

For further information on using the www.regulations.gov Web site, please consult the resources provided on the Web site by clicking on "How to Use Regulations.gov" on the bottom of the home page. We will not accept hand-delivered submissions.

The www.regulations.gov Web site allows users to submit comments by filling in a "Type Comment" field or by attaching a document using an "Upload File" field. USTR prefers that you submit comments in an attached document. If you attach a document, it is sufficient to type "See attached" in the "Type Comment" field. USTR prefers submissions in Microsoft Word (.doc) or Adobe Acrobat (.pdf). If you use an application other than those two, please indicate the name of the application in the "Type Comment" field.

For any comments submitted electronically containing business confidential information, the file name of the business confidential version should begin with the characters "BC". Any page containing business confidential information must be clearly marked "BUSINESS CONFIDENTIAL" on the top of that page. Filers of submissions containing business confidential information also must submit a public version of their comments that we will place in the docket for public inspection. The file name of the public version should begin with the character "P". The "BC" and "P" should be followed by the name of the person or entity submitting the comments. Filers submitting comments containing no business confidential information should name their file using the name of the person or entity submitting the comments.

Please do not attach separate cover letters to electronic submissions; rather, include any information that might appear in a cover letter in the comments themselves. Similarly, to the extent possible, please include any exhibits, annexes, or other attachments in the same file as the submission itself, not as separate files.

As noted, USTR strongly urges submitters to file comments through www.regulations.gov. You must make any alternative arrangements with Yvonne Jamison in advance of transmitting a comment. You can contact Ms. Jamison at (202) 395-3475. General information concerning USTR is available at www.ustr.gov.

We will post comments in the docket for public inspection, except business confidential information. You can view comments on the www.regulations.gov Web site by entering the relevant docket

number in the search field on the home page.

FRA does not anticipate scheduling a public hearing regarding KCS' PTCSP because the circumstances do not appear to warrant a hearing.
