SUPPLEMENTARY INFORMATION: On July 5, 2016, the U.S. Court of Appeals for the District of Columbia Circuit vacated the 2009 Cape Wind Energy Project Final EIS and ordered that BOEM: “supplement [the EIS] with adequate geological surveys before Cape Wind may begin construction.” *Public Employees for Environmental Responsibility v. Hopper*, 827 F.3d 1077, 1084 (D.C. Cir. 2016). The Court opined that: “[w]ithout adequate geological surveys, the [BOEM] cannot ‘ensure that the seafloor [will be] able to support’ wind turbines.” *Id.* at 1083. While the Court found that: “[BOEM] therefore had violated NEPA (National Environmental Policy Act)” the Court noted that “. . . [it] does not necessarily mean that the project must be halted or that Cape Wind must redo the regulatory approval process.” *Id.* at 1083-4. The Court explicitly left undisturbed BOEM’s 2010 decision to issue the lease and BOEM’s 2011 decision to approve the Construction and Operations Plan (COP). *Id.* at 1084. In light of the remand order and the remaining valid lease and COP, only two alternatives remain relevant to the court’s remand: The Proposed Action (affirming BOEM’s issuance of the existing lease) and the No Action Alternative (BOEM rescinding the lease). In its Final SEIS, BOEM examines the available geological survey data, including the geotechnical data and reports submitted to BOEM since the 2009 Final EIS, any other relevant data that relates to the adequacy of the seafloor to support wind turbines in the lease area, and considers public comments.

On March 31, 2017, BOEM published the Draft SEIS, in response to the Court’s 2016 remand order discussed above, and a NOA in the **Federal Register** to announce the availability of the Draft SEIS and initiate a 45-day public comment period (82 FR 16060). Comments received can be found at <http://www.regulations.gov> by searching for docket ID BOEM-2017-0008. The Final SEIS addressed comments received by BOEM in response to the Draft SEIS during the 45-day comment period. On August 4, 2017 (82 FR 36418), BOEM published a NOA announcing the availability of the Final SEIS in the **Federal Register**. The Final SEIS can be found on BOEM’s Web site at: <https://www.boem.gov/Massachusetts-Cape-Wind/>.

Authority: This notice is published pursuant to the regulations (40 CFR part 1506.6(b)) implementing the provisions of the National Environmental Policy Act of 1969, as amended (42 U.S.C. 4321 *et seq.*).

SUPPLEMENTARY INFORMATION: The Commission instituted this investigation on May 4, 2017 based on a complaint, filed on behalf of Varidesk LLC of Coppell, Texas (“complainant”). 82 FR 20919-20 (May 4, 2017). The complaint as supplemented alleges violations of

section 337 based upon the importation into the United States, the sale for importation, and the sale within the United States after importation of certain height-adjustable desk platforms and components thereof by reason of infringement of U.S. Patent No. 9,113,703; U.S. Patent No. 9,277,809; and U.S. Patent No. 9,554,644. The complainant further alleges that an industry in the United States exists as required by section 337. The Commission’s notice of investigation named Lumi Legend Corporation of Ningbo, China; Innovative Office Products LLC of Easton, Pennsylvania; Ergotech Group LLC of Easton, Pennsylvania; Monoprice, Inc. of Rancho Cucamonga, California; and Transform Partners LLC (dba Mount-It!) of San Diego, California (collectively “the Lumi Legend respondents”); Loctek Ergonomic Technology Corporation (formerly, Ningbo Loctek Visual Technology Corporation of Ningbo, China) of Ningbo, China; Zhejiang Loctek Smart Drive Technology Co., Ltd. of Ningbo, China; and Loctek Inc.’s (formerly, Zoxou, Inc. of Fremont, California) of Fremont, California (collectively herein, “Loctek respondents”). The Office of Unfair Import Investigations did not participate in the investigation. The Lumi Legend respondents were previously terminated based on settlement. Order No. 5 (*unreviewed*, Commission Notice (July 11, 2017)).

On August 29, 2017, complainant and the Loctek respondents filed a joint motion to terminate the Loctek respondents based on settlement. The motion asserted that there are no other agreements between complainant and the Loctek respondents. The parties represented “there are no other agreements, written or oral, express or implied, between these parties concerning the subject matter of the Investigation.” Motion at 1.

On August 31, 2017, the ALJ issued an ID (Order No. 10) terminating the investigation based on settlement of the Loctek respondents. The ALJ found that all of the requirements of Commission rule 210.21, 19 CFR 210.21, had been met and that there were no public interest concerns that would weigh against termination. No petitions for review were filed.

The Commission has determined not to review the subject ID and terminates the investigation.

The authority for the Commission’s determination is contained in section 337 of the Tariff Act of 1930, as amended (19 U.S.C. 1337), and in part 210 of the Commission’s Rules of

Practice and Procedure (19 CFR part 210).

By order of the Commission.

Issued: September 26, 2017.

Parties that filed entries of appearance in the preliminary phase of the investigations need not enter a separate appearance for the final phase of the investigations. Industrial users, and, if the merchandise under

The Secretary will prepare a public service list containing the names and addresses of all persons, or their representatives, who are parties to the investigations.

Background

On August 9, 2017, North Pacific Paper Company (“NORPAC”), Longview, Washington filed a petition with the Commission and Commerce, alleging that an industry in the United States is materially injured or threatened with material injury by reason of LTFV and subsidized imports of uncoated groundwood paper from Canada. It completed and filed its determinations in these investigations on September 25, 2017.
