

ensures that VA and VA beneficiaries will be protected by adequate insurance coverage.

VAAR clause 852.228–71, Indemnification and Insurance, is used in solicitations for vehicle or aircraft services. It requires the apparent successful bidder/offeror, prior to contract award, to furnish evidence that the firm possesses the types and amounts of insurance required by the solicitation. This evidence is in the form of a certificate from the firm's insurance company. The information is required to protect VA by ensuring that the firm to which award will be made possesses the types and amounts of insurance required by the solicitation. It helps ensure that VA will not be held liable for any negligent acts of the contractor and ensures that VA beneficiaries and the public are protected by adequate insurance coverage.

VAAR clause 852.207–70, Report of Employment Under Commercial Activities, is used in solicitations for commercial items and services where the work is currently being performed by VA employees and where those employees might be displaced as a result of an award to a commercial firm. The clause requires contractors awarded such contracts to provide, within 5 days of contract award, a list of employment openings, including salaries and benefits, and blank job application forms. The clause also requires the contractor, prior to the contract start date, to report: The names of adversely affected Federal employees offered employment openings; the date the offer was made; a description of the position; the date of acceptance and the effective date of employment; the date of rejection if an employee rejected an offer; the salary and benefits contained in any rejected offer; and the names of employees who applied for but were not offered employment and the reasons for withholding offers to those employees. In addition, the clause requires the contractor, during the first 90 days of contract performance, to report the names of all persons hired or terminated under the contract. The information will be used by the contracting officer to monitor and ensure compliance by the contractor with the requirements of FAR clause 52.207–3, Right of First Refusal of Employment.

VA uses the information to determine whether additional contract terms and conditions are necessary to mitigate the conflict. An agency may not conduct or sponsor, and a person is not required to respond to a collection of information unless it displays a currently valid OMB control number.
