

components that influence seat belt acquisition and use. Participants for the Web-based survey will include school bus drivers from participating school districts. NHTSA expects to distribute the survey to one or more bus drivers in each of the school districts that participate in the aforementioned interview.

Estimated Total Annual Burden: 133 hours total; approximately 44 hours per year.

The initial discussions would take approximately 5 minutes with 100 people for a total of 8 hours. The informational interviews with school districts would take an average of approximately 4 hours with 25 people for a total of 100 hours. (In some cases, the necessary information may be retrieved through a one-time telephone or in-person discussion, while in other cases discussions may continue via telephone and email as an on-going discussion throughout the course of the project as school districts provide additional information). The bus driver survey would take 15 minutes with approximately 100 people for a total of 25 hours.

Comments Are Invited on the Following

i. Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;

ii. the accuracy of the agency's estimate of the burden of the proposed information collection;

iii. ways to enhance the quality, utility, and clarity of the information to be collected; and

iv. ways to minimize the burden of the collection of information on respondents, including the use of automated collection techniques or other forms of information technology.

A comment to OMB is most effective if OMB receives it within 30 days of publication.
