In addition, the USPTO charges a processing fee of $125.00 per class for certain TEAS RF and TEAS Plus applications. If an applicant files a TEAS Plus or TEAS RF application that does not satisfy the relevant requirements for TEAS RF or TEAS Plus, they will be required to submit the additional $125 processing fee to bump the application back up to TEAS Regular. The total processing fees associated with this collection can vary depending on the number of classes in each application.

The total processing fees of $209,500, shown in the table below, reflect the minimum processing fees associated with this information collection.

Applicants incur postage costs when submitting the non-electronic information covered by this collection to the USPTO by mail. The USPTO expects that approximately 99 percent of the responses in this collection will be submitted electronically. The USPTO estimates that the overwhelming majority of the paper forms are submitted to the USPTO via first-class mail. The USPTO estimates that 137 will be mailed with a first-class-postage cost of $0.49 per submission. Therefore, the USPTO estimates that the postage costs for this collection will be $67,13.

Therefore, the USPTO estimates that the total annual (non-hour) cost burden for this collection in the form of filing fees ($109,561,086), processing fees ($209,500), and postage costs ($67,13) is $109,770,653.13.

The United States Patent and Trademark Office (USTPO) will submit to the Office of Management and Budget (OMB) for clearance the following proposal for collection of information under the provisions of the Paperwork Reduction Act (44 U.S.C. Chapter 35).

Title: Patent Petitions Related to Application and Reexamination Processing Fees

OMB Control Number: 0651–0059.
Form Number(s):
• PTO/SB/17P
• PTO/SB/23
• PTO/SB/24a
• PTO/SB/28 (EFS-Web only)
• PTO/SB/140 (EFS-Web only)
Type of Request: Revision of a currently existing collection.

Number of Respondents: 374,972 responses per year.

Average Hours per Response: The USPTO estimates that it takes the public approximately 5 minutes (0.08 hours) to 12 hours to complete items in this collection, depending on the petition. This includes the time to gather the necessary information, prepare the petitions and petition fee transmittals, and submit them to the USPTO. The USPTO estimates that it takes the same amount of time to gather the necessary information, prepare the submission, and submit it electronically as it does to submit the information in paper form.

Burden Hours: 42,195 hours annually.

Needs and Uses: USPTO petitions practice provides patent applicants the ability to request certain administrative reviews of USPTO decisions and also supply additional information to applications currently being processed. The public uses the information in this collection to petition for various actions under 37 CFR 1.17(f), (g), and (h), such as petitioning for a suspension of the rules, requesting access to an assignment record, or requesting the withdrawal of an application from issue either before or after paying the issue fee. In addition, the public uses these petitions to request accelerated examination, to request abandonment of an application to avoid publication of said application, and to request certain extensions of time. The public uses the transmittal form to remit the required fees for the various petitions. The USPTO uses the information collected from the petitions and transmittal form to determine whether to grant the various requests and to ensure that the proper fees have been remitted and are processed accordingly.

Frequency: On occasion.

Respondent’s Obligation: Required to Obtain or Retain Benefits.
