

Portfolio Positions currently held by the Funds. Applicants also seek relief from the prohibitions on affiliated transactions in section 17(a) to permit a Fund to sell its shares to and redeem its shares from an Acquiring Fund, and to engage in the accompanying in-kind transactions with the Acquiring Fund.² The purchase of Creation Units by an Acquiring Fund directly from a Fund will be accomplished in accordance with the policies of the Acquiring Fund and will be based on the NAVs of the Funds.

9. Section 6(c) of the Act permits the Commission to exempt any persons or transactions from any provision of the Act if such exemption is necessary or appropriate in the public interest and consistent with the protection of investors and the purposes fairly intended by the policy and provisions of the Act. Section 12(d)(1)(J) of the Act provides that the Commission may exempt any person, security, or transaction, or any class or classes of persons, securities, or transactions, from any provision of section 12(d)(1) if the exemption is consistent with the public interest and the protection of investors. Section 17(b) of the Act authorizes the Commission to grant an order permitting a transaction otherwise prohibited by section 17(a) if it finds that (a) the terms of the proposed transaction are fair and reasonable and do not involve overreaching on the part of any person concerned; (b) the proposed transaction is consistent with the policies of each registered investment company involved; and (c) the proposed transaction is consistent with the general purposes of the Act.

For the Commission, by the Division of Investment Management, under delegated authority.

Assistant Secretary.

² The requested relief would apply to direct sales of shares in Creation Units by a Fund to an Acquiring Fund and redemptions of those shares. Applicants, moreover, are not seeking relief from section 17(a) for, and the requested relief will not apply to, transactions where a Fund could be deemed an affiliated person, or a second-tier affiliate, of an Acquiring Fund because an Adviser or an entity controlling, controlled by or under common control with an Adviser provides investment advisory services to that Acquiring Fund.

submit additional comments at this time, they need not re-submit earlier comments. In addition, the Commission seeks comment on the following:

1. The Proposed Rule Change would require each Netting Member to attest that its Individual Total Amount has been incorporated into its liquidity plans (“Attestation Requirement”).¹¹ The Commission requests comment on the means by which the various types of Netting Members anticipate complying with the Proposed Rule Change, including the Attestation Requirement, and the expected cost (monetary or otherwise) of such compliance. To the extent possible, please provide specific data, analyses, or studies for support.

2. The Proposed Rule Change would require FICC to provide each Netting Member with a daily “liquidity funding report” to help the Netting Member monitor and manage the liquidity risk it presents to FICC. The Commission requests comment on the value of such daily reporting to Netting Members and the extent to which and, if so, how Netting Members anticipate adjusting their trading behavior or otherwise managing the liquidity risk they present to FICC, whether in reliance on the daily liquidity funding report or otherwise. Please explain and, to the extent possible, provide specific data, analyses, or studies on potential changes to trading behavior or other adjustments to manage liquidity obligations to FICC for support.

a. If such adjustments would include changes in market participation, participation in certain market segments, or the quantity or price of services offered to clients, please provide information of such changes, in addition to any supporting data, analyses, or studies.

b. If such adjustments would include deciding to clear repo transactions bilaterally, instead of centrally through FICC, please provide the rationale and factors considered in making that decision, in addition to any supporting data, analyses, or studies.
