

Foreign Assistance Act by reason of the application of any provision of the Foreign Assistance Act or any other provision of law are listed below. This list is based on legal prohibitions against economic assistance that apply as of July 21, 2017.

Prohibited Countries: Low Income Category

Bolivia is ineligible to receive U.S. economic assistance pursuant to section 706(3) of the Foreign Relations Authorization Act, Fiscal Year 2003 (Pub. L. 107-228), regarding adherence to obligations under international counternarcotics agreements and other counternarcotics measures.

Burma is ineligible to receive U.S. economic assistance, absent special authority, because of concerns relative to its record on human rights.

Eritrea is ineligible to receive U.S. economic assistance, including due to its status as a Tier 3 country under the Victims of Trafficking and Violence Protection Act of 2000 (22 U.S.C. 7101 *et seq.*).

North Korea is ineligible to receive U.S. economic assistance, including pursuant to section 7007 of the FY 2017 SFOAA, which prohibits direct assistance to the government of North Korea.

South Sudan is ineligible to receive U.S. economic assistance pursuant to section 7042(i)(2) of the FY 2017 SFOAA, which prohibits, with limited exceptions, assistance to the central government of South Sudan until the Secretary of State certifies and reports to Congress that such government is taking effective steps to end hostilities and pursue good faith negotiations for a political settlement of the internal conflict; provide access for humanitarian organizations; end the recruitment and use of child soldiers; protect freedoms of expression, association, and assembly; reduce corruption related to the extraction and sale of oil and gas; establish democratic institutions; establish accountable military and police forces under civilian authority; and investigate and prosecute individuals credibly alleged to have committed gross violations of human rights, including at the Terrain compound in Juba, South Sudan on July 11, 2016.

Sudan is ineligible to receive U.S. economic assistance, including pursuant to section 7042(j) of the FY 2017 SFOAA, which prohibits (with limited exceptions) assistance to the government of Sudan.

Syria is ineligible to receive U.S. economic assistance, including pursuant to section 7007 of the FY 2017

SFOAA, which prohibits direct assistance to the government of Syria.

Zimbabwe is ineligible to receive U.S. economic assistance, including pursuant to section 7042(k)(2) of the FY 2017 SFOAA, which prohibits (with limited exceptions) assistance for the central government of Zimbabwe unless the Secretary of State certifies and reports to Congress that the rule of law has been restored, including respect for ownership and title to property, and freedoms of expression, association, and assembly.

Countries identified above as candidate countries, as well as countries that would be considered candidate countries but for the applicability of legal provisions that prohibit U.S. economic assistance, may be the subject of future statutory restrictions or determinations, or changed country circumstances, that affect their legal eligibility for assistance under part I of the Foreign Assistance Act by reason of application of the Foreign Assistance Act or any other provision of law for FY 2018.

BILLING CODE 9211-03-P

NATIONAL FOUNDATION ON THE ARTS AND THE HUMANITIES

National Endowment for the Arts

Proposed Collection; Comment Request; 60-Day Notice for Generic Clearance for the Collection of Qualitative Feedback on Agency Service Delivery

AGENCY: National Endowment for the Arts, National Foundation on the Arts and the Humanities.

ACTION: Notice.

SUMMARY: The National Endowment for the Arts (NEA), as part of its continuing effort to reduce paperwork and respondent burden, invites the general public to take this opportunity to comment on the "Generic Clearance for the Collection of Qualitative Feedback on Agency Service Delivery" for approval under the Paperwork Reduction Act (PRA) (44 U.S.C. 3501 *et seq.*). This collection was developed as part of a Federal Government-wide effort to streamline the process for seeking feedback from the public on service delivery. This notice announces our intent to submit this collection to OMB for approval and solicits comments on specific aspects for the proposed information collection.

DATES: Written comments are due by October 31, 2017.

ADDRESSES: Send comments to: Sunil Iyengar, National Endowment for the Arts, 400 7th Street SW., Washington, DC 20506-0001, telephone (202) 682-5424 (this is not a toll-free number), fax (202) 682-5677, or send via email to research@arts.gov.

FOR FURTHER INFORMATION CONTACT: For specific questions related to collection activities, please contact Melissa Menzer, 202-682-5548, menzerm@arts.gov.

SUPPLEMENTARY INFORMATION: Comments submitted in response to this notice may be made available to the public through posting on a government Web site. For this reason, please do not include in your comments information of a confidential nature, such as sensitive personal information or proprietary information. If you send an email comment, your email address will be automatically captured and included as part of the comment that is placed in the public docket and made available on the Internet. Please note that responses to this public comment request containing any routine notice about the confidentiality of the communication will be treated as public comments that may be made available to the public notwithstanding the inclusion of the routine notice.

The proposed information collection activity provides a means to garner qualitative customer and stakeholder feedback in an efficient, timely manner, in accordance with the Administration's commitment to improving service delivery. By qualitative feedback we mean information that provides useful insights on perceptions and opinions, but are not statistical surveys that yield quantitative results that can be generalized to the population of study. This feedback will provide insights into customer or stakeholder perceptions, experiences and expectations, provide an early warning of issues with service, or focus attention on areas where communication, training or changes in operations might improve delivery of products or services. These collections will allow for ongoing, collaborative and actionable communications between the Agency and its customers and stakeholders. It will also allow feedback to contribute directly to the improvement of program management.

