

the fund. In addition, the plan may be useful to Commission staff in reviewing the fund's compliance with the rule.

Based on an analysis of fund filings, the Commission estimates that there are approximately 7,743 multiple class funds offered by 1,045 registrants. The Commission estimates that each of the 1,045 registrants will make an average of 0.5 responses annually to prepare and approve a written 18f-3 plan.<sup>1</sup> The Commission estimates each response will take 6 hours, requiring a total of 3 hours per registrant per year.<sup>2</sup> Thus the total annual hour burden associated with these requirements of the rule is approximately 3,135 hours.<sup>3</sup>

Estimates of average burden hours are made solely for the purposes of the Paperwork Reduction Act and are not derived from a comprehensive or even a representative survey or study of the costs of Commission rules and forms. The collection of information under rule 18f-3 is mandatory. The information provided under rule 18f-3 will not be kept confidential. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.

Written comments are invited on: (a) Whether the collections of information are necessary for the proper performance of the functions of the Commission, including whether the information has practical utility; (b) the accuracy of the Commission's estimate of the burdens of the collections of information; (c) ways to enhance the quality, utility, and clarity of the information collected; and (d) ways to minimize the burdens of the collections of information on respondents, including through the use of automated collection techniques or other forms of information technology. Consideration will be given to comments and suggestions submitted in writing within 60 days of this publication.

<sup>1</sup> The Commission estimates that each registrant prepares and approves a rule 18f-3 plan every two years when issuing a new fund or new class or amending a plan (or that 522.5 of all 1,045 registrants prepare and approve a plan each year).

<sup>2</sup> 0.5 responses per registrant × 6 hours per response = 3 hours per registrant.

<sup>3</sup> 3 hours per registrant per year × 1,045 registrants = 3,135 hours per year.
