Abstract: The final regulation allows a 401(k) plan using the safe harbor provisions of section 401(k)(12) to suspend or reduce nonelective safe harbor contributions if the employer is operating at an economic loss described in section 412(2)(A). The final regulations permit an employer to reduce or suspend safe harbor nonelective contributions without regard to the financial condition of the employer if notice is provided to participants before the beginning of the plan year which discloses the possibility that the contributions might be reduced or suspended midyear. The final regulations also permit matching contributions to be reduced or suspended under a mid-year amendment if the notice provided to participants before the beginning of the plan year discloses that the contributions might be reduced or suspended mid-year. These notices must also provide that a supplemental notice will be provided to plan participants if a reduction or suspension does occur and that the reduction or suspension will not apply until at least 30 days after the supplemental notice is provided.
