[Docket No. USCG–2017–0770]

Drawbridge Operation Regulation; Carquinez Strait, Martinez, CA

AGENCY: Coast Guard, DHS.
ACTION: Notice of deviation from drawbridge regulation.

SUMMARY: The Coast Guard has issued a temporary deviation from the operating schedule that governs the Union Pacific Railroad Drawbridge across the Carquinez Strait, mile 7.0, at Martinez, CA. The deviation is necessary to allow the bridge owner to conduct emergency repairs. This deviation allows the bridge to remain in the closed-to-navigation position during the deviation period.

DATES: This deviation is effective from 10 a.m. to 4 p.m. on August 23, 2017.

ADDRESSES: The docket for this deviation, USCG–2017–0770, is available at <http://www.regulations.gov>. Type the docket number in the “SEARCH” box and click “SEARCH.” Click on Open Docket Folder on the line associated with this deviation.

FOR FURTHER INFORMATION CONTACT: If you have questions on this temporary deviation, call or email Carl T. Hausner, Chief, Bridge Section, Eleventh Coast Guard District; telephone 510–437–3516; email Carl.T.Hausner@uscg.mil.

SUPPLEMENTARY INFORMATION: The Union Pacific Railroad Company has requested a temporary change to the operation of the Union Pacific Railroad Drawbridge, over the Carquinez Strait, mile 7.0, at Martinez, CA. The drawbridge navigation span provides a vertical clearance of 70 feet above Mean High Water in the closed-to-navigation position. The draw operates as required by 33 CFR 117.5. Navigation on the waterway is commercial and recreational.

The drawspan will be secured in the closed-to-navigation position from 10 a.m. to 4 p.m. on August 23, 2017, to allow the bridge owner to conduct emergency repairs. This temporary deviation has been coordinated with the waterway users. No objections to the proposed temporary deviation were raised.

Vessels able to pass through the bridge in the closed position may do so at any time. The bridge will not be able to open for emergencies and there is no immediate alternate route for vessels to pass. The Coast Guard will also inform the users of the waterway through our Local and Broadcast Notices to Mariners of the change in operating schedule for the bridge so that vessel operators can arrange their transits to minimize any impact caused by the temporary deviation.

In accordance with 33 CFR 117.35(e), the drawbridge must return to its regular operating schedule immediately at the end of the effective period of this temporary deviation. This deviation from the operating regulations is authorized under 33 CFR 117.35.

Dated: August 11, 2017.

[Docket No. USCG–2017–0273]

Drawbridge Operation Regulation; Atlantic Intracoastal Waterway, Palm Beach, FL

AGENCY: Coast Guard, DHS.
ACTION: Notice of deviation from drawbridge regulation with request for comments.

SUMMARY: The Coast Guard has issued a temporary deviation from the operating schedule that governs the operation of the Flagler Memorial (SR A1A), Royal Park (SR 704), and the Southern Boulevard (SR 700/80) bridges, across the Atlantic Intracoastal Waterway (AICW), miles 1020.8, 1022.6 and 1024.7 at Palm Beach, Florida. This deviation will test for 180 days a change to the drawbridge operation schedules to determine whether a permanent change to the schedules is needed. This deviation is necessary to reduce traffic congestion and ensure the safety of the roadways, while meeting the needs of waterways users, whenever the President of the United States, members of the First Family, or other persons under the protection of the Secret Service are present or expected to be

visiting Mar-a-Lago. This deviation allows the Flagler Memorial and Royal Park bridges to open once an hour during a 4 hour period on weekdays when the President is staying at Mar-a-Lago, and the Southern Boulevard Bridge to remain closed to navigation when the presidential motorcade is in transit.

DATES: This deviation is effective from September 1, 2017, until February 27, 2018.

Comments and related material must reach the Coast Guard on or before October 16, 2017.

ADDRESSES: You may submit comments identified by docket number USCG–2017–0273 using Federal eRulemaking Portal at <http://www.regulations.gov>.

See the “Public Participation and Request for Comments” portion of the **SUPPLEMENTARY INFORMATION** section below for instructions on submitting comments.

SUPPLEMENTARY INFORMATION:

I. Background, Purpose and Legal Basis

When the President of the United States, members of the First Family, or other persons under the protection of the Secret Service are present or expected to be present at Mar-a-Lago, traffic backups have been caused by drawbridge openings in the Palm Beach area. The increase in traffic occurs due to the closure of Southern Boulevard when the President is visiting Mar-a-Lago. This requires through traffic to use the Flagler Memorial and Royal Park Bridges to cross the Atlantic Intracoastal Waterway (AICW). Due to the increased traffic using the Flagler Memorial and Royal Park bridges when the President is in town, the Mayor of Palm Beach has asked the Coast Guard and the bridge owner, Florida Department of Transportation, to test a change to the operating regulations of those bridges.

During this temporary deviation, the Flagler Memorial and Royal Park Bridges will only be required to open once an hour, on the quarter and half hour, respectively, starting at 2:15 p.m. through 5:30 p.m. during the weekdays only. The Flagler Memorial Bridge will open at 2:15 p.m., 3:15 p.m., 4:15 p.m. and 5:15 p.m., weekdays, if vessels are requesting an opening. The Royal Park (Middle) Bridge will open at 2:30 p.m., 3:30 p.m., 4:30 p.m. and 5:30 p.m.,

weekdays, if vessels are requesting an opening.

The operating schedule of the Southern Boulevard Bridge, which is closest to Mar-a-Lago and also crosses the AICW, will not be affected during the aforementioned times. However it will be allowed to remain closed whenever the presidential motorcade is in transit. At all other times all three bridges will operate per their normal schedules. The current operating regulation is under 33 CFR 117.261 at paragraphs (u), (v), and (w), respectively.

This general deviation will have an impact on marine traffic while alleviating some vehicle traffic backups. Tugs with tows are not exempt from this regulation.

The Coast Guard will inform waterway users of the schedule changes through our Local and Broadcast Notices to Mariners, so that vessel operators can arrange their transits to minimize any impact caused by the temporary deviation. Mariners should also listen to local news organizations to determine when the President, members of the First Family, or other persons under the protection of the Secret Service are visiting Mar-a-Lago.

In accordance with 33 CFR 117.35(e), the drawbridge must return to its regular operating schedule immediately at the end of the effective period of this temporary deviation. This deviation from the operating regulations is authorized under 33 CFR 117.35. The Coast Guard will continue to evaluate the impact to mariners navigating this area during the closure periods and is requesting comments be submitted during the first 60 days of this deviation.

Vessels able to pass through the bridge in the closed position may do so at anytime. The bridge will be able to open for emergencies.
