Renewable Energy and Energy Efficiency Advisory Committee; Notice of a Meeting

AGENCY: International Trade Administration, U.S. Department of Commerce.

ACTION: Notice of an open meeting.

SUMMARY: The Renewable Energy and Energy Efficiency Advisory Committee (REEEAC) will hold a meeting on Thursday, November 16, 2017 at the U.S. Department of Commerce Herbert C. Hoover Building in Washington, DC. The meeting is open to the public with registration instructions provided below.

DATES: November 16, 2017, from approximately 8:30 a.m. to 5:00 p.m. Eastern Standard Time (EST). Members of the public wishing to participate must register in advance with Victoria Gunderson at the contact information below by 5:00 p.m. EST on Friday, November 10, 2017, in order to pre-register, including any requests to make comments during the meeting or for accommodations or auxiliary aids.

ADDRESSES: To register, please contact Victoria Gunderson, Designated Federal Officer, Office of Energy and Environmental Industries (OEEI), International Trade Administration, U.S. Department of Commerce at (202) 482-7890; email: Victoria.Gunderson@trade.gov.

FOR FURTHER INFORMATION CONTACT: Victoria Gunderson, Designated Federal Officer, Office of Energy and Environmental Industries (OEEI), International Trade Administration, U.S. Department of Commerce at (202) 482-7890; email: Victoria.Gunderson@trade.gov.

SUPPLEMENTARY INFORMATION:

Background: The Secretary of Commerce established the REEEAC pursuant to discretionary authority and in accordance with the Federal Advisory Committee Act, as amended (5 U.S.C. App.), on July 14, 2010. The REEEAC was re-chartered most recently on June 9, 2016. The REEEAC provides the Secretary of Commerce with consensus advice from the private sector

on the development and administration of programs and policies to expand the export competitiveness of the U.S. renewable energy and energy efficiency products and services.

On November 16, the REEEAC will hold the third in-person meeting of its new charter term and hold REEEAC sub-committee working sessions, discuss next steps for each sub-committee (Export Competitiveness, Market Access, and Finance), consider recommendations for approval, and hear from officials from the Department of Commerce and other agencies on major issues affecting the competitiveness of the U.S. renewable energy and energy efficiency industries. Agenda will be made available by November 1 upon request.

The meeting will be open to the public and will be accessible to people with disabilities. All guests are required to register in advance by the deadline identified under the **DATES** caption. Requests for auxiliary aids must be submitted by the registration deadline. Last minute requests will be accepted, but may be impossible to fill.

A limited amount of time before the close of the meeting will be available for oral comments from members of the public attending the meeting. To accommodate as many speakers as possible, the time for public comments will be limited to two to five minutes per person (depending on number of public participants). Individuals wishing to reserve speaking time during the meeting must contact Ms. Gunderson and submit a brief statement of the general nature of the comments, as well as the name and address of the proposed participant by 5:00 p.m. EST on Friday, November 10, 2017. If the number of registrants requesting to make statements is greater than can be reasonably accommodated during the meeting, the International Trade Administration may conduct a lottery to determine the speakers. Speakers are requested to submit a copy of their oral comments by email to Ms. Gunderson for distribution to the participants in advance of the meeting.

Any member of the public may submit written comments concerning the REEEAC's affairs at any time before or after the meeting. Comments may be submitted to the Renewable Energy and Energy Efficiency Advisory Committee, c/o: Victoria Gunderson, Designated Federal Officer, Office of Energy and Environmental Industries, U.S. Department of Commerce; 1401 Constitution Avenue NW.; Mail Stop: 4053; Washington, DC 20230. To be considered during the meeting, written comments must be received no later

than 5:00 p.m. EST on Friday, November 10, 2017, to ensure transmission to the REEEAC prior to the meeting. Comments received after that date will be distributed to the members but may not be considered at the meeting.

Copies of REEEAC meeting minutes will be available within 30 days following the meeting.

Dated: August 29, 2017.

Edward A. O'Malley,

Director, Office of Energy and Environmental Industries.

Certain Aluminum Foil From the People's Republic of China: Alignment of Final Countervailing Duty Determination With Final Antidumping Duty Determination

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The Department of Commerce (the Department) is aligning the final determination in this countervailing duty (CVD) investigation of certain aluminum foil (aluminum foil) from the People's Republic of China (the PRC) with the final determination in the companion antidumping duty (AD) investigation.

DATES: September 5, 2017.

FOR FURTHER INFORMATION CONTACT: John Corrigan at (202) 482-7438, AD/CVD Operations, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW., Washington, DC 20230.

SUPPLEMENTARY INFORMATION:

Background

On March 28, 2017, the Department initiated the CVD and AD investigations of aluminum foil from the PRC.¹ The CVD investigation and AD investigation cover the same class or kind of merchandise.

¹ See *Certain Aluminum Foil from the People's Republic of China: Initiation of Countervailing Duty Investigation*, 82 FR 15688 (March 30, 2017), and *Certain Aluminum Foil from the People's Republic of China: Initiation of Less-Than-Fair-Value Investigation*, 82 FR 15691 (March 30, 2017).

