RIN 0648–XF722

Fisheries of the Northeastern United States; Summer Flounder Fishery; Quota Transfer

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Temporary rule; quota transfer.

SUMMARY: NMFS announces that the State of New Jersey is transferring a portion of its 2017 commercial summer flounder quota to the State of Rhode Island. This quota adjustment is necessary to comply with the Summer Flounder, Scup, and Black Sea Bass Fishery Management Plan quota transfer provisions. This announcement informs the public of the revised commercial quotas for New Jersey and Rhode Island. **DATES:** Effective October 4, 2017, through December 31, 2017.

FOR FURTHER INFORMATION CONTACT: Cynthia Hanson, Fishery Management Specialist, (978) 281–9180.

SUPPLEMENTARY INFORMATION: Regulations governing the summer flounder fishery are found in 50 CFR 648.100 through 648.110. These regulations require annual specification of a commercial quota that is apportioned among the coastal states from Maine through North Carolina. The process to set the annual commercial quota and the percent allocated to each state is described in § 648.102, and the initial 2017 allocations were published on December 22, 2016 (81 FR 93842).

The final rule implementing Amendment 5 to the Summer Flounder Fishery Management Plan, as published in the **Federal Register** on December 17, 1993 (58 FR 65936), provided a mechanism for transferring summer flounder commercial quota from one state to another. Two or more states, under mutual agreement and with the concurrence of the NMFS Greater Atlantic Regional Administrator, can transfer or combine summer flounder commercial quota under § 648.102(c)(2). The Regional Administrator is required to consider the criteria in

§ 648.102(c)(2)(i)(A) through (C) in the evaluation of requests for quota transfers or combinations.

New Jersey is transferring 380 lb (172 kg) of summer flounder commercial quota to Rhode Island. This transfer was requested to repay landings by a New Jersey-permitted vessel that landed in Rhode Island under a safe harbor agreement.

The revised summer flounder quotas for calendar year 2017 are now: New Jersey, 946,132 lb (429,158 kg); and Rhode Island, 887,922 lb (402,755 kg); based on the initial quotas published in the 2017 Summer Flounder, Scup, and Black Sea Bass Specifications and subsequent transfers.
