BILLING CODE 4510-HX-P

DEPARTMENT OF LABOR

Occupational Safety and Health Administration

[Docket No. OSHA-2006-0028]

MET Laboratories, Inc.: Grant of Expansion of Recognition and Update to the NRTL Program’s List of Appropriate Test Standards

AGENCY: Occupational Safety and Health Administration (OSHA), Labor.

ACTION: Notice.

SUMMARY: In this notice, OSHA announces its final decision to expand the scope of recognition for MET Laboratories, Inc., as a Nationally Recognized Testing Laboratory (NRTL). Additionally, OSHA announces its final decision to add two new test standards to the NRTL Program’s List of Appropriate Test Standards.

DATES: The expansion of the scope of recognition becomes effective on September 13, 2017.

FOR FURTHER INFORMATION CONTACT: Information regarding this notice is available from the following sources:

Press inquiries: Contact Mr. Frank Meilinger, Director, OSHA Office of Communications, U.S. Department of Labor, telephone: (202) 693-1999; email: *meilinger.francis@dol.gov*.

General and technical information: Contact Mr. Kevin Robinson, Director, Office of Technical Programs and Coordination Activities, Directorate of Technical Support and Emergency Management, Occupational Safety and Health Administration, U.S. Department of Labor, telephone: (202) 693-2110; email: *robinson.kevin@dol.gov*. OSHA’s Web page includes information about

the NRTL Program (see <http://www.osha.gov/dts/otpca/nrtl/index.html>).

SUPPLEMENTARY INFORMATION:

I. Notice of Final Decision

OSHA hereby gives notice of the expansion of the scope of recognition of MET Laboratories, Inc. (MET) as a NRTL. MET’s expansion covers the addition of three test standards to its scope of recognition.

OSHA recognition of a NRTL signifies that the organization meets the requirements specified by 29 CFR 1910.7. Recognition is an acknowledgment that the organization can perform independent safety testing and certification of the specific products covered within its scope of recognition and is not a delegation or grant of government authority. As a result of recognition, employers may use products properly approved by the NRTL to meet OSHA standards that require testing and certification of the products.

The Agency processes applications by a NRTL for initial recognition, or for expansion or renewal of this recognition, following requirements in Appendix A to 29 CFR 1910.7. This appendix requires that the Agency publish two notices in the **Federal Register** in processing an application. In the first notice, OSHA announces the application and provides its preliminary finding and, in the second notice, the Agency provides its final decision on the application. These notices set forth the NRTL’s scope of recognition or modifications of that scope. OSHA maintains an informational Web page for each NRTL that details its scope of recognition. These pages are available from the Agency’s Web site at: <http://www.osha.gov/dts/otpca/nrtl/index.html>.

MET submitted three applications, dated October 15, 2015 (OSHA-2006-0028-0031), March 2, 2016 (OSHA-2006-0028-0032), and March 18, 2016 (OSHA-2006-0028-0033), to expand its recognition to include three additional test standards, including two test standards to be added to the NRTL Program’s List of Appropriate Test Standards. OSHA staff performed a detailed analysis of the application

packets and reviewed other pertinent information. OSHA did not perform any on-site reviews in relation to these applications.

OSHA published the preliminary notice announcing MET’s expansion applications in the **Federal Register** on June 1, 2017 (82 FR 25338). The Agency requested comments by June 16, 2017, but it received no comments in response to this notice. OSHA now is proceeding with this final notice to grant expansion of MET’s scope of recognition.

To obtain or review copies of all public documents pertaining to MET’s application, go to: www.regulations.gov or contact the Docket Office, Occupational Safety and Health Administration, U.S. Department of Labor, 200 Constitution Avenue NW., Room N-3508, Washington, DC 20210. Docket No. OSHA-2006-0028 contains all materials in the record concerning MET’s recognition.

II. Final Decision and Order

OSHA staff examined MET’s expansion applications, its capability to meet the requirements of the test standards, and other pertinent information. Based on its review of this evidence, OSHA finds that MET meets the requirements of 29 CFR 1910.7 for expansion of its recognition, subject to the limitation and conditions listed below. OSHA, therefore, is proceeding with this final notice to grant MET’s scope of recognition. OSHA limits the expansion of MET’s recognition to testing and certification of products for demonstration of conformance to the test standards listed in Table 1 below.

Additionally, Table 2, below, lists the test standards new to the NRTL Program’s List of Appropriate Test Standards. The Agency evaluated the standards to (1) verify they represent product categories for which OSHA requires certification by a NRTL, (2) verify the documents represent end products and not components, and (3) verify the documents define safety test specifications (not installation or operational performance specifications). Based on this evaluation, OSHA finds that they are appropriate test standards and has added these standards to the NRTL Program’s List of Appropriate Test Standards.

TABLE 1—LIST OF APPROPRIATE TEST STANDARDS FOR INCLUSION IN MET’S NRTL SCOPE OF RECOGNITION

Test standard	Test standard title
UL 2108	Standard for Low Voltage Lighting Systems.
UL 61010-2-91*	Standard for Safety Requirements for Electrical Equipment for Measurement, Control, and Laboratory Use—Part 2-091: Particular Requirements for Cabinet X-Ray Systems.