The solicitation of feedback will target areas such as: Timeliness, appropriateness, accuracy of information, courtesy, efficiency of service delivery, and resolution of issues with service delivery. Responses will be assessed to plan and inform efforts to improve or maintain the quality of service offered to the public.

If this information is not collected, vital feedback from customers and stakeholders on the Agency's services will be unavailable.

The Agency will only submit a collection for approval under this generic clearance if it meets the following conditions:

- The collections are voluntary;
- The collections are low-burden for respondents (based on considerations of total burden hours, total number of respondents, or burden-hours per respondent) and are low-cost for both the respondents and the Federal Government;
- The collections are non-controversial and do not raise issues of concern to other Federal agencies;
- Any collection is targeted to the solicitation of opinions from respondents who have experience with the program or may have experience with the program in the near future;
- Personally identifiable information (PII) is collected only to the extent necessary and is not retained;
- Information gathered is used only internally for general service improvement and program management purposes and is not intended for release outside of the agency;
- Information gathered is not used for the purpose of substantially informing influential policy decisions; and
- Information gathered yields qualitative information; the collections are not designed or expected to yield statistically reliable results or used as though the results are generalizable to the population of study.

Feedback collected under this generic clearance provides useful information, but it does not yield data that can be generalized to the overall population. This type of generic clearance for qualitative information will not be used for quantitative information collections that are designed to yield reliably actionable results, such as monitoring trends over time or documenting program performance. Such data uses require more rigorous designs that address: The target population to which generalizations will be made, the sampling frame, the sample design (including stratification and clustering), the precision requirements or power calculations that justify the proposed sample size, the expected response rate, methods for assessing potential non-response bias, the protocols for data collection, and any testing procedures that were or will be undertaken prior to fielding the study. Depending on the degree of influence the results are likely to have, such collections may still be eligible for submission for other generic

mechanisms that are designed to yield quantitative results.

As a general matter, information collections will not result in any new system of records containing privacy information and will not ask questions of a sensitive nature, such as sexual behavior and attitudes, religious beliefs, and other matters that are commonly considered private.

Current Actions: Extension of approval for a collection of information.

Type of Review: Extension.

Affected Public: Individuals and Households, Businesses and Organizations, State, Local or Tribal Government.

Below we provide projected average estimates for the next three years:

Estimated Number of Respondents Across All Three Years: 15,000.

Average Expected Annual Number of Activities: 3.

Average Number of Respondents per Activity: 1,667.

Annual Responses: 5,000.

Frequency of Response: Once per request.

Average Minutes per Response: 15.

Average Expected Annual Burden hours: 1,167.

Dated: August 29, 2017.

Kathy Daum,

Director, Administrative Services, National Endowment for the Arts.

BILLING CODE 7537-01-P

NATIONAL SCIENCE FOUNDATION

Notice of Intent To Seek Approval To Establish an Information Collection

AGENCY: National Science Foundation.

ACTION: Notice and request for comments.

SUMMARY: The National Science Foundation (NSF) is announcing plans to request approval for the collection of research and development data through the Evaluation of the National Science Foundation Advanced Technological Education (ATE) Program survey. In accordance with the requirement of the Paperwork Reduction Act of 1995, we are providing opportunity for public comment on this action. After obtaining and considering public comment, NSF will prepare the submission requesting that OMB approve clearance of this collection for no longer than 3 years.

DATES: Written comments on this notice must be received by October 31, 2017 to be assured of consideration. Comments received after that date will be considered to the extent practicable.

FOR ADDITIONAL INFORMATION, CONTACT:

Suzanne H. Plimpton, Reports Clearance Officer, National Science Foundation, 4201 Wilson Boulevard, Suite 1265, Arlington, Virginia 22230; or send email to splimpto@nsf.gov. Individuals who use a telecommunications device for the deaf (TDD) may call the Federal Information Relay Service (FIRS) at 1-800-877-8339, which is accessible 24 hours a day, 7 days a week, 365 days a year (including federal holidays).

SUPPLEMENTARY INFORMATION: Comments are invited on (a) whether the proposed collection of information is necessary for the proper performance of the functions of the NSF, including whether the information shall have practical utility; (b) the accuracy of the NSF's estimate of the burden of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information on respondents, including through the use of automated collection techniques or other forms of information technology; and (d) ways to minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.

Title of Collection: Evaluation of the National Science Foundation Advanced Technological Education (ATE) Program.

OMB Approval Number: 3145-NEW.

Expiration Date of Current Approval: Not applicable.

Type of Request: Intent to establish an information collection.

Abstract: NSF's ATE program focuses on providing Federal funds for the education of technicians at the local, regional, and national levels in advanced technology fields (*i.e.*, advanced manufacturing, agricultural and environmental technology, biological and chemical technology, engineering, information and security, micro/nanotechnologies, and general advanced technological education) to expand the pool of skilled technicians and improve the competitiveness of the United States in international trade. The program supports the education of technicians in strategic advanced technology fields by establishing partnerships between academic institutions and industry and providing resources for the development of curriculum, professional development for college faculty and secondary teachers, and career pathways from secondary schools to 2-year institutions and from 2-year institutions to 4-year institutions. The program also aims to
