers Lane, Mail Stop: 10E85C, Rockville, MD 20857, (301) 443–2694 (This is not a toll-free number).

SUPPLEMENTARY INFORMATION: The IHS currently provides services under regulations in effect on September 15, 1987, and IHS republished at 42 CFR part 136, subparts A–C. Many of the newly recognized Tribes do not have reservations and either Congress has legislatively designated counties to serve as PRCDA or the Director, IHS, exercised reasonable administrative discretion to designate PRCDA to effectuate the intent of Congress for these Tribes. The Director, IHS, publishes a notice in the FR when there are revisions or updates to the list of PRCDA, including the PRCDA for newly recognized Tribes.

At 42 CFR 136.23, a PRCDA is defined as the geographic area within which PRC will be made available by the IHS to members of an identified Indian community who reside in the area. The regulations provide that, unless otherwise designated, a PRCDA shall consist of a county which includes all or part of a reservation and any county or counties which have a common boundary with the reservation (42 CFR 136.22(a)(6)).

Residence within a PRCDA by a person where within the scope of the Indian Health program, as set forth in 42 CFR 136.12 creates no legal entitlement to PRC but only potential eligibility for services. Services needed but not available at an IHS/Tribal facility are provided under the PRC program depending on the availability of funds, the person’s relative medical priority, and the actual availability and accessibility of alternate resources in accordance with the regulations.

In the notice published on July 08, 2015 (80 FR 39144), the Pamunkey Indian Tribe was officially recognized as an Indian Tribe within the meaning of Federal law. The purpose of this FR notice is to notify the public of the establishment of the Pamunkey Indian Tribe’s PRCDA to include Caroline; Hanover; Henrico; King William; King and Queen; and New Kent Counties and the independent city of Richmond in the State of Virginia.

Under 42 CFR 136.23 those otherwise eligible Indians who do not reside on a reservation but reside within a PRCDA must be either members of the Tribe or maintain close economic and social ties with the Tribe. In this case, the Tribe estimated the eligible user population to be 337 enrolled Pamunkey members who are actively involved with the Tribe.

The Pamunkey Indian Tribe has a state-recognized reservation in King William County, Virginia. A significant number of the Pamunkey eligible user population also reside in the counties of Caroline; Hanover; Henrico; King and Queen; and New Kent Counties and Richmond (Independent City) in the State of Virginia. These six counties and the independent city of Richmond form a contiguous area that does not overlap with any other Tribe’s PRCDA. Most of the counties listed have a common boundary with King William County, where the Tribe’s state-recognized reservation is located. Henrico County and the independent city of Richmond do not; however, IHS construes the provision set forth in 42 CFR 136.23(a)(6) to apply only to federal Indian reservations and not to state-recognized reservations. Consequently, IHS is administratively establishing the Tribe’s PRCDA in accordance with the congressional intention to provide health services “on or near,” rather than the specific provision set forth in 42 CFR 136.23(a)(6).

It is important for the Pamunkey Indian Tribe to be able to deliver health care services to Tribal members residing in these six counties and one independent city. The Tribe believes eligible Tribal members are living in each of the counties of the PRCDA, as well as the independent city of Richmond, and that these Tribal members should be eligible for PRC.
