ENVIRONMENTAL PROTECTION AGENCY

Definition of “Waters of the United States”—Schedule of Public Meetings

AGENCY: Department of the Army; and
Environmental Protection Agency (EPA).

ACTION: Announcement of public meeting dates.

SUMMARY: The Environmental Protection Agency (EPA) and the U.S. Department of the Army (the agencies) will hold ten teleconferences to hear from stakeholders their recommendations to revise the definition of “Waters of the United States” under the Clean Water Act (CWA). Nine of the teleconferences will be tailored to a specific sector, i.e., agriculture (row crop, livestock, silviculture); conservation (hunters and anglers); small entities (small businesses, small organizations, small jurisdictions); construction and transportation; environment and public advocacy (including health and environmental justice); mining; industry (energy, chemical, oil/gas); scientific organizations and academia; and stormwater, wastewater management, and drinking water agencies. One of the teleconferences will be open to the public at large. The teleconferences will run throughout the fall on Tuesdays from 1:00 p.m.–3:00 p.m. eastern time, beginning on September 19, 2017. In addition, the agencies will hold an in-person meeting with small entities on October 23, 2017 from 9:00 a.m.–11 a.m., and will accept written recommendations from any member of the public.

DATES: Written recommendation must be received on or before November 28, 2017.

ADDRESSES: Submit your recommendations, identified by Docket ID No. EPA–HQ–OW–2017–0480, at http://www.regulations.gov. This docket, established as a courtesy to the stakeholder community, will be included in the administrative record of the rulemaking. This rulemaking is intended to solicit recommendations from any member of the public. The agencies will not be formally responding to the recommendations. Follow the online instructions for submitting recommendations. Once submitted, your submission cannot be edited or removed from Regulations.gov. The agencies may publish any submission received to the public docket. Do not submit electronically any information you consider to be Confidential Business Information (CBI) or other information whose disclosure is restricted by statute.

FOR FURTHER INFORMATION CONTACT: Ms. Damaris Christensen, Office of Water, 1200 Pennsylvania Avenue NW., Washington, DC 20460; telephone number: (202) 566–2528; email address: CWAwotus@epa.gov; or Ms. Stacey Jensen, Regulatory Community of Practice (CECW–CO–R), U.S. Army Corps of Engineers, 441 G Street NW., Washington, DC 20314; telephone number: (202) 761–5903; email address: USACE_CWA_Rule@usace.army.mil.

SUPPLEMENTARY INFORMATION: On February 28, 2017, the President issued an Executive Order (E.O.) entitled “Restoring the Rule of Law, Federalism, and Economic Growth by Reviewing the ‘Waters of the United States’ Rule”. This E.O. states that it is in the national interest to ensure that the Nation’s navigable waters are kept free from pollution, while at the same time promoting economic growth, minimizing regulatory uncertainty, and showing due regard for the roles of the Congress and the States under the Constitution. The E.O. directs the agencies to review the Clean Water Rule for consistency with these priorities and publish for notice and comment a proposed rule rescinding or revising the rule, as appropriate and consistent with law. Further, the E.O. directs that the agencies shall consider interpreting the law. Further, the E.O. directs that the agencies shall consider interpreting the "Waters of the United States" Rule as appropriate and consistent with these priorities and publish for notice and comment a proposed rule rescinding or revising the rule, as appropriate and consistent with law. Further, the E.O. directs that the agencies shall consider interpreting this term “navigable waters,” as defined in 33 U.S.C. 1362(7), in a manner consistent with the opinion of Justice Antonin Scalia in Rapanos v. United States, 547 U.S. 715 (2006). Justice Scalia’s opinion considers CWA jurisdiction as including relatively permanent waters and wetlands with a continuous surface connection to relatively permanent waters.

The agencies are implementing the E.O. in two steps to provide as much certainty as possible as quickly as possible to the regulated community and the public during the development of the ultimate replacement rule. For the first step, the agencies proposed on July 27, 2017, to codify the regulation that was in place prior to issuance of the Clean Water Rule and

that is being implemented now under the U.S. Court of Appeals for the Sixth Circuit’s stay of that rule.1 The comment period for this first step proposed rule is open until September 27, 2017. For the second step, the agencies plan to propose a new definition that would replace the approach in the 2015 Clean Water Rule with one that is consistent with the approach outlined in the E.O. In June 2017, the agencies completed consultation processes with tribes as well as state and local governments on the step 2 rulemaking. The meetings described below will provide other interested stakeholders opportunity to provide pre-proposal feedback on this second step rule to revise the definition of “waters of the U.S.”.

