SUPPLEMENTARY INFORMATION:

Background.—On August 3, 1995, the Department of Commerce (“Commerce”) issued an antidumping duty order on imports of certain seamless pipe from Germany (60 FR 39704). Following the first five-year reviews by Commerce and the Commission, effective July 16, 2001, Commerce issued a continuation of the antidumping duty order on imports of certain seamless pipe from Germany (66 FR 37004). Following the second five-year reviews by Commerce and the Commission, effective May 18, 2007, Commerce issued a continuation of the antidumping duty order on imports of certain seamless pipe from Germany (72 FR 28026). Following the third five-year reviews by Commerce and the Commission, effective September 14, 2012, Commerce issued a continuation of the antidumping duty order on imports of certain seamless pipe from Germany (77 FR 56809). The Commission is now conducting a fourth review pursuant to section 751(c) of the Act, as amended (19 U.S.C. 1675(c)), to determine whether revocation of the order would be likely to lead to continuation or recurrence of material injury to the domestic industry within a reasonably foreseeable time. Provisions concerning the conduct of this proceeding may be found in the Commission’s Rules of Practice and Procedure at 19 CFR parts 201, subparts A and B and 19 CFR part 207, subparts A and F. The Commission will assess the adequacy of interested party responses to this notice of institution to determine whether to conduct a full review or an expedited review. The Commission’s determination in any expedited review will be based on the facts available, which may include information provided in response to this notice.

Definitions.—The following definitions apply to this review:

(1) *Subject Merchandise* is the class or kind of merchandise that is within the scope of the five-year review, as defined by Commerce.

(2) The *Subject Country* in this review is Germany.

(3) The *Domestic Like Product* is the domestically produced product or products which are like, or in the absence of like, most similar in characteristics and uses with, the *Subject Merchandise*. In its original determination, its full first and second five-year review determinations, and its expedited third five-year review determination, the Commission found

one *Domestic Like Product* consisting of all seamless carbon and alloy steel standard, line, and pressure pipe and tubes not more than 4.5 inches in outside diameter, including redraw hollows.

(4) The *Domestic Industry* is the U.S. producers as a whole of the *Domestic Like Product*, or those producers whose collective output of the *Domestic Like Product* constitutes a major proportion of the total domestic production of the product. In its original determination, its full first and second five-year review determinations, and its expedited third five-year review determination, the Commission defined the *Domestic Industry* as all U.S. producers of seamless carbon and alloy steel standard, line, and pressure pipe and tube not more than 4.5 inches in outside diameter, including redraw hollows.

(5) An *Importer* is any person or firm engaged, either directly or through a parent company or subsidiary, in importing the *Subject Merchandise* into the United States from a foreign manufacturer or through its selling agent.

Participation in the proceeding and public service list.—Persons, including industrial users of the *Subject Merchandise* and, if the merchandise is sold at the retail level, representative consumer organizations, wishing to participate in the proceeding as parties must file an entry of appearance with the Secretary to the Commission, as provided in section 201.11(b)(4) of the Commission’s rules, no later than 21 days after publication of this notice in the **Federal Register**. The Secretary will maintain a public service list containing the names and addresses of all persons, or their representatives, who are parties to the proceeding.

Former Commission employees who are seeking to appear in Commission five-year reviews are advised that they may appear in a review even if they participated personally and substantially in the corresponding underlying original investigation or an earlier review of the same underlying investigation. The Commission’s designated agency ethics official has advised that a five-year review is not the same particular matter as the underlying original investigation, and a five-year review is not the same particular matter as an earlier review of the same underlying investigation for purposes of 18 U.S.C. 207, the post employment statute for Federal employees, and Commission rule 201.15(b) (19 CFR 201.15(b)), 79 FR 3246 (Jan. 17, 2014), 73 FR 24609 (May 5, 2008).
