USAJOBS is the Federal Government’s centralized source for most Federal jobs and employment information, including both positions that are required by law to be posted at that location and positions that can be posted there at an agency’s discretion. The Applicant Profile and Resume Builder are two components of the USAJOBS application system. USAJOBS reflects the minimal critical elements collected across the Federal Government to begin an application for Federal jobs under the authority of sections 1104, 1302, 3301, 3304, 3320, 3361, 3393, and 3394 of title 5, United States Code. This revision proposes to a reinstatement of a previously approved information collection.

SECURITIES AND EXCHANGE COMMISSION

Self-Regulatory Organizations; The NASDAQ Stock Market LLC; Notice of Filing and Immediate Effectiveness of Proposed Rule Change To Amend Rule 4752(d)(2)(F)(i)

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act"),1 and Rule 19b–4 thereunder,2 notice is hereby given that on August 18, 2017, The NASDAQ Stock Market LLC ("Nasdaq" or “Exchange”) filed with the Securities and Exchange Commission ("Commission") the proposed rule change as described in Items I and II below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization’s Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to amend Rule 4752(d)(2)(F)(i) to permit the Exchange to calculate a derived price for use in the Opening Cross Price Test A when a security is the subject of a corporate action.

The text of the proposed rule change is available on the Exchange’s Web site at http://nasdaq.cchwallstreet.com, at the principal office of the Exchange, and at the Commission’s Public Reference Room.

II. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The purpose of the proposed rule change is to amend Rule 4752(d)(2)(F)(i) to permit the Exchange to calculate a derived price for use in the Opening Cross Price Test A when a security is the subject of a corporate action. The Opening Price Tests are designed to avoid mispriced Opening Crosses, and the use of the clearly erroneous post-trade nullification process, by ensuring that the price established by the Opening Cross is reasonably related to the market and not the product of erroneous order entry. The Exchange believes that the proposed rule change will promote a more efficient Opening Cross by allowing the Exchange to base its Opening Price Tests on prices that are indicative of the value of the security after a corporate action.

Background

Naddaq’s Opening Cross provides an industry-leading, transparent auction process that determines a single price for the opening. Rule 4752(d)(2)(F) describes the Exchange’s price protection for the Opening Cross. Once a security has an Opening Cross price set based on the process described in
