## ENVIRONMENTAL PROTECTION AGENCY

[FRL-9967-98-OW]

### Clean Water Act; Contractor Access to Confidential Business Information

**AGENCY:** Environmental Protection Agency (EPA).

**ACTION:** Notice of Intended Transfer of Confidential Business Information to Contractor.

**SUMMARY:** The Environmental Protection Agency (EPA) intends to transfer confidential business information (CBI) collected from the steam electric power generating industry to ICF International (ICF). Transfer of the information will allow the contractor to support EPA in its reconsideration of effluent limitations guidelines and standards promulgated for the Steam Electric Power Generating Point Source Category on November 3, 2015. The information being transferred was or will be collected under the authority of section 308 of the Clean Water Act (CWA). Interested persons may submit

comments on this intended transfer of information to the address noted below.

**DATES:** Comments on the transfer of data are due September 27, 2017.

**ADDRESSES:** Comments may be sent to M. Ahmar Siddiqui, Document Control Officer, Engineering and Analysis Division (4303T), U.S. EPA, 1200 Pennsylvania Ave. NW., Washington, DC 20460.

**FOR FURTHER INFORMATION CONTACT:** M. Ahmar Siddiqui, Document Control Officer, at (202) 566-1044, or via email at [siddiqui.ahmar@epa.gov](mailto:siddiqui.ahmar@epa.gov).

**SUPPLEMENTARY INFORMATION:** EPA has transferred CBI to various contractors and subcontractors over the history of the effluent guidelines program under 40 CFR 2.302(h). EPA determined that this transfer was necessary to enable the contractors and subcontractors to perform their work in supporting EPA in planning, developing, and reviewing effluent guidelines and standards for certain industries.

Today, pursuant to 40 CFR 2.302(h)(2), EPA is giving notice that it will be transferring CBI to ICF (located in Fairfax, VA), which operates under contract number EP-C-16-011. The purpose of this transfer is to support economic analysis support for EPA in its reconsideration of effluent limitations guidelines and standards for the Steam Electric Power Generating Point Source Category established in 2015.

All EPA contractor, subcontractor, and consultant personnel are bound by the requirements and sanctions contained in their contracts with EPA and in EPA's confidentiality regulations found at 40 CFR part 2, subpart B. ICF will adhere to an EPA-approved security plan which describes procedures to protect CBI. ICF will apply the procedures in this plan to CBI previously gathered by EPA and to CBI that may be gathered in the future. The security plan specifies that contractor personnel are required to sign non-disclosure agreements and are briefed on appropriate security procedures before they are permitted access to CBI. No person is automatically granted access to CBI: A need to know must exist.

The information that will be transferred to ICF consists of information previously collected by EPA to support the development of effluent limitations guidelines and standards under the CWA for the Steam Electric Power Generating Point Source Category and any that may be collected in the future under the authority of section 308 of the CWA or voluntarily submitted (*e.g.*, in comments in

response to a **Federal Register** notice), as is necessary to enable ICF to support EPA's reconsideration of the aforementioned effluent limitations guidelines and standards.

Dated: September 8, 2017.

**Jeff Lape,**

*Acting Director, Office of Science and Technology, Office of Water.*

### Interim Registration Review Decision for 22 Sulfonylurea Pesticides; Notice of Availability

**AGENCY:** Environmental Protection Agency (EPA).

**ACTION:** Notice.

**SUMMARY:** This notice announces the availability of EPA's interim registration review decision for the 22 sulfonylurea herbicide chemicals listed in the Table in Unit II of this Notice. It also announces the case closure for desmedipham (Case 2150 and Docket ID Number: EPA-HQ-OPP-2010-1044), Busan 1024 (case 5026 and Docket ID Number: EPA-HQ-OPP-2006-0243), Bis (trichloromethyl) sulfone (BTS) (Case 2055 and Docket ID Number: EPA-HQ-OPP-2011-0614), Perboric Acid (Case 5007 and Docket ID Number: EPA-HQ-OPP-2012-0006), and profenofos (Case 2540 and Docket ID Number: EPA-HQ-OPP-2008-0345) because all of the U.S. registrations for these pesticides have been canceled. Registration review is EPA's periodic review of pesticide registrations to ensure that each pesticide continues to satisfy the statutory standard for registration; that is, the pesticide can perform its intended function without causing unreasonable adverse effects on human health or the environment. Through this program, EPA is ensuring that each pesticide's registration is based on current scientific and other knowledge, including its effects on human health and the environment.

#### FOR FURTHER INFORMATION CONTACT:

*For pesticide specific information, contact:* The Chemical Review Manager for the pesticide of interest identified in the table in Unit II of **SUPPLEMENTARY INFORMATION**.

*For general information on the registration review program, contact:* Dana Friedman, Pesticide Re-Evaluation Division (7508P), Office of Pesticide Programs, Environmental Protection
