I. Background

Under 49 U.S.C. 31136(e) and 31315, FMCSA may grant an exemption for two years if it finds “such exemption would likely achieve a level of safety that is equivalent to or greater than the level that would be achieved absent such exemption.” The statute also allows the Agency to renew exemptions at the end of the two-year period.

The physical qualification standard for drivers regarding hearing found in 49 CFR 391.41(b)(11) states that a person is physically qualified to drive a CMV if that person:

First perceives a forced whispered voice in the better ear at not less than 5 feet with or without the use of a hearing aid or, if tested by use of an audiometric device, does not have an average hearing loss in the better ear greater than 40 decibels at 500 Hz, 1,000 Hz, and 2,000 Hz with or without a hearing aid when the audiometric device is calibrated to American National Standard (formerly ASA Standard) Z24.5–1951.

49 CFR 391.41(b)(11) was adopted in 1970, with a revision in 1971 to allow drivers to be qualified under this standard while wearing a hearing aid.

As of August 13, 2017, the following four drivers in this notice remain in good standing with the Agency and are not currently achieving the statutory level of safety:

- Ronald E. Todd (IN)
- William K. Jones (MN)
- Jerald M. McCrary (NC)
- Harold R. Deavers (WV)

The four drivers in this notice remain in good standing with the Agency and have not exhibited any medical issues that would compromise or if continuation of their work would not be consistent with the goals and objectives of 49 U.S.C. 31136(e) and 31315.

II. Request for Comments

Interested parties or organizations possessing information that would otherwise show that any, or all, of these drivers are not currently achieving the statutory level of safety should immediately notify FMCSA. The Agency will evaluate any adverse evidence submitted and, if safety is being compromised or if continuation of the exemption would not be consistent with the goals and objectives of 49 U.S.C. 31136(e) and 31315, FMCSA will take immediate steps to revoke the exemption of a driver.

III. Basis for Renewing Exemptions

Under 49 U.S.C. 31315(b)(1), an exemption may be granted for no longer than two years from its approval date and may be renewed upon application. In accordance with 49 U.S.C. 31136(e) and 31315, each of the twelve applicants has satisfied the renewal conditions for obtaining an exemption from the hearing requirement (80 FR 57032; 80 FR 60747). In addition, for Commercial Driver’s License (CDL) holders, the Commercial Driver’s License Information System (CDLIS) and the Motor Carrier Management Information System (MCMIS) are searched for crash and violation data. For non-CDL holders, the Agency reviews the driving records from the State Driver’s Licensing Agency (SDLA).

These factors provide an adequate basis for predicting each driver’s ability to continue to safely operate a CMV in interstate commerce.

The four drivers in this notice remain in good standing with the Agency and have not exhibited any medical issues that would compromise their ability to safely operate a CMV during the previous two-year exemption period. FMCSA has concluded that renewing the exemptions for each of these applicants is likely to achieve a level of safety equal to that existing without the exemption. Therefore, FMCSA has decided to renew each exemption for a two-year period.

As of August 13, 2017, following the four drivers have satisfied the renewal conditions for obtaining an exemption from the hearing requirement in 49 CFR 391.41(b)(11), from driving CMVs in interstate commerce (80 FR 40125):

- Harold R. Deavers (WV)
- Emil Ionetchev (IL)
- Gerald M. McCrary (NC)
- William K. Jones (MN)

The drivers were included in FMCSA–2014–0385. The exemptions were effective on August 13, 2017, and will expire on August 13, 2019.

IV. Conditions and Requirements

The exemptions are extended subject to the following conditions: (1) Each driver must report any crashes or accidents as defined in 49 CFR 390.5; and (2) report all citations and convictions for disqualifying offenses under 49 CFR part 383 and 49 CFR 391 to FMCSA. In addition, the driver must also have a copy of the exemption when driving, for presentation to a duly authorized Federal, State, or local enforcement official. The driver is prohibited from operating a motorcoach or bus with passengers in interstate commerce. The exemption does not exempt the individual from meeting the applicable CDL testing requirements.

