Texas Gas Transmission, LLC; Notice of Schedule for Environmental Review of the Morgan City and Youngsville Compressor Station Abandonment Project

On April 26, 2017, Texas Gas Transmission, LLC (Texas Gas) filed an application in Docket No. CP17–256–000 requesting authorization pursuant to Section 7(b) of the Natural Gas Act, to abandon in-place certain compression facilities. The proposed project is known as the Morgan City and Youngsville Compressor Station Abandonment Project (Project), and would consist of abandoning in-place certain facilities at the Morgan City Compressor Station in Assumption Parish, Louisiana, and the Lafayette (referred to as “Youngsville”) Compressor Station in Lafayette Parish, Louisiana. In addition, Texas Gas would relinquish the firm design capacity associated with the Project facilities.

On May 9, 2017, revised on May 19, 2017, the Federal Energy Regulatory Commission (Commission or FERC) issued its Notice of Application for the Project. Among other things, that notice alerts agencies issuing federal authorizations of the requirement to complete all necessary reviews and to reach a final decision on a request for a federal authorization within 90 days of the date of issuance of the Commission staff's Environmental Assessment (EA) for the Project. This instant notice identifies the FERC staff's planned schedule for the completion of the EA for the Project.

Schedule for Environmental Review
Issuance of EA, September 25, 2017
90-day Federal Authorization Decision Deadline, December 24, 2017

If a schedule change becomes necessary, additional notice will be provided so that the relevant agencies are kept informed of the Project's progress.

Project Description
Texas Gas proposes to abandon in-place the Morgan City Compressor Station consisting of one 9,100 horsepower gas-fired turbine compressor unit, a compressor building, yard and station piping, and appurtenant auxiliary facilities located in Assumption Parish, Louisiana, and abandon in-place one 9,100 horsepower gas-fired turbine compressor unit and its compressor building at the Lafayette (Youngsville) Compressor Station located in Lafayette Parish, Louisiana.

Additional Information
In order to receive notification of the issuance of the EA and to keep track of all formal issuances and submittals in specific dockets, the Commission offers a free service called eSubscription. This can reduce the amount of time you spend researching proceedings by automatically providing you with notification of these filings, document summaries, and direct links to the documents. Go to www.ferc.gov/docs-filing/esubscription.asp.

Additional information about the Project is available from the Commission’s Office of External Affairs at (866) 208–FERC or on the FERC Web site (www.ferc.gov). Using the eLibrary link, select General Search from the eLibrary menu, enter the selected date range and “Docket Number” excluding the last three digits (i.e., CP17–256), and follow the instructions. For assistance with access to eLibrary, the helpline can be reached at (866) 208–3676, TTY (202) 502–8659, or at FERConlineSupport@ferc.gov. The eLibrary link on the FERC Web site also provides access to the texts of formal documents issued by the Commission, such as orders, notices, and rule makings.

Dated: September 14, 2017.
Nathaniel J. Davis, Sr.,
Deputy Secretary.

ENVIRONMENTAL PROTECTION AGENCY

Clean Water Act; Contractor Access to Confidential Business Information

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice of Intended Transfer of Confidential Business Information to Contractor.

SUMMARY: The Environmental Protection Agency (EPA) intends to transfer confidential business information (CBI) collected from the steam electric power generating industry to ICF International (ICF). Transfer of the information will allow the contractor to support EPA in its reconsideration of effluent limitations guidelines and standards promulgated for the Steam Electric Power Generating Point Source Category on November 3, 2015. The information being transferred was or will be collected under the authority of section 308 of the Clean Water Act (CWA). Interested persons may submit comments on this intended transfer of information to the address noted below.

DATES: Comments on the transfer of data are due September 27, 2017.

ADDRESSES: Comments may be sent to M. Ahmar Siddiqui, Document Control Officer, Engineering and Analysis Division (4303T), U.S. EPA, 1200 Pennsylvania Ave. NW., Washington, DC 20460.

FOR FURTHER INFORMATION CONTACT: M. Ahmar Siddiqui, Document Control Officer, at (202) 566–1044, or via email at siddiqui.ahmar@epa.gov.

SUPPLEMENTARY INFORMATION: EPA has transferred CBI to various contractors and subcontractors over the history of the effluent guidelines program under 40 CFR 2.302(h). EPA determined that this transfer was necessary to enable the contractors and subcontractors to perform their work in supporting EPA in planning, developing, and reviewing effluent guidelines and standards for certain industries.

Today, pursuant to 40 CFR 2.302(h)(2), EPA is giving notice that it will be transferring CBI to ICF (located in Fairfax, VA), which operates under contract number EP–C–16–011. The information that will be transferred is CBI previously gathered by EPA and to CBI permits that may be gathered in the future. The security plan specifies that contractor and consultant personnel are bound by the requirements and sanctions contained in their contracts with EPA and in EPA’s confidentiality regulations and in EPA’s reconsideration of effluent limitations guidelines and standards for the Steam Electric Power Generating Point Source Category established in 2015.

All EPA contractor, subcontractor, and consultant personnel are required to sign non-disclosure agreements and are briefed on appropriate security procedures before they are permitted access to CBI. No person is automatically granted access to CBI: A need to know must exist.

The information that will be transferred to ICF consists of information previously collected by EPA to support the development of effluent limitations guidelines and standards under the CWA for the Steam Electric Power Generating Point Source Category and any that may be collected before they are permitted access to CBI. Any that may be collected in the future under the authority of section 308 of the CWA or voluntarily submitted (e.g., in comments in response to a Federal Register notice), as is necessary to enable ICF to support EPA’s reconsideration of the aforementioned effluent limitations guidelines and standards.

Dated: September 8, 2017.

Jeff Lape,
Acting Director, Office of Science and Technology, Office of Water.

Interim Registration Review Decision for 22 Sulfonylurea Pesticides; Notice of Availability

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: This notice announces the availability of EPA’s interim registration review decision for the 22 sulfonylurea herbicide chemicals listed in the Table in Unit II of this Notice. It also announces the case closure for desmedipham (Case 2150 and Docket ID Number: EPA–HQ–OPP–2010–1044), Bis (trichloromethyl) sulfone (BTS) (Case 2055 and Docket ID Number: EPA–HQ–OPP–2006–0243), and profenofos (Case 2540 and Docket ID Number: EPA–HQ–OPP–2011–0614) because all of the U.S. registrations for these pesticides have been canceled.

Registration review is EPA’s periodic review of pesticide registrations to ensure that each pesticide continues to satisfy the statutory standard for registration; that is, the pesticide can perform its intended function without causing unreasonable adverse effects on human health or the environment.

Through this program, EPA is ensuring that each pesticide’s registration is based on current scientific and other knowledge, including its effects on human health and the environment.

FOR FURTHER INFORMATION CONTACT:

For pesticide specific information, contact: The Chemical Review Manager for the pesticide of interest identified in the table in Unit II of SUPPLEMENTARY INFORMATION.

For general information on the registration review program, contact: Dana Friedman, Pesticide Re-Evaluation Division (7508P), Office of Pesticide Programs, Environmental Protection...
