Petition for Exemption

Docket No.: FAA–2013–0221.

Petitioner: The Boeing Company.

Section(s) of 14 CFR Affected: 61.75(d)(2) and 61.117.

Description of Relief Sought: By letter dated August 3, 2017, The Boeing Company petitioned the Federal Aviation Administration for an extension of and amendment to Exemption No. 10871, as amended. That exemption allows certain foreign pilots exercising private pilot privileges to fly as second-in-command (SIC) on Boeing aircraft while conducting evaluation and demonstration flights within the United States for potential buyers of those aircraft, or on behalf of their respective civil aviation authority (CAA). In its petition, Boeing asked for an amendment that would incorporate additional language to allow Boeing to conduct flights for demonstration and evaluation, on behalf of new or potential customers, or at the request of a foreign civil aviation authority, using new developmental test aircraft models.
