respectively of FAA Order 7400.11B, dated August 3, 2017, and effective September 15, 2017, which is incorporated by reference in 14 CFR 71.1. The Class E airspace designations listed in this document will be published subsequently in the Order.

**Environmental Review**

The FAA has determined that this action qualifies for categorical exclusion under the National Environmental Policy Act in accordance with FAA Order 1050.1F, “Environmental Impacts: Policies and Procedures,” paragraph 5–6.5a. This airspace action is not expected to cause any potentially significant environmental impacts, and no extraordinary circumstances exist that warrant preparation of an environmental assessment.

**Lists of Subjects in 14 CFR Part 71**

Airspace, Incorporation by reference, Navigation (air).

**Adoption of the Amendment**

In consideration of the foregoing, the Federal Aviation Administration amends 14 CFR part 71 as follows:

**PART 71—DESIGNATION OF CLASS A, B, C, D, AND E AIRSPACE AREAS; AIR TRAFFIC SERVICE ROUTES; AND REPORTING POINTS**

1. The authority citation for part 71 continues to read as follows:

**§ 71.1 [Amended]**

2. The incorporation by reference in 14 CFR 71.1 of FAA Order 7400.11B, Airspace Designations and Reporting Points, dated August 3, 2017, effective September 15, 2017, is amended as follows:

**Paragraph 6002 Class E Surface Area Airspace.**

* * * * *

**AEA VA E2 Hot Springs, VA [Amended]**

Inghal Field Airport, VA (Lat. 37°57′05″ N., long. 79°50′02″ W.)

Within a 4-mile radius of Inghal Field Airport. This Class E airspace area is effective during the specific dates and times established in advance by a Notice to Airmen. The effective date and time will thereafter be published in the Chart Supplement.

**Paragraph 6005 Class E Airspace Areas Extending Upward From 700 Feet or More Above the Surface of the Earth.**

* * * * *

**AEA VA E5 Hot Springs, VA [Amended]**

Inghal Field Airport, VA (Lat. 37°57′05″ N., long. 79°50′02″ W.)

That airspace extending upward from 700 feet above the surface within a 6.5-mile radius of Inghal Field Airport, and within a 7-mile radius of Bath Community Hospital Heliport.

**Summary**

This action establishes Class E airspace extending upward from 700 feet above the surface at Marion General Hospital Heliport, Columbia, MS, to accommodate new area navigation (RNAV) global positioning system (GPS) standard instrument approach procedures (SIAPs) serving Marion General Hospital Heliport. Controlled airspace is necessary for the safety and management of instrument flight rules (IFR) operations at the heliport.

**DATES**

Effective 0901 UTC, December 7, 2017. The Director of the Federal Register approves this incorporation by reference action under title 1, Code of Federal Regulations, part 51, subject to the annual revision of FAA Order 7400.11 and publication of conforming amendments.

**Addresses:** FAA Order 7400.11B, Airspace Designations and Reporting Points, and subsequent amendments can be viewed online at http://www.faa.gov/air_traffic/publications/. For further information, you can contact the Airspace Policy Group, Federal Aviation Administration, 800 Independence Avenue SW., Washington, DC 20591; telephone: (202) 267–8783. The Order is also available for inspection at the National Archives and Records Administration (NARA). For information on the availability of FAA Order 7400.11B at NARA, call (202) 741–6030, or go to https://www.archives.gov/federal-register/cfr/ibr-locations.html.

FAA Order 7400.11, Airspace Designations and Reporting Points, is published yearly and effective on September 15.

**For Further Information Contact:** John Fornito, Operations Support Group, Eastern Service Center, Federal Aviation Administration.
The Rule
This action amends Title 14 Code of Federal Regulations (14 CFR) part 71 by establishing Class E airspace extending upward from 700 feet above the surface within a 6.5-mile radius of Marion General Hospital Heliport, Columbia, MS. This action provides the controlled airspace required to support the new RNAV (GPS) SIAPs for IFR operations at the heliport.

