SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-81326; File No. SR-BatsBYX-2017-17]

Self-Regulatory Organizations; Bats BYX Exchange, Inc.; Notice of Filing and Immediate Effectiveness of a Proposed Rule Change Related to Fees for Use on Bats BYX Exchange, Inc.

August 7, 2017.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (the

“Act”),¹ and Rule 19b-4 thereunder,² notice is hereby given that on July 31, 2017, Bats BYX Exchange, Inc. (the “Exchange” or “BYX”) filed with the Securities and Exchange Commission (“Commission”) the proposed rule change as described in Items I, II and III below, which Items have been prepared by the Exchange. The Exchange has designated the proposed rule change as one establishing or changing a member due, fee, or other charge imposed by the Exchange under Section 19(b)(3)(A)(ii) of the Act³ and Rule 19b-4(f)(2) thereunder,⁴ which renders the proposed rule change effective upon filing with the Commission. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Exchange filed a proposal to amend the fee schedule applicable to Members⁵ and non-Members of the Exchange pursuant to BYX Rules 15.1(a) and (c).

The text of the proposed rule change is available at the Exchange's Web site at www.bats.com, at the principal office of the Exchange, and at the Commission's Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in Sections A, B, and C below, of the most significant parts of such statements.

(A) Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange proposes to amend its fee schedule to modify existing Tier 3 and add a new tier under footnote 1, Add/Remove Volume Tiers. The

²⁷ 17 CFR 240.19b-4(f)(6). In addition, Rule 19b-4(f)(6) requires a self-regulatory organization to give the Commission written notice of its intent to file the proposed rule change, along with a brief description and text of the proposed rule change, at least five business days prior to the date of filing of the proposed rule change, or such shorter time as designated by the Commission. The Exchange has satisfied this requirement.

⁵ The term “Member” is defined as “any registered broker or dealer that has been admitted to membership in the Exchange.” See Exchange Rule 1.5(n).

Exchange currently offers five tiers under footnote 1 that offer reduced fees for displayed orders that yield fee codes B,⁶ V⁷ and Y,⁸ and an enhanced rebate for orders that remove liquidity yielding fee codes BB,⁹ N¹⁰ and W.¹¹ The Exchange proposes to amend the criteria necessary to receive the enhanced rebate under Tier 3 under footnote 1. Tier 3 provides a rebate of \$0.0015 [sic] per share for orders where that Member has an ADAV¹² equal to or greater than 0.55% of the TCV.¹³ The Exchange proposes to increase the tier's requirements to now require the Member to have an ADAV equal to or greater than 0.80% of the TCV. The Exchange does not propose to amend the tier's rebate.

The Exchange also proposes to add a new tier under footnote 1, to be known as Tier 5,¹⁴ under which a Member would be charged a reduced fee of \$0.0012 per share on orders that yield fee codes B, V and Y, where that Member's Market Participant Identifier ("MPID") has an ADAV equal to or greater than 0.55% of the TCV.

The Exchange proposes to implement the above changes to its fee schedule on August 1, 2017.

2. Statutory Basis

The Exchange believes that the proposed rule change is consistent with the objectives of Section 6 of the Act,¹⁵ in general, and furthers the objectives of Section 6(b)(4),¹⁶ in particular, as it is designed to provide for the equitable

⁶ Fee code B is appended to displayed orders that add liquidity to BYX (Tape B) and is assessed a fee of \$0.0018 per share. See the Exchange's fee schedule available at http://www.bats.com/us/equities/membership/fee_schedule/byx/.

⁷ Fee code V is appended to displayed orders that add liquidity to BYX (Tape A) and is assessed a fee of \$0.0018 per share. *Id.*

⁸ Fee code Y is appended to displayed orders that add liquidity to BYX (Tape C) and is assessed a fee of \$0.0018 per share. *Id.*

⁹ Fee code BB is appended to orders that remove liquidity from BYX (Tape B) and is assessed a rebate of \$0.0010 per share. *Id.*

¹⁰ Fee code N is appended to orders that remove liquidity from BYX (Tape C) and is assessed a rebate of \$0.0010 per share. *Id.*

¹¹ Fee code W is appended to orders that remove liquidity from BYX (Tape A) and is assessed a rebate of \$0.0010 per share. See the Exchange's fee schedule available at http://www.bats.com/us/equities/membership/fee_schedule/byx/.

¹² "ADAV" means average daily volume calculated as the number of shares added per day on a monthly basis. *Id.*

¹³ "TCV" means total consolidated volume calculated as the volume reported by all exchanges and trade reporting facilities to a consolidated transaction reporting plan for the month for which the fees apply. *Id.*

¹⁴ With the addition of proposed Tier 5 under footnote 1, the Exchange proposes to renumber current Tier 5 as Tier 6.

allocation of reasonable dues, fees and other charges among its Members and other persons using its facilities.

