Please direct all media inquiries to the Office of the Chief Communications Officer, USPTO, at (571) 272-8400.**SUPPLEMENTARY INFORMATION:** Trade shows can provide opportunities for both the willful and unintentional infringement of intellectual property rights. The transient nature of these events presents challenges for intellectual property rights holders to address an infringement, discover the infringement, take action against it, or, in some cases, even determine against whom to assert their legal rights.

The USPTO is hosting a public roundtable to discuss approaches, strategies, and effective practices for addressing the kinds of infringement that most often occur at trade fairs and shows, including the infringement of copyright, design, patent, and trademark. Topics to be explored will include: How U.S. Government agencies and the courts can be used effectively

when intellectual property rights are infringed at trade shows; legal measures and strategies available to rights holders before, during, and after a trade show; and recent and anticipated trends and challenges faced by rights holders and trade show operators. Speakers drawn from academia, civil and criminal litigation practice, rights holders and industry associations, and the U.S. Government will offer insights, observations, and experiences, on intellectual property infringements at trade shows. They will discuss how to deal with the challenges presented at trade shows, including legal strategies employed in removing allegedly infringing goods from a trade show venue.

Instructions and Information on the Public RoundtableThe public roundtable will be held at the United States Patent and Trademark Office, Global Intellectual Property Academy, Madison Building (East), Second Floor, 600 Dulany Street, Alexandria, Virginia 22314, and will begin at 9 a.m. and end at 4:30 p.m. The event will also be webcast and offered via interactive viewing at USPTO satellite offices in Dallas, Denver, Detroit, and San Jose. The agenda will be available a week before the meeting on the USPTO Web site, <https://www.uspto.gov/learning-and-resources/ip-policy/enforcement/intellectual-property-and-trade-shows>. Registration will be available at the same URL. Attendees may also register at the door thirty (30) minutes prior to the beginning of the meeting, however seating will be limited to no more than 90 persons, and priority will be given to those who preregister. Attendees at all locations, as well as those online, will have an opportunity to submit questions to the speakers, which will be addressed, time permitting, during the question and answer period of each panel session.The public roundtable will be physically accessible to people with disabilities. Individuals requiring accommodation, such as sign language interpretation or other ancillary aids, should communicate their needs to Kortney Hammonds in the Office of Policy and International Affairs, by telephone at (571) 272-1500, by email at kortney.hammonds@uspto.gov, or by postal mail addressed to: Mail Stop OPIA, United States Patent and Trademark Office, P.O. Box 1450, Alexandria, VA 22313-1450, ATTN: Kortney Hammonds, at least seven (7) business days prior to the date of the public roundtable.

Dated: September 8, 2017.

BILLING CODE 3510-16-P**COUNCIL ON ENVIRONMENTAL QUALITY****Initial List of Actions To Enhance and Modernize the Federal Environmental Review and Authorization Process****AGENCY:** Council on Environmental Quality.**ACTION:** Notice.**SUMMARY:** The Council on Environmental Quality (CEQ) is publishing its initial list of actions pursuant to Executive Order 13807 of August 15, 2017, titled "Establishing Discipline and Accountability in the Environmental Review and Permitting Process for Infrastructure Projects," and published on August 24, 2017.**ADDRESSES:** This Initial List of Actions will be available at <https://www.whitehouse.gov/ceq> and on the National Environmental Policy Act (NEPA) Web site at <https://ceq.doe.gov/>.**FOR FURTHER INFORMATION CONTACT:** Council on Environmental Quality (Attn: Ted Boling, Associate Director for the National Environmental Policy Act), 730 Jackson Place NW., Washington, DC 20503. Telephone: (202) 395-5750. Email: NEPA@ceq.eop.gov.**SUPPLEMENTARY INFORMATION:** On August 15, 2017, the President signed Executive Order 13807 titled "Establishing Discipline and Accountability in the Environmental Review and Permitting Process for Infrastructure Projects," which was published on August 24, 2017. 82 FR 40463. The Executive Order directs the Council on Environmental Quality (CEQ) to undertake a number of actions. In particular, Section 5(e)(i) of Executive Order 13807 provides that "[w]ithin 30 days of the date of this order, the CEQ shall develop an initial list of actions it will take to enhance and modernize the Federal environmental review and authorization process. Such actions should include issuing such regulations, guidance, and directives as CEQ may deem necessary to:

