[Docket No. CP17–490–000]

Transcontinental Gas Pipe Line Company, LLC; Notice of Application

Take notice that on August 31, 2017,
 Transcontinental Gas Pipe Line
 Company, LLC (Transco), 2800 Post Oak
 Boulevard, Houston, Texas 77056–6106,
 filed an application under section 7(c)
 of the Natural Gas Act (NGA), and Part
 157 of the Commission's regulations,
 requesting authorization to construct
 and operate its Rivervale South to
 Market Project, an expansion of
 Transco's interstate natural gas
 transmission system in New Jersey. The
 project will enable Transco to provide
 an additional 190,000 dekatherms per
 day (Dth/d) of firm transportation
 capacity from the interconnection with
 Tennessee Gas Pipeline Company, LLC
 (Tennessee) in River Vale, Bergen
 County, New Jersey (Rivervale
 Interconnect) to Transco's Central
 Manhattan Meter Station in Hudson
 County, New Jersey, and the Station 210
 pooling point in Mercer County, New
 Jersey. The project will include
 construction of a 0.61 mile 42-inch loop,
 a pressure uprate of the North New
 Jersey Extension pipeline (NNJ
 Extension), modifications at the Orange
 and Rockland, Emerson, Paramus, and
 Central Manhattan meter and regulating
 (M&R) stations, and construction or
 modification of related appurtenant
 facilities all within New Jersey, all as
 more fully set forth in the application
 which is on file with the Commission
 and open for public inspection.

The filing may also be viewed on the
 web at <http://www.ferc.gov> using the
 eLibrary link. Enter the docket number
 excluding the last three digits in the
 docket number field to access the
 document. For assistance, please contact
 FERC at FERCOnlineSupport@ferc.gov
 or toll free at (866) 208–3676, or TTY,
 (202) 502–8659.

Any questions regarding the proposed
 project should be directed to Marg
 Camardello, Transcontinental Gas Pipe
 Line Company, LLC, P.O. Box 1396,
 Houston, Texas 77251, or by calling
 (713) 215–3380 or by email at PipelineExpansion@williams.com.

Pursuant to Section 157.9 of the Commission's rules, 18 CFR 157.9, within 90 days of this Notice the Commission staff will either: complete its environmental assessment (EA) and place it into the Commission's public record (eLibrary) for this proceeding; or issue a Notice of Schedule for Environmental Review. If a Notice of Schedule for Environmental Review is issued, it will indicate, among other milestones, the anticipated date for the Commission staff's issuance of the final environmental impact statement (FEIS) or EA for this proposal. The filing of the EA in the Commission's public record for this proceeding or the issuance of a Notice of Schedule for Environmental Review will serve to notify federal and state agencies of the timing for the completion of all necessary reviews, and the subsequent need to complete all federal authorizations within 90 days of the date of issuance of the Commission staff's FEIS or EA.

There are two ways to become involved in the Commission's review of this project. First, any person wishing to obtain legal status by becoming a party to the proceedings for this project should, on or before the comment date stated below, file with the Federal Energy Regulatory Commission, 888 First Street NE., Washington, DC 20426, a motion to intervene in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 385.214 or 385.211) and the Regulations under the NGA (18 CFR 157.10). A person obtaining party status will be placed on the service list maintained by the Secretary of the Commission and will receive copies of all documents filed by the applicant and by all other parties. A party must submit 7 copies of filings made with the Commission and must mail a copy to the applicant and to every other party in the proceeding. Only parties to the proceeding can ask for court review of Commission orders in the proceeding.

However, a person does not have to intervene in order to have comments considered. The second way to participate is by filing with the Secretary of the Commission, as soon as possible, an original and two copies of comments in support of or in opposition to this project. The Commission will consider these comments in determining the appropriate action to be taken, but the filing of a comment alone will not serve to make the filer a party to the proceeding. The Commission's rules require that persons filing comments in opposition to the project provide copies of their protests only to the party or parties directly involved in the protest.

Persons who wish to comment only on the environmental review of this project should submit an original and two copies of their comments to the Secretary of the Commission. Environmental commenters will be placed on the Commission's environmental mailing list, will receive copies of the environmental documents, and will be notified of meetings associated with the Commission's environmental review process. Environmental commenters will not be required to serve copies of filed documents on all other parties. However, the non-party commenters will not receive copies of all documents filed by other parties or issued by the Commission (except for the mailing of environmental documents issued by the Commission) and will not have the right to seek court review of the Commission's final order.

The Commission strongly encourages electronic filings of comments, protests and interventions in lieu of paper using the eFiling link at <http://www.ferc.gov>. Persons unable to file electronically should submit an original and 5 copies of the protest or intervention to the Federal Energy Regulatory Commission, 888 First Street NE., Washington, DC 20426.

Comment Date: 5:00 p.m. Eastern Time on October 6, 2017.

Dated: September 15, 2017.
