SECURITIES AND EXCHANGE COMMISSION

[Release No. 34–81863; File No. SR–ISE–2017–86]

Self-Regulatory Organizations; Nasdaq ISE, LLC; Notice of Filing and Immediate Effectiveness of Proposed Rule Change To Amend Rule 723 and Rule 1614

October 12, 2017.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (the “Act”),¹ and Rule 19b–4 thereunder,² notice is hereby given that on October 2, 2017, Nasdaq ISE, LLC (“ISE” or “Exchange”) filed with the Securities and Exchange Commission (“SEC” or “Commission”) the proposed rule change as described in Items I and II below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to amend Rule 723 (Price Improvement Mechanism for Crossing Transactions) and Rule 1614 (Imposition of Fines for Minor Rule Violations) to remove obsolete rule text.

The text of the proposed rule change is available on the Exchange's Web site at www.ise.com, at the principal office of the Exchange, and at the Commission's Public Reference Room.

¹ 15 U.S.C. 78s(b)(1).

² 17 CFR 240.19b–4.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange proposes to amend Rule 723 (Price Improvement Mechanism for Crossing Transactions) and Rule 1614 (Imposition of Fines for Minor Rule Violations) to remove obsolete rule text.

Rule 723 sets forth the requirements for the PIM, which was adopted in 2004 as a price-improvement mechanism on the Exchange.³ Certain aspects of PIM were adopted on a pilot basis ("Pilot"); specifically, the termination of the exposure period by unrelated orders, and no minimum size requirement of orders eligible for PIM. The Pilot expired on January 18, 2017.

On December 12, 2016, the Exchange filed with the Commission a proposed rule change to make the Pilot permanent, and also to change the requirements for providing price improvement for Agency Orders of less than 50 option contracts (other than auctions involving Complex Orders) where the National Best Bid and Offer ("NBBO") is only \$0.01 wide.⁴ The

Commission approved this proposal on January 18, 2017.⁵

In modifying the requirements for price improvement for Agency Orders of less than 50 contracts, ISE proposed to amend Rule 723(b) to require Electronic Access Members to provide at least \$0.01 price improvement for an Agency Order if that order is for less than 50 contracts and if the difference between the NBBO is \$0.01.

ISE adopted a member conduct standard to implement this requirement during the time pursuant to which ISE symbols were migrating from the ISE platform to the Nasdaq INET platform. At the time it proposed the member conduct standard, ISE anticipated that the migration to the Nasdaq platform would be complete on or before July 15, 2017. Accordingly, Rule 723(b) stated that, for the period beginning January 19, 2017 until a date specified by the Exchange in a Regulatory Information Circular, which date shall be no later than July 15, 2017, if the Agency Order is for less than 50 option contracts, and if the difference between the NBBO is \$0.01, an Electronic Access Member shall not enter a Crossing Transaction unless such Crossing Transaction is entered at a price that is one minimum price improvement increment better than the NBBO on the opposite side of the market from the Agency Order, and better than any limit order on the limit order book on the same side of the market as the Agency Order. This requirement applied regardless of whether the Agency Order is for the account of a public customer, or where the Agency Order is for the account of a broker dealer or any other person or entity that is not a Public Customer.

To enforce this requirement, ISE also amended Rule 1614 (Imposition of Fines for Minor Rule Violations). Specifically, ISE added Rule 1614(d)(4), which provides that any Member who enters an order into PIM for less than 50 contracts, while the National Best Bid or Offer spread is \$0.01, must provide price improvement of at least one minimum price improvement increment better than the NBBO on the opposite side of the market from the Agency Order, which increment may not be smaller than \$0.01. Failure to provide such price improvement will result in members being subject to the following fines: \$500 for the second offense, \$1,000 for the third offense, and \$2,500 for the fourth offense. Subsequent

offenses will subject the member to formal disciplinary action. The Exchange will review violations on a monthly cycle to assess these violations. This provision was to be in effect for the period beginning January 19, 2017 until a date specified by the Exchange in a Regulatory Information Circular, which date shall be no later than until September 15, 2017.⁶

In adopting the price improvement requirement for Agency Orders of less than 50 contracts, the Exchange also proposed to amend Rule 723(b) to adopt a systems-based mechanism to implement this requirement, which shall be effective following the migration of a symbol to the Nasdaq INET platform. Under this provision, if the Agency Order is for less than 50 option contracts, and if the difference between the NBBO is \$0.01, the Crossing Transaction must be entered at one minimum price improvement increment better than the NBBO on the opposite side of the market from the Agency Order and better than the limit order or quote on the ISE order book on the same side of the Agency Order.