(A) Ensure optimal interagency coordination of environmental review and authorization decisions, including by providing for an expanded role and authorities for lead agencies, more clearly defined responsibilities for cooperating and

participating agencies, and Government-wide applicability of NEPA decisions and analyses;

(B) ensure that environmental reviews and authorization decisions involving multiple agencies are conducted in a manner that is concurrent, synchronized, timely, and efficient;

(C) provide for agency use, to the maximum extent permitted by law, of environmental studies, analysis, and decisions conducted in support of earlier Federal, State, tribal, or local environmental reviews or authorization decisions; and

(D) ensure that agencies apply NEPA in a manner that reduces unnecessary burdens and delays as much as possible, including by using CEQ's authority to interpret NEPA to simplify and accelerate the NEPA review process."

Pursuant to Section 5(e)(i) of Executive Order 13807, CEQ identifies the following initial list of actions that it intends to undertake to enhance and modernize the Federal environmental review and authorization process:

1. To comply with Section 5(b)(iv) of Executive Order 13807, CEQ intends to develop with the Office of Management and Budget (OMB), and in consultation with the Federal Permitting Improvement Steering Council (Permitting Council), a framework providing for the implementation of One Federal Decision. This framework may be supplemented with additional guidance and directives as needed.

2. To comply with Section 5(d) of Executive Order 13807, CEQ will refer various requests for designation of State projects pursuant to Executive Order 13766 to the Permitting Council, Department of Transportation and U.S. Army Corps of Engineers as appropriate. CEQ will, as appropriate in response to any additional requests from States, refer projects that qualify for designation as high priority projects in accordance with Section 5(d) of Executive Order 13807.

3. To comply with Section 5(e)(i) of the Executive Order, CEQ intends to (a) revise, modify or supplement its existing guidance regarding:

- i. Establishing, Applying, and Revising Categorical Exclusions under NEPA, with supporting information regarding established Categorical Exclusions;
- ii. Preparing Environmental Assessments;
- iii. Improving the Process for Preparing Efficient and Timely Environmental Reviews under NEPA;
- iv. Appropriate Use of Mitigation and Monitoring and Appropriate Use of Mitigated Findings of No Significant Impact; and
- v. Environmental Collaboration and Conflict Resolution;

(b) review existing CEQ Regulations implementing the procedural provisions of NEPA in order to identify changes needed to update and clarify those regulations; and

(c) issue such additional guidance to agency heads as CEQ may deem necessary to simplify and accelerate the NEPA process for infrastructure projects, including infrastructure-specific guidance to be compiled in a NEPA practitioners' handbook for infrastructure project proposals, to address issues including but not limited to the following:

- i. public involvement, including meetings and sufficiency of notice;
- ii. deference to the lead Federal agency with regard to key NEPA elements such as the development of the statement of purpose and need and range of alternatives;
- iii. appropriate cumulative impacts analysis methodologies or tools for infrastructure projects;
- iv. sources of information that may be relied upon in analyzing impacts;
- v. reliance on prior studies, analyses or decisions for projects within the same general locations; and
- vi. reliance on State, local and tribal environmental impacts analyses for purposes of NEPA.

4. To comply with Section 5(e)(iii), CEQ will convene an interagency Executive Order 13807 Working Group, consisting of agency Chief Environmental Review and Permit Officers, the OMB Director, and representatives of other such Federal agencies as CEQ shall deem appropriate. The working group shall review the NEPA implementing regulations and other environmental review and authorization procedures and policies of Federal agencies that are members of the Permitting Council to identify impediments to the efficient and effective processing of environmental reviews and authorizations for infrastructure projects and to identify agencies that require an action plan to address the identified impediments. Based on this review, involved Federal agencies shall develop their action plans setting forth the actions they will take as well as timelines for completing those actions, and submit their action plans to CEQ and OMB for comment. Each agency's action plan shall, at a minimum, establish procedures for a regular review and update of categorical exclusions, where appropriate. CEQ anticipates that the working group will address a number of issues relating to environmental reviews, including but not limited to consultations pursuant to Section 7 of the Endangered Species Act, compliance with Section 106 of the

National Historic Preservation Act, and permitting and certifications pursuant to the Clean Water Act.
