SUPPLEMENTARY INFORMATION:

I. Abstract

This request is for a revision/extension of a currently approved information collection.

The Magnuson-Stevens Fishery Conservation and Management Act 16 U.S.C. 1801 *et seq.* authorizes the North Pacific Fishery Management Council to prepare and amend fishery management plans for any fishery in waters under its jurisdiction. National Marine Fisheries Service, Alaska Region (NMFS) manages (1) the crab fisheries in the Exclusive Economic Zone waters off the coast of Alaska under the Fishery Management Plan for Bering Sea and Aleutian Islands Crab, (2) groundfish under the Fishery Management Plan for the Groundfish of the Bering Sea and Aleutian Islands Management Area, and (3) groundfish

under the Fishery Management Plan for Groundfish of the Gulf of Alaska. The International Pacific Halibut Commission (IPHC) and NMFS manage fishing for Pacific halibut (*Hippoglossus stenolepis*) through regulations established under the authority of the Northern Pacific Halibut Act of 1982. The IPHC promulgates regulations governing the halibut fishery under the Convention between the United States and Canada for the Preservation of the Halibut Fishery of the Northern Pacific Ocean and Bering Sea.

Vessels required to have a Federal Fisheries Permit are issued free daily fishing logbooks (DFLs) for harvesters and daily cumulative production logbooks (DCPL) for processors to record groundfish, Crab Rationalization Program crab, Individual Fishing Quota (IFQ) halibut, IFQ sablefish, Western Alaska Community Development Quota Program halibut, and prohibited species catch information. Catcher vessels under 60 ft (18.3 m) length overall are not required to maintain DFLs. Multiple self-copy logsheets within each logbook are available for distribution to the harvester, processor, observer program, and NOAA Office for Law Enforcement. The longline or pot gear logbooks have an additional logsheet for submittal to the IPHC.

As electronic logbooks become available, paper logbooks are discontinued and removed from this collection. The forms and DFL and DCPL logsheets may be viewed on the NMFS Alaska Region Home Page at <https://alaskafisheries.noaa.gov/fisheries/rr-log>.

In addition to the logbooks, this collection includes the check-in/check-out reports for shoreside processors and motherships, the product transfer report, and the U.S. vessel activity report.

The information collection currently approved under OMB Control Number