Both EPA and the Corps are aware that the scope of CWA jurisdiction is of intense interest to a broad array of stakeholders and therefore want to provide time for broad pre-proposal input. The teleconferences in this notice are intended to solicit recommendations for Step 2 and potential approaches to defining “waters of the United States.” During the upcoming teleconferences, EPA will provide brief background information on the step 2 rulemaking, and progress to date. Stakeholders will have the opportunity to provide input, particularly with regard to the charge in the E.O. and opinion of Justice Scalia.

The teleconferences will be held on a weekly basis beginning September 19 and will continue each Tuesday thereafter for ten weeks. Each will run from 1:00 p.m. to 3:00 p.m. eastern time. Information on how to register for each of these meetings is available on the EPA Web site at https://www.epa.gov/wotus-rule/outreach-meetings. Registration for each webinar will close a week prior. Persons or organizations wishing to provide verbal recommendations during the teleconference will be selected on a first-come, first-serve basis. Due to the expected volume of participants, individuals will be asked to limit their oral presentation to three minutes.

Supporting materials and comments from those who did not have an opportunity to speak can be submitted to the docket as discussed above. The schedule for the Waters of the US webinars is as follows:

• Tuesday, September 19, 2017—

ENVIRONMENTAL PROTECTION AGENCY

40 CFR Part 52

Approval and Promulgation of Air Quality Implementation Plans; Maryland; Approval of an Alternative Volatile Organic Compound Emission Standard

AGENCY: Environmental Protection Agency (EPA).

ACTION: Proposed rule.

SUMMARY: The Environmental Protection Agency (EPA) proposes to approve the state implementation plan (SIP) revision submitted by the State of Maryland. This revision incorporates by reference a Maryland Department of the Environment (MDE) order that establishes an alternative volatile organic compound (VOC) emission standard for National Gypsum Company (NGC) to ensure that it remains a minor VOC source. In the Final Rules section of this issue of the Federal Register, EPA is approving Maryland’s SIP submittal as a direct final rule without prior proposal because the Agency views this as a noncontroversial submittal and anticipates no adverse comments. If no adverse comments are received in response to this action, no further activity is contemplated. If EPA receives adverse comments, the direct final rule will be withdrawn and all public comments received will be addressed in a subsequent final rule based on this proposed rule. EPA will not institute a second comment period. Any parties interested in commenting on this action should do so at this time.

DATES: Comments must be received in writing by September 27, 2017.

ADDRESSES: Submit your comments, identified by Docket ID No. EPA–R03–OAR–2017–0394 at http://www.regulations.gov, or via email to stahl.cynthia@epa.gov. For comments submitted at Regulations.gov, follow the online instructions for submitting comments. Once submitted, comments cannot be edited or removed from Regulations.gov. For either manner of submission, the EPA may publish any comment received to its public docket. Do not submit electronically any information you consider to be confidential business information (CBI) or other information whose disclosure is restricted by statute. Multimedia submissions (audio, video, etc.) must be accompanied by a written comment. The written comment is considered the official comment and should include discussion of all points you wish to make. EPA will generally not consider comments or comment contents located outside of the primary submission (i.e., on the web, cloud, or other file sharing system). For additional submission methods, please contact the person identified in the FOR FURTHER INFORMATION CONTACT section. For the full EPA public comment policy, information about CBI or multimedia submissions, and general guidance on making effective comments, please visit http://www2.epa.gov/dockets/commenting-epa-dockets.

FOR FURTHER INFORMATION CONTACT: Gregory A. Becoat, (215) 814–2036, or by email at becoat.gregory@epa.gov.

SUPPLEMENTARY INFORMATION: For further information, please see the information provided in the direct final action, with the same title, that is located in the “Rules and Regulations” section of this issue of the Federal Register publication. Please note that if EPA receives adverse comment on an amendment, paragraph, or section of this rule and if that provision may be severed from the remainder of the rule, EPA may adopt as final those provisions of the rule that are not the subject of an adverse comment.

Dated: August 12, 2017.

Cecil Rodrigues,
Acting Regional Administrator, Region III.
