Gulf South Pipeline Company, LP; Notice of Application

Take notice that on July 20, 2017, Gulf South Pipeline Company, LP (Gulf South), 9 Greenway Plaza, Suite 2800, Houston, Texas 77046, filed an application pursuant to section 7(c) of the Natural Gas Act (NGA) and the Federal Energy Regulatory Commission's (Commission) regulations seeking authorization to construct, operate, and maintain: (1) A new 10,000 horsepower compressor station to be named the Westlake Compressor Station; (2) approximately 0.3 miles of 16-inch diameter natural gas pipeline; (3) a new delivery meter station; and (4) a new receipt meter station on an existing Gulf South facility site. These facilities are located in Calcasieu Parish, Louisiana, as more fully described in the application which is on file with the Commission and open to public inspection. The filing may also be viewed on the Web at <http://www.ferc.gov> using the "eLibrary" link. Enter the docket number excluding the last three digits in the docket number field to access the document. For assistance, contact FERC at FERCOnlineSupport@ferc.gov or call toll-free, (866) 208-3676 or TTY, (202) 502-8659.

Any questions regarding this application should be directed to Kathy D. Fort, Manager Certificates & Tariffs, Gulf South Pipeline Company, LP, 610 West Second Street, Owensboro, Kentucky, 42301, or call (270) 688-6825, or by email: Kathy.fort@bwpmlp.com.

Gulf South states the proposed Westlake Expansion Project will allow it to provide up to 200,000 dekatherms per

day (Dth/d) of firm transportation service to Entergy Louisiana, LLC's proposed 980 megawatt natural gas-fired combined cycle electric generating unit to be located near Westlake, Louisiana.

Pursuant to section 157.9 of the Commission's rules, 18 CFR 157.9, within 90 days of this Notice the Commission staff will either: Complete its environmental assessment (EA) and place it into the Commission's public record (eLibrary) for this proceeding; or issue a Notice of Schedule for Environmental Review. If a Notice of Schedule for Environmental Review is issued, it will indicate, among other milestones, the anticipated date for the Commission staff's issuance of the final environmental impact statement (FEIS) or EA for this proposal. The filing of the EA in the Commission's public record for this proceeding or the issuance of a Notice of Schedule for Environmental Review will serve to notify federal and state agencies of the timing for the completion of all necessary reviews, and the subsequent need to complete all federal authorizations within 90 days of the date of issuance of the Commission staff's FEIS or EA.

There are two ways to become involved in the Commission's review of this project. First, any person wishing to obtain legal status by becoming a party to the proceedings for this project should, on or before the comment date stated below file with the Federal Energy Regulatory Commission, 888 First Street NE., Washington, DC 20426, a motion to intervene in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 385.214 or 385.211) and the Regulations under the NGA (18 CFR 157.10). A person obtaining party status will be placed on the service list maintained by the Secretary of the Commission and will receive copies of all documents filed by the applicant and by all other parties. A party must submit 7 copies of filings made in the proceeding with the Commission and must mail a copy to the applicant and to every other party. Only parties to the proceeding can ask for court review of Commission orders in the proceeding.

However, a person does not have to intervene in order to have comments considered. The second way to participate is by filing with the Secretary of the Commission, as soon as possible, an original and two copies of comments in support of or in opposition to this project. The Commission will consider these comments in determining the appropriate action to be taken, but the filing of a comment alone will not serve to make the filer a party to the proceeding. The Commission's

rules require that persons filing comments in opposition to the project provide copies of their protests only to the party or parties directly involved in the protest.

Persons who wish to comment only on the environmental review of this project should submit an original and two copies of their comments to the Secretary of the Commission. Environmental commentors will be placed on the Commission's environmental mailing list, will receive copies of the environmental documents, and will be notified of meetings associated with the Commission's environmental review process. Environmental commentors will not be required to serve copies of filed documents on all other parties. However, the non-party commentors will not receive copies of all documents filed by other parties or issued by the Commission (except for the mailing of environmental documents issued by the Commission) and will not have the right to seek court review of the Commission's final order.

