

economic costs. The agency develops, promotes and implements educational, engineering and enforcement programs with the goal of ending preventable tragedies and reducing economic costs associated with vehicle use and highway travel. Impaired driving is a long-standing highway safety problem. Efforts to reduce impaired driving have resulted in impressive improvements, but impaired driving remains a significant problem. For example, in 2013, there were 10,076 traffic fatalities in crashes involving drivers with a blood alcohol concentration (BAC) of 0.08 grams per deciliter (g/dL) or higher. More recently, there was an increase of 3.2 percent in the number of fatalities in alcohol-impaired-driving crashes from 2014 (9,943) to 2015 (10,265). Highway safety officials and traffic safety advocates identified a need for information on the current state of the practice of IID programs as a means to share lessons learned. The objective of this data collection activity is to produce a document that addresses that need by describing the state of the practice of IID programs across the nation, in each state, the District of Columbia and Puerto Rico. The document will serve as a resource for IID program administrators and staff, policy makers, legislators, researchers and advocates. The outcome of the project will support the states and their federal partners in the effort to reduce impaired driving and prevent the loss of life on the nation's roadways.

Description of the Likely Respondents (Including Estimated Number, and Proposed Frequency of Response to the Collection of Information): The respondents will be from one-to-five designated points-of-contact in the IID program in each state, the District of Columbia, and Puerto Rico. Each program will be invited to complete a 15-minute online survey and participate in one phone conference for approximately one hour. Each participant will respond to the data collection request a single time during the project period.

Total Estimated Time per Response: The expected average completion time for the online survey is 15 minutes per program with up to five individuals completing a portion of the survey. The expected average completion time for the phone conference is 60 minutes per individual.

Estimate of the Total Annual Reporting and Record Keeping Burden Resulting from the Collection of Information— Participants will incur no burden related to annual reporting or record keeping due to the collection of information.

Total Estimated Annual Burden Hours: The estimated burden for the online survey is 13 hours, assuming 52 programs complete the survey. The estimated burden hours for the phone conference ranges from 52 hours to 260 hours, from one to five individuals per IID program.

Authority: 44 U.S.C. Section 3506(c)(2)(A).

Issued in Washington, DC on August 24, 2017.

Jeff Michael,

Associate Administrator, Research and Program Development.

BILLING CODE 4810-AL-P

DEPARTMENT OF VETERANS AFFAIRS

Cost-Based and Inter-Agency Billing Rates for Medical Care or Services Provided by the Department of Veterans Affairs

AGENCY: Department of Veterans Affairs.
ACTION: Notice.

SUMMARY: This document updates the Cost-Based and Inter-Agency billing rates for medical care or services provided by the Department of Veterans Affairs (VA) that apply in certain circumstances.

DATES: The rates set forth herein are effective August 29, 2017 and until further notice.

FOR FURTHER INFORMATION CONTACT: Romona Greene, Office of Community Care (10D1C1), Veterans Health Administration, Department of Veterans Affairs, 810 Vermont Avenue NW., Washington, DC 20420, (202) 382-2521 (this is not a toll free number).

SUPPLEMENTARY INFORMATION: VA's methodology for computing Cost-Based and Inter-Agency billing rates for

medical care or services provided by VA is set forth in 38 CFR 17.102(h). Two sets of rates are obtained by applying this methodology, Cost-Based rates and Inter-Agency rates. Cost-Based rates apply in accordance with 38 CFR 17.102 to medical care and services that are provided by VA:

(a) In error or based on tentative eligibility;

(b) In a medical emergency;

(c) To pensioners of allied nations; and

(d) For research purposes in circumstances under which the medical care appropriation shall be reimbursed from the research appropriation.

Inter-Agency rates apply to medical care and services that are provided by VA to beneficiaries of the Department of Defense (DoD) or other Federal agencies, when the care or services provided is not covered by an applicable sharing agreement, unless otherwise stated. The calculations for the Cost-Based and Inter-Agency rates are the same with two exceptions. Inter-Agency rates are all-inclusive, and are not broken down into three components (Physician; Ancillary; and Nursing, Room and Board), and Inter-Agency rates do not include standard fringe benefit costs that cover government employee retirement, disability costs, and return on fixed assets. When VA pays for medical care or services from a non-VA source under circumstances in which the Cost-Based or Inter-Agency Rates would apply if the care or services had been provided by VA, the charge for such care or services will be the actual amount paid by VA for the care or services. Inpatient charges will be at the per diem rates shown for the type of bed section or discrete treatment unit providing the care.

The following table depicts the Cost-Based and Inter-Agency Rates that are effective upon publication of this notice and will remain in effect until the next **Federal Register** notice is published. These rates supersede those established by the **Federal Register** notice published on July 7, 2016, at 81 FR 44409.

	Cost-based rates	Inter-agency rates
A. Hospital Care per inpatient day:		
General Medicine:		
All Inclusive Rate	\$3,805	\$3,645
Physician	455
Ancillary	992
Nursing Room and Board	2,358
Neurology:		
All Inclusive Rate	3,806	3,644