TABLE 1—LIST OF APPROPRIATE TEST STANDARDS FOR INCLUSION IN MET’S NRTL SCOPE OF RECOGNITION—Continued

Test standard	Test standard title
UL 61010–2–81*	Standard for Safety Requirements for Electrical Equipment for Measurement, Control, and Laboratory Use—Part 2–081: Particular Requirements for Automatic and Semi-Automatic Laboratory Equipment for Analysis and Other Purposes.

* Represents a new standard that OSHA is adding to the NRTL Program’s List of Appropriate Test Standards, as specified in Table 2 below.

TABLE 2—TEST STANDARD OSHA IS ADDING TO THE NRTL PROGRAM’S LIST OF APPROPRIATE TEST STANDARDS

Test standard	Test standard title
UL 61010–2–91	Standard for Safety Requirements for Electrical Equipment for Measurement, Control and Laboratory Use—Part 2–091: Particular Requirements for Cabinet X-Ray Systems.
UL 61010–2–81	Standard for Safety Requirements for Electrical Equipment for Measurement, Control and Laboratory Use—Part 2–081: Particular Requirements for Automatic and Semi-Automatic Laboratory Equipment for Analysis and Other Purposes.

OSHA’s recognition of any NRTL for a particular test standard is limited to equipment or materials for which OSHA standards require third-party testing and certification before using them in the workplace. Consequently, if a test standard also covers any products for which OSHA does not require such testing and certification, a NRTL’s scope of recognition does not include these products.

The American National Standards Institute (ANSI) may approve the test standards listed above as American National Standards. However, for convenience, we may use the designation of the standards-developing organization for the standard as opposed to the ANSI designation. Under the NRTL Program’s policy (see OSHA Instruction CPL 1–0.3, Appendix C, paragraph XIV), any NRTL recognized for a particular test standard may use either the proprietary version of the test standard or the ANSI version of that standard. Contact ANSI to determine whether a test standard is currently ANSI-approved.

A. Conditions

In addition to those conditions already required by 29 CFR 1910.7, MET must abide by the following conditions of the recognition:

1. MET must inform OSHA as soon as possible, in writing, of any change of ownership, facilities, or key personnel, and of any major change in its operations as a NRTL, and provide details of the change(s);
2. MET must meet all the terms of its recognition and comply with all OSHA policies pertaining to this recognition; and
3. MET must continue to meet the requirements for recognition, including all previously published conditions on

MET’s scope of recognition, in all areas for which it has recognition. Pursuant to the authority in 29 CFR 1910.7, OSHA hereby expands the scope of recognition of MET, subject to the limitation and conditions specified above.

III. Authority and Signature

Loren Sweatt, Deputy Assistant Secretary of Labor for Occupational Safety and Health, 200 Constitution Avenue NW., Washington, DC 20210, authorized the preparation of this notice. Accordingly, the Agency is issuing this notice pursuant to 29 U.S.C. 657(g)(2), Secretary of Labor’s Order No. 1–2012 (77 FR 3912, Jan. 25, 2012), and 29 CFR 1910.7.

Signed at Washington, DC, on August 30, 2017.

Loren Sweatt,
Deputy Assistant Secretary of Labor for Occupational Safety and Health.

BILLING CODE 4510–26–P

OFFICE OF MANAGEMENT AND BUDGET

Proposed Designation of Databases for Treasury’s Working System Under the Do Not Pay Initiative

AGENCY: Office of Management and Budget.
ACTION: Notice of proposed designation.

SUMMARY: Section 5(b)(1)(B) of the Improper Payments Elimination and Recovery Improvement Act of 2012 (IPERIA) provides that the Director of the Office of Management and Budget (OMB), in consultation with agencies, may designate additional databases for inclusion under the Do Not Pay (DNP) Initiative. IPERIA further requires OMB

to provide public notice and an opportunity for comment prior to designating additional databases. In fulfillment of this requirement, OMB is publishing this Notice of Proposed Designation to designate the following six databases: (1) The Department of the Treasury’s (Treasury) Office of Foreign Assets Control’s Specially Designated Nationals List (OFAC List), (2) data from the General Services Administration’s (GSA) System for Award Management (SAM) sensitive financial data from entity registration records (including those records formerly housed in the legacy Excluded Parties List System), (3) the Internal Revenue Service’s (IRS) Automatic Revocation of Exemption List (ARL), (4) the IRS’s Exempt Organizations Select Check (EO Select Check), (5) the IRS’s e-Postcard database, and (6) the commercial database American InfoSource (AIS) Deceased Data for inclusion in the Do Not Pay Initiative. This notice has a 30-day comment period.

DATES: Please submit comments on or before October 13, 2017. At the conclusion of the 30-day comment period, if OMB decides to finalize the designation, OMB will publish a notice in the **Federal Register** to officially designate the database.

ADDRESSES: Comments must be submitted electronically before the comment closing date to www.regulations.gov. The public comments received by OMB will be a matter of public record and will be posted at www.regulations.gov. Accordingly, please do not include in your comments any confidential business information or information of a personal-privacy nature.
