II. Special Issues for Comment

OSHA has a particular interest in comments on the following issues:

- The accuracy of OSHA's estimate of the burden (time and costs) of the information collection requirements, including the validity of the methodology and assumptions used;
- The quality, utility, and clarity of the information collected; and
- Ways to minimize the burden on employers who must comply; for example, by using automated or other technological information collection and transmission techniques.

III. Proposed Actions

OSHA is requesting that OMB extend its approval of the information collection requirements contained in the standard on Grain Handling Facilities (29 CFR 1910.272). The Agency is requesting a reduction in the current burden hours from 68,782 to 24,392 (difference of 44,390 hours). This decrease is due to the reduction of grain handling facilities from 9,025 to 5,500. The Agency will summarize any comments submitted in response to this notice and will include this summary in the request to OMB.

SUPPLEMENTARY INFORMATION:

Background: VETS is publishing a Notice of Proposed Rulemaking (NPRM), elsewhere in this issue of the **Federal Register**, proposing regulations implementing the Honoring Investments in Recruiting and Employing American Military Veterans Act of 2017 (HIRE Vets Act of 2017 or Act). The HIRE Vets Act of 2017 requires VETS to annually solicit and accept voluntary information from employers for consideration of employers to receive a HIRE Vets Medallion Award. The Act establishes specific criteria at two levels (gold and “platinum) for large employers (those with 500 or more employees) and allows VETS discretion in establishing criteria for small and medium employers to qualify for similar awards. The NPRM

proposes the application process and criteria that VETS intends to use to receive, review, and process applications, and to verify the applicant’s information. The public has 30 days to comment on the NPRM.

This Notice allows the public sixty days, as required by PRA, to comment on the collections of information in or associated with implementing the proposed rule.

Desired Focus of Comments: VETS is soliciting comments concerning the proposed approved information collection request. VETS is particularly interested in comments which:

- Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
- Evaluate the accuracy of the agency’s estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
- Enhance the quality, utility and clarity of the information to be collected; and
- Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology

e.g., permitting electronic submissions of responses.

Proposed Collection of Information Requirements: The NPRM proposes the application process and criteria that VETS intends to use to receive, review, and process applications, verify the information provided and award the HIRE Vets Medallion Award to those employers meeting the criteria and deserving of the award. VETS developed the HIRE Vets application Forms [VETS–1011LP, VETS–1011LG, VETS–1011MP, VETS–1011MG, VETS–1011SP, VETS–1011SG] for employers to complete and submit to VETS to fulfill the regulatory requirements to receive an award.

The proposed rule provides specific award criteria for the large, medium, and small sized employers to qualify for the gold and platinum awards. Although the number of criteria an employer is required to satisfy in the proposed rule differs by award, the large employer criteria established by statute are generally incorporated across the large employer, medium employer, and small employer awards. The Application(s) would require employers to provide information to meet award criteria dependent upon the size of the employer and the award the employer is requesting, gold or platinum. The following table provides the corresponding regulatory citation.

PROPOSED REGULATORY PROVISION

Employer size	Gold award	Platinum award
Large	§ 1011.100 (a)	§ 1011.100 (b)
Medium	§ 1011.105 (a)	§ 1011.105 (b)
Small	§ 1011.110 (a)	§ 1011.110 (b)

The proposal also requires employers to supply additional information to VETS in support of the application for the HIRE Vets Medallion Award (§ 1011.215 (b)), or any time VETS becomes aware of facts that indicate that the information provided by an employer in its application was incorrect or that the employer does not satisfy the requirements at § 1011.120 (§ 1011.225). Also, employers are required to maintain information relied upon to complete the application for two years after the application is submitted to VETS (Subpart G § 1011.600). Finally, the Act establishes a fund, designated as the “HIRE Vets Medallion Award Fund” and requires VETS to assess a reasonable fee from the applicants to cover the costs associated with carrying out the HIRE Vets

Medallion program. The NPRM provides the fee amount and how to submit the fee.

Current Actions: This notice invites public comments on the information collections contained in or associated with implementing the HIRE Vets proposed rule. Comments must be written to receive consideration, and they will be summarized and included in a future request for OMB approval of the of this information collection. Submitted comments will also be a matter of public record and posted on the Internet, without redaction. VETS encourages commenters not to include personally identifiable information, confidential business data, or other sensitive statements/information in any comments.