Regulatory Notices and Analyses
The FAA has determined that this regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current. Therefore, this regulation: (1) Is not a “significant regulatory action” under Executive Order 12866; (2) is not a “significant rule” under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a regulatory evaluation as the anticipated impact is so minimal. Since this is a routine matter that only affects air traffic procedures and air navigation, it is certified that this rule, when promulgated, does not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

Environmental Review
The FAA has determined that this action qualifies for categorical exclusion under the National Environmental Policy Act in accordance with FAA Order 1050.1F, “Environmental Policy Act in accordance with FAA Authority for This Rulemaking
The FAA’s authority to issue rules regarding aviation safety is found in Title 49 of the United States Code. Subtitle I, Section 106 describes the authority of the FAA Administrator. Subtitle VII, Aviation Programs, describes in more detail the scope of the agency’s authority. This rulemaking is promulgated under the authority described in Subtitle VII, Part A, Subpart I, Section 40103. Under that section, the FAA is charged with prescribing regulations to assign the use of airspace necessary to ensure the safety of aircraft and the efficient use of airspace. This regulation is within the scope of that authority as it establishes Class E airspace extending upward from 700 feet above the surface at Marion General Hospital Heliport, Columbia, MS, to support IFR operations under SIAPs at the heliport.

History
The FAA published a notice of proposed rulemaking (NPRM) in the Federal Register (82 FR 25988, June 6, 2017) Docket No. FAA–2017–0277 to establish Class E airspace extending upward from 700 feet above the surface at Marion General Hospital Heliport, Columbia, MS, due to the new RNAV (GPS) SIAPs developed for IFR operations at the heliport. Interested parties were invited to participate in this rulemaking effort by submitting written comments on the proposal to the FAA. No comments were received.

Class E airspace designations are published in paragraph 6005 of FAA Order 7400.11B dated August 3, 2017, and effective September 15, 2017, which is incorporated by reference in 14 CFR part 71.1. The Class E airspace designations listed in this document will be published subsequently in the Order.

Availability and Summary of Documents for Incorporation by Reference
This document amends FAA Order 7400.11B, Airspace Designations and Reporting Points, dated August 3, 2017, and effective September 15, 2017. FAA Order 7400.11B is publicly available as listed in the ADDRESSES section of this document. FAA Order 7400.11B lists Class A, B, C, D, and E airspace areas, air traffic service routes, and reporting points.

PART 71—DESIGNATION OF CLASS A, B, C, D, AND E AIRSPACE AREAS; AIR TRAFFIC SERVICE ROUTES; AND REPORTING POINTS
1. The authority citation for part 71 continues to read as follows:

§ 71.1 [Amended]
2. The incorporation by reference in 14 CFR 71.1 of Federal Aviation Administration Order 7400.11B, Airspace Designations and Reporting Points, dated August 3, 2017, effective September 15, 2017, is amended as follows:

Paragraph 6005 Class E Airspace Areas Extending Upward From 700 Feet or More Above the Surface of the Earth.

ASO MS E5 Marion General, Columbia, MS [New]
Marion General Hospital Heliport, MS (Lat. 31°15′7″ N., long. 89°46′19″ W.)
That airspace extending upward from 700 feet above the surface within a 6.5-mile radius of Marion General Hospital Heliport.

Issued in College Park, Georgia, on September 22, 2017.

Ryan W. Almsy,
Manager, Operations Support Group, Eastern Service Center, Air Traffic Organization.

BILLING CODE 4910–13–P

DEPARTMENT OF TRANSPORTATION

Federal Aviation Administration

14 CFR Part 71

Amendment of Class D and Class E Airspace; New Bern, NC

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Final rule.

SUMMARY: This action amends Class D and Class E airspace at Coastal Carolina Regional Airport (formally Craven County Regional Airport), New Bern, NC. The Notice to Airmen (NOTAM) part-time status is removed from Class E airspace designated as an extension. Also, under Class E surface airspace, the segment using the New Bern VHF omnidirectional range/distance measuring equipment (VOR/DME) navigation aid used to describe the northeast and southwest extensions to the airport is removed. Controlled airspace is necessary for the safety and management of instrument flight rules (IFR) operations at the airport. This action also updates the geographic coordinates of the airport, updates the airport’s name, and makes an editorial change replacing Airport/Facility Directory with the term Chart Supplement in the legal descriptions of associated Class D and E airspace. Also,