The Exchange believes that the proposed tier under footnote 1 is [sic] equitable and reasonable because such pricing programs reward a Member's growth pattern on the Exchange and such increased volume will allow the Exchange to continue to provide and potentially expand the its incentive programs. The Exchange believes that providing the same reduced rate to Members under Tiers 3 and 5 while requiring more stringent requirements under Tier 3 than Tier 5 is equitable and reasonable as the proposed criteria reasonable [sic] reflect the segment of the Member's order flow that is to be measured. Under Tier 3, the Member as a whole must meet a higher standard than their individual MPID under Tier 5. The Exchange believes this is equitable and reasonable because a Member may have multiple MPIDs that it may aggregate volume across to meet Tier 3's criteria, while Tier 5 is limited to the individual MPID. The Exchange further believes that the proposed tier and modifications are reasonable, fair and equitable because the liquidity from the proposed changes would benefit all investors by deepening the Exchange's liquidity pool, offering additional flexibility for all investors to enjoy cost savings, supporting the quality of price discovery, promoting market transparency and improving investor protection. These pricing programs are also not unfairly discriminatory in that it is available to all Members.

In addition, volume-based fees such as that proposed herein have been widely adopted by exchanges and are equitable because they are open to all Members on an equal basis and provide additional benefits or discounts that are reasonably related to: (i) The value to an exchange's market quality; (ii) associated higher levels of market activity, such as higher levels of liquidity provision and/or growth patterns; and (iii) the introduction of higher volumes of orders into the price and volume discovery processes. The Exchange believes that the proposed tier is a reasonable, fair and equitable, and not an unfairly discriminatory allocation of fees and rebates, because it will provide Members with an additional incentive to reach certain thresholds on the Exchange.

(B) Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition not necessary or appropriate in furtherance

of the purposes of the Act. The Exchange does not believe that this change represents a significant departure from previous pricing offered by the Exchange or from pricing offered by the Exchange's competitors. The proposed rates would apply uniformly to all Members, and Members may opt to disfavor the Exchange's pricing if they believe that alternatives offer them better value. Accordingly, the Exchange does not believe that the proposed changes will impair the ability of Members or competing venues to maintain their competitive standing in the financial markets. Further, excessive fees would serve to impair an exchange's ability to compete for order flow and members rather than burdening competition. The Exchange believes that its proposal would not burden intramarket competition because the proposed rate would apply uniformly to all Members.

(C) Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants or Others

The Exchange has not solicited, and does not intend to solicit, comments on this proposed rule change. The Exchange has not received any unsolicited written comments from Members or other interested parties.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The foregoing rule change has become effective pursuant to Section 19(b)(3)(A) of the Act¹⁷ and paragraph (f) of Rule 19b-4 thereunder.¹⁸ At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-81327; File No. SR-C2-2017-023]

Self-Regulatory Organizations; C2 Options Exchange, Incorporated; Notice of Filing and Immediate Effectiveness of a Proposed Rule Change To Adopt Rule 6.49, C2 Trade Match System

August 7, 2017.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (the "Act"),¹ and Rule 19b-4 thereunder,² notice is hereby given that on August 4, 2017, C2 Options Exchange, Incorporated (the "Exchange" or "C2") filed with the Securities and Exchange Commission (the "Commission") the proposed rule change as described in Items I and II below, which Items have been prepared by the Exchange. The Exchange filed the proposal as a "non-controversial" proposed rule change pursuant to Section 19(b)(3)(A)(iii) of the Act³ and Rule 19b-4(f)(6) thereunder.⁴ The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Exchange is proposing to adopt new Rule 6.49 related to its existing C2 Trade Match System ("CTM") functionality.

The text of the proposed rule change is also available on the Exchange's Web site (<http://www.cboe.com/AboutCBOE/CBOELegalRegulatoryHome.aspx>), at the Exchange's Office of the Secretary, and at the Commission's Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

² 17 CFR 240.19b-4.

³ 15 U.S.C. 78s(b)(3)(A)(iii).

⁴ 17 CFR 240.19b-4(f)(6).

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange is proposing to adopt new Rule 6.49 related to its existing C2 Trade Match System ("CTM") functionality. CTM is a systems user interface provided by the Exchange in which authorized Trading Permit Holders ("TPHs") may receive copies of trade records and add and/or update their trade records. Although references to CTM exist within Regulatory Circulars, the functionality is not currently described in Exchange rules. The Exchange believes it would be beneficial to address and provide further detail in its rules regarding the CTM functionality and permitted uses.

Post-trade modifications may be effected via the CTM system. A rule explicitly detailing the modification process and defining what permitted modifications are allowed does not currently exist in the Exchange's rules. The Exchange believes it would be useful to explicitly reference within the rule text the term "CTM" and codify what post trade modifications via CTM are permitted to reduce confusion and add additional transparency to the rules regarding C2's systems.

First, the Exchange proposes to explicitly reference and describe "CTM." Specifically, CTM is a system in which authorized TPHs may enter and report transactions that have been effected on the Exchange in accordance with Exchange rules or to correct bona fide errors (e.g., a situation in which a transaction was incorrectly reported as an opening transaction). Documentation requirements related to changes made through the use of CTM will be announced via a Regulatory Circular.

By way of background, C2 Rule 6.38 requires that for all transactions made on the Exchange, TPHs must file with the Exchange certain trade information⁵ in order to allow the Exchange to properly match and clear trades. This information is used to provide the comparison of the two sides (i.e., buy and sell) of a transaction. When the two sides match, the trade is successfully compared and will move on to the Options Clearing Corporation ("OCC") for clearance. For trades that do not match (i.e., trade information from each side do not match) TPHs and their respective representatives typically make reasonable efforts to resolve unmatched trades on trade day. The Exchange notes that CTM may be used