Each exemption will be valid for two years unless rescinded earlier by FMCSA. The exemption will be rescinded if: (1) The person fails to comply with the terms and conditions of the exemption; (2) the exemption has resulted in a lower level of safety than was maintained before it was granted; or (3) continuation of the exemption would not be consistent with the goals and objectives of 49 U.S.C. 31136(e) and 31315.

V. Conclusion

Based upon its evaluation of the four exemption applications, FMCSA renews the exemptions of the aforementioned drivers from the hearing requirement in 49 CFR 391.41(b)(11). In accordance with 49 U.S.C. 31136(e) and 31315, each exemption will be valid for two years unless revoked earlier by FMCSA.

Issued on: August 30, 2017.

BILLING CODE 4910–EX–P

DEPARTMENT OF TRANSPORTATION

Federal Motor Carrier Safety Administration

[Docket No. FMCSA–2017–0197]

Hours of Service of Drivers: National Asphalt Pavement Association, Inc.; Application for Exemption

AGENCY: Federal Motor Carrier Safety Administration (FMCSA), DOT.

ACTION: Notice of application for exemption; request for comments.

SUMMARY: FMCSA announces that it has received an application from the National Asphalt Pavement Association, Inc. (NAPA) requesting exemptions from two requirements of the hours-of-service (HOS) regulations for drivers of certain commercial motor vehicles (CMVs) operated by NAPA members, the 30-minute rest break provision and the requirement that short-haul drivers utilizing the record of duty status (RODS) exception return to their work-reporting location within 12 hours of coming on duty. The first exemption would enable drivers engaged in the transportation of asphalt and related materials to use 30 minutes or more of on-duty “waiting time” to satisfy the requirement for the 30-minute rest break, provided they do not perform any other work during the break. The second exemption would allow these drivers to use the short-haul exception but return to their work-reporting location within 14 hours instead of the usual 12 hours.
FMCSA requests public comment on NAPA’s application for exemptions.

DATES: Comments must be received on or before October 10, 2017.

ADDRESSES: You may submit comments identified by Federal Docket Management System Number FMCSA–2017–0197 by any of the following methods:

- Federal eRulemaking Portal: www.regulations.gov. See the Public Participation and Request for Comments section below for further information.
- Hand Delivery or Courier: West Building, Ground Floor, Room W12–140, 1200 New Jersey Avenue SE., between 9 a.m. and 5 p.m. E.T., Monday through Friday, except Federal holidays.

Each submission must include the Agency name and the docket number for this notice. Note that DOT posts all comments received without change to www.regulations.gov, including any personal information included in a comment. Please see the Privacy Act heading below.

Docket: For access to the docket to read background documents or comments, go to www.regulations.gov at any time or visit Room W12–140 on the ground level of the West Building, 1200 New Jersey Avenue SE., Washington, DC, between 9 a.m. and 5 p.m., ET, Monday through Friday, except Federal holidays. The on-line FDMS is available 24 hours each day, 365 days each year.

Privacy Act: In accordance with 5 U.S.C. 553(c), DOT solicits comments from the public to better inform its rulemaking process. DOT posts these comments, without edit, including any personal information the commenter provides, to www.regulations.gov, as described in the system of records notice (DOT/ALL–14 FDMS), which can be reviewed at www.dot.gov/privacy.

FOR FURTHER INFORMATION CONTACT: For information concerning this notice, please contact Mr. Tom Yager, Chief, FMCSA Driver and Carrier Operations Division; Telephone: (614) 942–6477; Email: MCPSD@dot.gov. If you have questions on viewing or submitting material to the docket, contact Docket Services, telephone (202) 366–9826.

SUPPLEMENTARY INFORMATION:

I. Public Participation and Request for Comments

FMCSA encourages you to participate by submitting comments and related materials.

Submitting Comments

If you submit a comment, please include the docket number for this notice (FMCSA–2017–0197), indicate the specific section of this document to which the comment applies, and provide a reason for suggestions or recommendations. You may submit your comments and material online or by fax, mail, or hand delivery, but please use only one of these means. FMCSA recommends that you include your name and a mailing address, an email address, or a phone number in the body of your document so the Agency can contact you if it has questions regarding your submission.

