common or special fittings, with or without side inlets.

Cast iron soil pipe fittings are classified into two major types—hubless and hub and spigot. Hubless cast iron soil pipe fittings are manufactured without a hub, generally in compliance with Cast Iron Soil Pipe Institute (CISPI) specification 301 and/or American Society for Testing and Materials (ASTM) specification A888. Hub and spigot pipe fittings have hubs into which the spigot (plain end) of the pipe or fitting is inserted. Cast iron soil pipe fittings are generally distinguished from other types of nonmalleable cast iron fittings by the manner in which they are connected to cast iron soil pipe and other fittings.

The subject imports are normally classified in subheading 7307.11.0045 of the Harmonized Tariff Schedule of the United States (HTSUS): Cast fittings of nonmalleable cast iron for cast iron soil pipe. The HTSUS subheading and specifications are provided for convenience and customs purposes only; the written description of the scope of this investigation is dispositive.

SUPPLEMENTARY INFORMATION:

Background

On May 1, 2017, the Department published a notice of opportunity to request an administrative review of the antidumping duty order on PSF from Korea for the POR of May 1, 2016, through April 30, 2017.¹ On May 30,

2017, Huvis Corporation (Huvis) submitted a timely-filed request for an administrative review of its POR sales.² On May 31, 2017, pursuant to 19 CFR 351.213, the Department received a timely-filed request from DAK Americas LLC and Auriga Polymers, Inc. (collectively, the petitioners) for an administrative review of Toray Chemical Korea, Inc. (Toray) and Huvis.³ On July 6, 2017, pursuant to these requests and in accordance with 19 CFR 351.221(c)(1)(i), the Department published a notice of initiation of an administrative review of Toray and Huvis.⁴ On July 11, 2017, and July 12, 2017, pursuant to 19 CFR 351.213(d)(1), the petitioners and Huvis, respectively, timely withdrew their requests for an administrative review.⁵

Rescission of Review

Pursuant to 19 CFR 351.213(d)(1), the Department will rescind an administrative review, in whole or in part, if the party, or parties, that requested a review withdraw the request/s within 90 days of the publication date of the notice of initiation of the requested review. As noted above, the petitioners withdrew their request for review of Toray and Huvis within 90 days of the publication date of the notice of initiation. In addition, Huvis also timely withdrew its request for an administrative review. No other parties requested an administrative review of the antidumping duty order on PSF from Korea. Therefore, in response to the timely withdrawal of requests for review and, in accordance with 19 CFR 351.213(d)(1), the Department is rescinding this review.

The Department intends to issue appropriate assessment instructions to CBP 15 days after publication of this notice in the **Federal Register**.

Notification to Importers

This notice serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

The Petition

On July 13, 2017, the Department of Commerce (the Department) received an antidumping duty (AD) petition concerning imports of cast iron soil pipe fittings (soil pipe fittings) from the People's Republic of China (the PRC), filed in proper form, on behalf of the Cast Iron Soil Pipe Institute (the petitioner).¹ The petitioner is a trade association, whose members are all domestic producers of soil pipe fittings.² The AD petition was accompanied by a countervailing duty (CVD) petition for soil pipe fittings from the PRC.³

On July 17, 2017, the petitioner filed an amendment to Volume I of the Petition.⁴ On July 18, 2017, the Department requested additional information and clarification of certain areas of the Petition.⁵ The petitioner filed responses to these requests on July 20, 2017.⁶ In response to the Department's further requests for information and clarification of Volume II of the Petition,⁷ the petitioner

submitted additional amendments to the Petition on July 26, 2017, and July 28, 2017.⁸

In accordance with section 732(b) of the Tariff Act of 1930, as amended (the Act), the petitioner alleges that imports of soil pipe fittings from the PRC are being, or are likely to be, sold in the United States at less than fair value within the meaning of section 731 of the Act, and that, such imports are materially injuring, or threatening material injury to, an industry in the United States. Also, consistent with section 732(b)(1) of the Act, the Petition is accompanied by information reasonably available to the petitioner supporting its allegations.

The Department finds that the petitioner filed the Petition on behalf of the domestic industry because the petitioner is an interested party as defined in section 771(9)(E) of the Act. The Department also finds that the petitioner demonstrated sufficient industry support with respect to the initiation of the AD investigation that the petitioner is requesting.⁹

Because the Petition was filed on July 13, 2017, pursuant to 19 CFR 351.204(b)(1), the period of investigation (POI) is January 1, 2017, through June 30, 2017.