The Commission strongly encourages electronic filings of comments, protests and interventions in lieu of paper using the eFiling link at <http://www.ferc.gov>. Persons unable to file electronically should submit an original and 5 copies of the protest or intervention to the Federal Energy regulatory Commission, 888 First Street NE., Washington, DC 20426.

Comment Date: 5:00 p.m. Eastern Time on August 21, 2017.

Dated: July 31, 2017.

Secretary.

[Docket No. AD15-10-000]

Notice of Availability of the Final Guidelines for Reporting on Cultural Resources Investigations for Natural Gas Projects

The staff of the Federal Energy Regulatory Commission's (FERC or Commission) Office of Energy Projects has finalized its revised *Guidelines for Reporting on Cultural Resources Investigations for Natural Gas Projects (Guidelines)*, which was issued in draft form on January 25, 2017, for comment. The *Guidelines* have been revised to provide updated guidance on

communicating with federally recognized tribes; clarifications regarding off-the-record communications; documentation for Blanket Certificate Programs; and to address substantive comments received on the draft *Guidelines*.

The *Guidelines* can be found in Docket Number AD15-10-000. The full text of the *Guidelines* can be viewed on the Commission's Web site at <http://www.ferc.gov/industries/gas/enviro/guidelines.asp>.

The *Guidelines* are intended to provide guidance to the industry. This manual does not substitute for, amend, or supersede the Commission's regulations under the Natural Gas Act of 1938 or the Commission's and Council on Environmental Quality's regulations under the National Environmental Policy Act. It imposes no new legal obligations and grants no additional rights.

In response to the draft *Guidelines*, Commission staff received comments from federally recognized Indian tribes, industry representatives, federal and state agencies, and non-governmental organizations. Staff reviewed and considered each comment and modified several portions of the document in response. Staff declined to modify the document where comments either were too project- or location-specific to be included in general guidance, were already adequately/accurately addressed as written, or regarded topics that were not relevant to the *Guidelines*.

All of the information related to the proposed updates to the *Guidelines* and submitted comments can be found on the FERC Web site (www.ferc.gov) using the eLibrary link. Click on the eLibrary link, click on Docket Search and in the Docket Number field enter the docket number AD15-10, excluding the last three digits. For assistance, please contact FERC Online Support at FercOnlineSupport@ferc.gov or toll free at (866) 208-3676, or for TTY, contact (202) 502-8659. The eLibrary link also provides access to formal documents issued by the Commission, such as orders, notices, and rulemakings.

Cottonwood Wind Project, LLC; Supplemental Notice That Initial Market-Based Rate Filing Includes Request for Blanket Section 204 Authorization

This is a supplemental notice in the above-referenced proceeding Cottonwood Wind Project, LLC's application for market-based rate authority, with an accompanying rate tariff, noting that such application includes a request for blanket authorization, under 18 CFR part 34, of future issuances of securities and assumptions of liability.

Any person desiring to intervene or to protest should file with the Federal Energy Regulatory Commission, 888 First Street NE., Washington, DC 20426, in accordance with Rules 211 and 214 of the Commission's Rules of Practice and Procedure (18 CFR 385.211 and 385.214). Anyone filing a motion to intervene or protest must serve a copy of that document on the Applicant.

Notice is hereby given that the deadline for filing protests with regard to the applicant's request for blanket authorization, under 18 CFR part 34, of future issuances of securities and assumptions of liability, is August 17, 2017.

The Commission encourages electronic submission of protests and interventions in lieu of paper, using the FERC Online links at <http://www.ferc.gov>. To facilitate electronic service, persons with Internet access who will eFile a document and/or be listed as a contact for an intervenor must create and validate an eRegistration account using the eRegistration link. Select the eFiling link to log on and submit the intervention or protests.

Persons unable to file electronically should submit an original and 5 copies of the intervention or protest to the Federal Energy Regulatory Commission, 888 First Street NE., Washington, DC 20426.
