Comments are requested concerning: Whether the proposed collection of information is necessary for the proper performance of the functions of the Commission, including whether the information shall have practical utility; the accuracy of the Commission's burden estimate; ways to enhance the quality, utility, and clarity of the information collected; ways to minimize the burden of the collection of information on the respondents, including the use of automated collection techniques or other forms of information technology; and ways to further reduce the information collection burden on small business concerns with fewer than 25 employees.

OMB Control Number: 3060-1166.

Title: Section 1.21001, Participation in Competitive Bidding for Support; Section 1.21002, Prohibition of Certain Communications During the Competitive Bidding Process.

Form Number: N/A.

Type of Review: Revision of a currently approved collection.

Respondents: Business or other for-profit entities, not-for-profit institutions, and state, local or tribal governments.

Number of Respondents and Responses: 750 respondents and 750 responses.

Estimated Time per Response: 1.5 hours.

Frequency of Response: On occasion reporting requirement.

Obligation To Respond: Required to obtain or retain benefits. Statutory authority for this information collection 47 U.S.C. 154, 254 and 303(r).

Total Annual Burden: 1,125 hours.

Total Annual Cost: No cost.

Nature and Extent of Confidentiality: There is no need for confidentiality. Information collected in each application for universal service support will be made available for public inspection, and the Commission is not requesting that respondents submit confidential information to the Commission as part of the pre-auction application process. Respondents seeking to have information collected on an application for universal service support withheld from public inspection may request confidential treatment of such information pursuant to section 0.459 of the Commission's rules, 47 CFR 0.459.

Privacy Act Impact Assessment: No impact(s).

Needs and Uses: The Commission will use the information collected to determine whether applicants are eligible to participate in auctions for Universal Service Fund support. On November 18, 2011, the Commission released an order comprehensively reforming and modernizing the universal service and intercarrier compensation systems to ensure that robust, affordable voice and broadband service, both fixed and mobile, are available to Americans throughout the nation. Connect America Fund et al., Order and Further Notice of Proposed Rulemaking, 26 FCC Rcd 17663 (2011) (USF/ICC Transformation Order). In adopting the USF/ICC Transformation Order, the Commission created the Connect America Fund (CAF) to help make broadband available to homes, businesses, and community anchor institutions in areas that do not, or would not otherwise, have broadband. In addition, the Commission created the Connect America Mobility Fund (MF) to ensure the availability of mobile broadband networks in areas where a private-sector business case is lacking and a separate and complementary one-time Tribal Mobility Fund Phase I to accelerate mobile voice and broadband availability in Tribal areas. Finally, the Commission created the Remote Areas

Fund (RAF) to ensure that Americans living in the most remote areas in the nation, where the cost of deploying traditional terrestrial broadband networks is extremely high, can obtain affordable access through alternative technology platforms, including satellite and unlicensed wireless services.

To implement these reforms and conduct competitive bidding for CAF, MF, and RAF support, the Commission adopted new rules containing information collection requirements that would be used to determine whether an applicant is generally qualified to bid for universal service support. The Commission also adopted rules containing information collection requirements that would be used to determine whether an applicant is specifically qualified to bid for Phase I of the Mobility Fund and Tribal Mobility Fund.

Because support under Phase I of the Mobility Fund and Tribal Mobility Fund has been awarded, the Commission is revising the currently approved information collection to remove the information collections requirements that apply specifically to applicants seeking to participate in competitive bidding for Mobility Fund Phase I and Tribal Mobility Fund Phase I support and to retain only those information collections requirements that apply generally to applicants seeking to participate in competitive bidding for universal service support. The Commission also requests that the title of this information collection be changed to "Section 1.21001, Participation in Competitive Bidding for Support; Section 1.21002, Prohibition of Certain Communications During the Competitive Bidding Process" to reflect the revised information collection.

Federal Communications Commission.

Federal Register Liaison Officer, Office of the Secretary.
