EPA Smart Sectors Program Launch

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: The U.S. Environmental Protection Agency (EPA) is announcing the Smart Sectors program in the Office of Policy. Based on the successful EPA Sector Strategies program, EPA's Smart Sectors program will re-examine how

EPA engages with industry in order to reduce unnecessary regulatory burden, create certainty and predictability, and improve the ability of both EPA and industry to conduct long-term regulatory planning while also protecting the environment and public health.

FOR FURTHER INFORMATION CONTACT:

Daisy Letendre, Senior Advisor for Policy and Strategic Communications, Office of Policy, Office of Administrator, Environmental Protection Agency, Mail Code: 1104A, 1200 Pennsylvania Ave. NW., Washington, DC 200460; telephone number: (202) 564-0410; email address: *sectors@epa.gov*.

SUPPLEMENTARY INFORMATION:

General Information

EPA has initially identified the following sectors to work with: Aerospace; agriculture; automotive; cement and concrete; chemical manufacturing; construction; electronics and technology; iron and steel; oil and gas; ports and shipping; and utilities and power generation. Sectors were selected based on each sector's potential to improve the environment and public health. EPA welcomes participation from other stakeholders.

The Smart Sectors program will designate staff-level points of contact who are highly knowledgeable about specific industries. These individuals will act as liaisons among industry trade associations and companies, EPA program and regional offices, state and local governments, and other stakeholder groups. The sector liaisons will focus their attention primarily on three main areas: Building relationships and improving customer service to sectors; developing additional expertise in each industry's operations and environmental performance; and informing the planning of future policies, regulations, and Agency processes.

EPA anticipates that participating industries will benefit from coordinated, cooperative, and constructive problem-solving with government. The Agency will invite participating industries to engage in active dialogue and offer their own innovative ideas to reduce environmental impacts. Because industry-wide environmental performance improvement is the goal, EPA will work with trade associations and others to find creative ways to document environmental progress and burden reductions.

Dated: September 14, 2017.

Samantha K. Dravis,

Associate Administrator for Policy.

FEDERAL COMMUNICATIONS COMMISSION

[OMB 3060-1013]

Information Collection Being Reviewed by the Federal Communications Commission Under Delegated Authority

AGENCY: Federal Communications Commission.

ACTION: Notice and request for comments.

SUMMARY: As part of its continuing effort to reduce paperwork burdens, and as required by the Paperwork Reduction Act (PRA), the Federal Communications Commission (FCC or Commission) invites the general public and other Federal agencies to take this opportunity to comment on the following information collections. Comments are requested concerning: Whether the proposed collection of information is necessary for the proper performance of the functions of the Commission, including whether the information shall have practical utility; the accuracy of the Commission's burden estimate; ways to enhance the quality, utility, and clarity of the information collected; ways to minimize the burden of the collection of information on the respondents, including the use of automated collection techniques or other forms of information technology; and ways to further reduce the information collection burden on small business concerns with fewer than 25 employees.

The FCC may not conduct or sponsor a collection of information unless it displays a currently valid Office of Management and Budget (OMB) control number. No person shall be subject to any penalty for failing to comply with a collection of information subject to the PRA that does not display a valid OMB control number.

DATES: Written comments should be submitted on or before November 27, 2017. If you anticipate that you will be submitting comments, but find it difficult to do so within the period of time allowed by this notice, you should advise the contacts below as soon as possible.

ADDRESSES: Direct all PRA comments to Cathy Williams, FCC, via email PRA@fcc.gov and to Cathy.Williams@fcc.gov.