Alignment With AD Final Determination

On August 14, 2017, the Department published the preliminary affirmative CVD determination pertaining to aluminum foil from the PRC.² On August 10, 2017, in accordance with section 705(a) of the Tariff Act of 1930, as amended (the Act), 19 CFR 351.210(b)(4)(i), and 351.210(i), the Aluminum Association Trade Enforcement Group and its individual members, *i.e.*, the petitioners, timely requested alignment of the final CVD determination with final determination in the related AD investigation of aluminum foil from the PRC.³ Therefore, in accordance with section 705(a)(1) of the Act and 19 CFR 351.210(b)(4)(i), we are aligning the final CVD determination with the final AD determination. Consequently, the final CVD determination will be issued on the same date as the final AD determination, which is currently scheduled to be issued on or about December 18, 2017.

This notice is issued and published pursuant to section 705(a)(1) of the Act and 19 CFR 351.210(g).

Dated: August 29, 2017.

Gary Taverman,

Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations performing the non-exclusive functions and duties of the Assistant Secretary for Enforcement and Compliance.

High Pressure Steel Cylinders From the People's Republic of China: Final Results of Expedited Sunset Review of the Countervailing Duty Order

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The Department of Commerce (the Department) finds that revocation of the countervailing duty (CVD) order on high pressure steel cylinders (Steel Cylinders) from the People's Republic of

China (PRC) would be likely to lead to continuation or recurrence of a countervailable subsidy at the levels indicated in the Final Results of Review section of this notice.

DATES: Applicable September 5, 2017.

FOR FURTHER INFORMATION CONTACT: Mark Kennedy, Office I, AD/CVD Operations, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW., Washington, DC 20230; telephone: (202) 482-7883.

SUPPLEMENTARY INFORMATION:

Background

On May 1, 2017, the Department initiated a sunset review of the *CVD Order*¹ on Steel Cylinders from the PRC pursuant to section 751(c) of the Tariff Act of 1930, as amended (the Act).² On May 8, 2017, the Department received a notice of intent to participate in the review on behalf of Norris Cylinder Company (Norris) within the deadline specified in 19 CFR 351.218(d)(1). Norris claimed interested party status under section 771(9)(C) of the Act because it was the petitioner in the underlying countervailing duty investigation and is the sole U.S. producer of Steel Cylinders.

The Department received an adequate substantive response from the domestic industry within the 30-day deadline specified in 19 CFR 351.218(d)(3)(i).³ The Department did not receive a substantive response from the Government of the PRC or any respondent interested party to the proceeding. Because the Department received no response from the respondent interested parties, the Department conducted an expedited review of this *CVD Order*, pursuant to section 751(c)(3)(B) of the Act and 19 CFR 351.218(e)(1)(ii)(B)(2) and (C)(2).

Scope of the Order

The merchandise covered by the scope of the *Order* is seamless steel cylinders designed for storage or transport of compressed or liquefied gas (high pressure steel cylinders). High

pressure steel cylinders are fabricated of chrome alloy steel including, but not limited to, chromium-molybdenum steel or chromium magnesium steel, and have permanently impressed into the steel, either before or after importation, the symbol of a U.S. Department of Transportation, Pipeline and Hazardous Materials Safety Administration (DOT)-approved high pressure steel cylinder manufacturer, as well as an approved DOT type marking of DOT 3A, 3AX, 3AA, 3AAX, 3B, 3E, 3HT, 3T, or DOT-E (followed by a specific exemption number) in accordance with the requirements of sections 178.36 through 178.68 of Title 49 of the Code of Federal Regulations, or any subsequent amendments thereof. High pressure steel cylinders covered by the *Order* have a water capacity up to 450 liters, and a gas capacity ranging from 8 to 702 cubic feet, regardless of corresponding service pressure levels and regardless of physical dimensions, finish or coatings.

Excluded from the scope of the *Order* are high pressure steel cylinders manufactured to UN-ISO-9809-1 and 2 specifications and permanently impressed with ISO or UN symbols. Also excluded from the *Order* are acetylene cylinders, with or without internal porous mass, and permanently impressed with 8A or 8AL in accordance with DOT regulations.

Merchandise covered by the *Order* is classified in the Harmonized Tariff Schedule of the United States (HTSUS) under subheading 7311.00.00.30. Subject merchandise may also enter under HTSUS subheadings 7311.00.00.60 or 7311.00.00.90. Although the HTSUS subheadings are provided for convenience and customs purposes, the written description of the merchandise is dispositive.

Analysis of Comments Received

All issues raised in this review are addressed in the Issues and Decision Memorandum (IDM).⁴ The issues discussed in the Issues and Decision Memorandum include the likelihood of continuation or recurrence of a countervailable subsidy and the net countervailable subsidy likely to prevail if the *CVD Order* were revoked. Parties can find a complete discussion of all issues raised in this expedited sunset review and the corresponding recommendations in this public memorandum, which is on file electronically *via* the Enforcement and Compliance Antidumping and