To submit your comment online, go to www.regulations.gov and put the docket number, “FMCSA–2017–0197” in the “Keyword” box, and click “Search.” When the new screen appears, click on “Comment Now!” button and type your comment into the text box in the following screen. Choose whether you are submitting your comment as an individual or on behalf of a third party and then submit. If you submit your comments by mail or hand delivery, submit them in an unbound format, no larger than 8½ by 11 inches, suitable for copying and electronic filing. If you submit comments by mail and would like to know that they reached the facility, please enclose a stamped, self-addressed postcard or envelope. FMCSA will consider all comments and material received during the comment period and may grant or not grant this application based on your comments.

II. Legal Basis

FMCSA has authority under 49 U.S.C. 31313(e) and 31315 to grant exemptions from certain Federal Motor Carrier Safety Regulations (FMCSRs). FMCSA must publish a notice of each exemption request in the Federal Register (49 CFR 381.315(a)). The Agency must provide the public an opportunity to inspect the information relevant to the application, including any safety analyses that have been conducted. The Agency must also provide an opportunity for public comment on the request.

The Agency reviews safety analyses and public comments submitted, and determines whether granting the exemption would likely achieve a level of safety equivalent to, or greater than, the level that would be achieved by the current regulation (49 CFR 381.305). The decision of the Agency must be published in the Federal Register (49 CFR 381.315(b)) with the reasons for denying or granting the application and, if granted, the name of the person or class of persons receiving the exemption, and the regulatory provision from which the exemption is granted. The notice must also specify the effective period (up to 5 years) and explain the terms and conditions of the exemption. The exemption may be renewed (49 CFR 381.300(b)).

III. Request for Exemption

NAPA seeks exemptions for all drivers of member companies transporting asphalt and related materials and equipment, and in the transportation of asphalt and related materials to use 30 minutes or more of on-duty “waiting time” to satisfy the requirement for the 30-minute rest break, provided they do not perform any other work during the break. According to NAPA, asphalt is a highly perishable product. It is loaded into the delivery truck at 280–300 degrees Fahrenheit and begins to cool immediately. If the asphalt is not delivered and placed on the paving site within two hours, the product hardens and is no longer viscous enough to be useable. Drivers of asphalt delivery vehicles typically drive approximately one-third of their workday; the rest of their day is spent waiting to load or unload their vehicles and in other non-driving duties such as paperwork and cleaning their trucks after each load.

The second exemption, if granted, would allow these same drivers to use the short-haul RODS exception but with a 14-hour duty period instead of 12 hours. NAPA advises that while some short-haul drivers will be able to take advantage of the exemption from the 30-minute break, other drivers are often required to be on duty more than 12 hours in a day and therefore are not eligible to use the short-haul exception.

NAPA mentioned that drivers of ready-mixed concrete delivery vehicles were granted an exemption from the minimum 30-minute rest break provision.1 NAPA states that “the same

1 More precisely, section 5521 of the Fixing America’s Surface Transportation (FAST) Act, exempts a “driver of a ready mixed concrete delivery vehicle” from all of the normal hours-of-service regulations, including the 30-minute break rule, who operates within a 100 air-mile radius of his/her normal work reporting location and meets certain other requirements [Pub. L. 114–94, 129 Stat. 1312, 1559, Dec. 4, 2015, codified at 49 U.S.C. 31502(i)]. In addition, FMCSA granted drivers of ready mixed concrete trucks an exemption from the
reasoning supporting the exemptions from the 30-minute break time rule and allowing a 14-hour daily on duty-period for drivers of ready-mixed concrete vehicles applies to drivers engaged in the transportation of asphalt and related materials and equipment. Both are perishable products that are not useable if they are not dropped and spread within a brief delivery window. Because of this short delivery window, the routes from the production facility to the delivery site for both products are limited to less than 40 miles, and the time spent actually driving a CMV is typically only a few hours per day. Thus in both cases, the drivers do not face the same fatigue factors as drivers of long-haul trucks, and therefore do not pose the same risk of a fatigue-related accident as long-haul drivers.”

