

Comments submitted anonymously will be accepted and considered; however, anonymous comments will not provide the agency with the ability to provide the respondent with subsequent environmental documents nor provide the respondent with standing to object the subsequent draft decision. Only those who respond to the request for comments or request to be placed on the mailing list will be added to the mailing list for this project.

An objection period will follow the regulation found in § 218.7. For objection eligibility (§ 218.5), only those who have submitted timely, specific written comments during any designated opportunity for public comment may file an objection.

Issues to be raised in objections must be based on previously submitted specific written comments regarding the proposed project and attributed to the objector, unless the issue is based on new information that arose after a designated opportunity to comment (§ 218.8(c)).
