

an approximation, staff continues to assume a per company average of 180 hours for the nine largest recipients of the Commission's information requests to comply—cumulatively, 1,620 hours per year.

Staff anticipates that if the Commission decides to issue information requests to any additional companies, those companies would be smaller than the primary nine recipients and that the response burden per additional recipient would be less than for the larger companies. Staff believes that the burden should not exceed 60 hours per entity for the smaller recipients of the information requests. Cumulatively, then, the total burden for six additional respondents should not exceed 360 hours per year. Thus, the overall estimated burden for a maximum of 15 recipients of the information requests is 1,980 hours per year. These estimates include any time spent by separately incorporated subsidiaries and other entities affiliated with the ultimate parent company that has received the information request.

**Estimated cost burden:** Commission staff cannot calculate with precision the labor costs associated with this data production, as those costs entail varying compensation levels of management and/or support staff among companies of different sizes. The staff assumes that paralegals and computer analysts will perform most of the work involved in responding to the Commission Orders, although in-house legal personnel will be involved in reviewing the actual submission to the Commission. The staff continues to use a combined hourly wage of \$100/hour for the combined efforts of these individuals.<sup>2</sup> Using this figure, staff's best estimate for the total labor costs for up to 15 information requests is \$198,000 per year. Staff believes that the capital or other non-labor costs associated with the information requests are minimal. Although the information requests may necessitate that industry members maintain the requested information provided to the Commission, they should already have in place the means

<sup>2</sup> Commission staff believes this estimate is conservative: According to data from the Bureau of Labor Statistics, the mean hourly wages for these three occupations are as follows: \$25.57 for paralegals; \$44.36 for computer and information analysts; and \$67.25 for lawyers. Economic News Release, Bureau of Labor Statistics, Table 1—National employment and wage data from the Occupational Employment Statistics survey by occupation, May 2016 (Mar. 31, 2011) (Table 1), available at <http://www.bls.gov/news.release/ocwage.t01.htm>. Even if employees of the major cigarette and smokeless tobacco manufacturers earn more than these hourly wages, the staff believes its \$100/hour estimate is appropriate.

## GENERAL SERVICES ADMINISTRATION

[Notice ID: 2017-02; Docket 2017-0002;  
Sequence No. 14]

### Privacy Act of 1974; System of Records

**AGENCY:** General Services Administration (GSA).

**ACTION:** Notice of a modified system of records.

**SUMMARY:** *Login.gov* is a single sign-on platform to facilitate access to government services. GSA is modifying the routine uses applicable to the system of records by removing the words “NIST-compliant” from one existing *Login.gov* routine use and adding a new routine use for the system.

**DATES:** The modifications to the system of records that are described in this notice are effective upon publication in today’s **Federal Register**, with the exception of the one new routine use to allow *Login.gov* to mail users a confirmation or notification (see new routine use “j” below) which is effective September 11, 2017. Comments on that routine use must be submitted by September 11, 2017.

**ADDRESSES:** Submit comments identified by “Notice-ID-2017-02, Notice of Modified System of Records” by any of the following methods:

- *Regulations.gov*: <http://www.regulations.gov>. Submit comments via the Federal eRulemaking portal by searching for Notice-ID-2017-02, Notice of Modified System of Records. Select the link “Comment Now” that corresponds with “Notice-ID-2017-02, Notice of Modified System of Records.” Follow the instructions provided on the screen. Please include your name, company name (if any), and “Notice-ID-2017-02, Notice of Modified System of Records” on your attached document.

• *Mail*: General Services Administration, Regulatory Secretariat Division (MVCB), 1800 F Street NW., Washington, DC 20405. ATTN: Ms. Sosa/Notice-ID-2017-02, Notice of Modified System of Records.

**Instructions:** Comments received generally will be posted without change to <http://www.regulations.gov>, including any personal and/or business confidential information provided. To confirm receipt of your comment(s), please check [http://www.Login.gov](https://www.Login.gov), approximately two to three days after submission to verify posting (except allow 30 days for posting of comments submitted by mail).

**FOR FURTHER INFORMATION CONTACT:** Call the GSA Chief Privacy Officer at telephone 202-322-8246; or email [gsa.privacyact@gsa.gov](mailto:gsa.privacyact@gsa.gov).

**SUPPLEMENTARY INFORMATION:** GSA proposes to clarify an existing routine use and add a new routine use for *Login.gov*, a system of records subject to the Privacy Act of 1974, 5 U.S.C. 552a. The National Institute of Standards and Technology (NIST) develops information security standards and guidelines, including minimum requirements for Federal information

systems, but does not endorse or certify specific implementations. Therefore, GSA is modifying existing routine use “b” to remove the reference to “NIST-compliant” third party identity proofing service providers. New routine use “j” will enable *Login.gov* to disclose a user’s name and mailing address to the Government Publishing Office (GPO) to mail that user an address confirmation form or any other requested mailed notifications. *Login.gov* provides a single, secure platform through which members of the public can log-in and access services from partner agencies, and increases user security by facilitating identity proofing and authentication as necessary in order to access specific government services.