NAPA requests that the operation of certain vehicles and equipment (Water Truck, Tack (tar) Distributor, Equipment Hauler and Pick-Sweeper (Street Sweeper)) be included in the definition of “transportation of asphalt and related materials and equipment” for purposes of these exemptions.

NAPA states in its application that drivers would remain subject to the HOS regulations and would receive sufficient rest due to the nature of their operations that limit driving to an average of six to seven hours per day or less during the paving season. NAPA believes that granting these exemptions would achieve the same level of safety provided by the two HOS Rules. The requested exemptions are for 5 years with renewals. A copy of NAPA’s application for exemptions is available for review in the docket for this notice.

DEPARTMENT OF TRANSPORTATION
Federal Railroad Administration
[Docket Number FRA–2017–0076]

Petition for Waiver of Compliance

THSX maintains and operates No. 142, a 2-8-2 “Mikado” type steam locomotive built in 1989 by the Tangshan Locomotive Works in China for the New York, Susquehanna & Western Railroad. THSX requests relief from performing the 1472 service day inspection (SDI), for No. 142, regarding inspection of the boiler every 15 calendar years or 1472 service days. This is required under CFR 49 Section 230.17—One thousand four hundred seventy-two (1472) service day inspection. THSX is requesting an additional 58 calendar days before performing a 1472 SDI. The previous SDI was performed on September 2, 2002. Granting relief will allow No. 142 an SDI period of 15 calendar years and 58 calendar days while not exceeding 1472 service days.

No. 142 is operated by THSX on Belvedere & Delaware Railroad for weekly tourist service. THSX’s justification for requesting relief is that No. 142 has only operated for a total 640 service days within the 15-calendar year period. The extension will allow No. 142 to operate through their busiest tourist season. THSX anticipates approximately 18 additional service days during the requested time extension.

A copy of the petition, as well as any written communications concerning the petition, is available for review online at www.regulations.gov and in person at the Department of Transportation’s Docket Operations Facility, 1200 New Jersey Ave. SE., W12–140, Washington, DC 20590. The Docket Operations Facility is open from 9 a.m. to 5 p.m., Monday through Friday, except Federal Holidays.

Interested parties are invited to participate in these proceedings by submitting written views, data, or comments. FRA does not anticipate scheduling a public hearing in connection with these proceedings since the facts do not appear to warrant a hearing. If any interested parties desire an opportunity for oral comment, they should notify FRA, in writing, before the end of the comment period and specify the basis for their request.

All communications concerning these proceedings should identify the appropriate docket number and may be submitted by any of the following methods:

• Web site: http://www.regulations.gov. Follow the online instructions for submitting comments.
• Fax: 202–493–2251.
• Hand Delivery: 1200 New Jersey Avenue SE., Room W12–140, Washington, DC 20590, between 9 a.m. and 5 p.m., Monday through Friday, except Federal Holidays.

Communications received by October 23, 2017 will be considered by FRA before final action is taken. Comments received after that date will be considered if practicable.

Anyone can search the electronic form of any written communications and comments received into any of our dockets by the name of the individual submitting the comment (or signing the document, if submitted on behalf of an association, business, labor union, etc.). Under 5 U.S.C. 553(c), DOT solicits comments from the public to better inform its processes. DOT posts these comments, without edit, including any personal information the commenter provides, to www.regulations.gov, as described in the system of records notice (DOT/ALL–14 FDMS), which can be reviewed at https://www.transportation.gov/privacy. See also https://www.regulations.gov/privacyNotice for the privacy notice of regulations.gov.

BILLING CODE 4910–06–P

DEPARTMENT OF TRANSPORTATION
Maritime Administration
[Docket No. MARAD–2017–0160]

Requested Administrative Waiver of the Coastwise Trade Laws: Vessel BONITA; Invitation for Public Comments

AGENCY: Maritime Administration.

ACTION: Notice.

SUMMARY: The Secretary of Transportation, as represented by the Maritime Administration (MARAD), is authorized to grant waivers of the U.S.- build requirement of the coastwise laws under certain circumstances. A request for such a waiver has been received by MARAD. The vessel, and a brief description of the proposed service, is listed below.