Subsequent to the approval of the rule change adopting the price improvement requirement and the member conduct standard, the Exchange determined that the migration of symbols to the Nasdaq INET platform would be complete on or before July 31, 2017.⁷ This new migration schedule was developed to enable the Exchange to conduct additional systems testing prior to symbol migration. Given the updated migration schedule, the Exchange proposed to extend the effective period of the member conduct standard accordingly until a date specific by the Exchange in a Regulatory Circular, which would be no later than August 15, 2017.⁸

⁶ While ISE anticipated that the migration of ISE symbols to the Nasdaq INET platform would be complete by July 15, 2017, and its member conduct standard could be eliminated accordingly by that time, ISE Mercury, LLC (now Nasdaq MRX, LLC) also filed a rule change that adopted a similar member conduct standard for its price improvement rule, and that referenced proposed ISE Rule 1614(d)(4) as the means for enforcing its member conduct standard. See Securities Exchange Act Release No. 79841 (January 18, 2017), 82 FR 8452 (January 25, 2017) (order approving SR-ISEMercury-2016-25). The Nasdaq MRX re-platforming was scheduled to occur after the ISE re-platforming was complete. Accordingly, ISE proposed that the date for eliminating Rule 1614(d)(4) shall be specified by the Exchange in a Regulatory Information Circular, which date shall be no later than until September 15, 2017.

⁴ See Securities Exchange Act Release No. 79530 (December 12, 2016), 81 FR 91221 (December 16, 2017) (SR-ISE-2016-29). The Exchange notes that, on April 3, 2017, International Securities Exchange, LLC was re-named Nasdaq ISE, LLC to reflect its new placement within the Nasdaq, Inc. corporate structure in connection with the March 9, 2016 acquisition by Nasdaq of the capital stock of U.S. Exchange Holdings, and the indirect acquisition all of the interests of the International Securities Exchange, LLC, ISE Gemini, LLC and ISE Mercury, LLC. See Securities Exchange Act Release No. 80325 (March 29, 2017), 82 FR 16445 (April 4, 2017) (SR-ISE-2017-25). ISE Gemini, LLC and ISE Mercury, LLC were also renamed Nasdaq GEMX, LLC ("GEMX") and Nasdaq MRX, LLC ("MRX"), respectively. See Securities Exchange Act Release No. 80248 (March 15, 2017), 82 FR 14547 (March 21, 2017) (SR-ISEGemini-2017-13); Securities Exchange Act Release No. 80326 (March 29, 2017),

By August 15, 2017, ISE had completed the migration of symbols to the Nasdaq INET platform, and adopted the corresponding systems-based mechanism for enforcing the price improvement requirement where the Agency Order is for less than 50 option contracts, and if the difference between the NBBO is \$0.01.⁹ Accordingly, ISE now proposes to delete the rule text in Rule 723 that implements the member conduct standard and the corresponding provision in Rule 1614 that imposes fines for violations of the member conduct standard.

2. Statutory Basis

The Exchange believes that its proposal is consistent with Section 6(b) of the Act,¹⁰ in general, and furthers the objectives of Section 6(b)(5) of the Act,¹¹ in particular, in that it is designed to promote just and equitable principles of trade, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general to protect investors and the public interest. The Exchange believes this proposal is consistent with the Act because it removes language that implements the member conduct standard where the Agency Order is for less than 50 option contracts, and if the difference between the NBBO is \$0.01, and the corresponding provision in Rule 1614 that imposes fines for violations of this member conduct standard. As noted above, these provisions have become obsolete, given the migration of all symbols on ISE, GEMX and MRX to the Nasdaq INET system and the corresponding adoption of the systems-based mechanism on each exchange for enforcing this price improvement requirement. The Exchange also notes that the systems-based mechanism for enforcing this price improvement requirement was previously approved by the Commission.¹²

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition not necessary or appropriate in furtherance of the purposes of the Act, as the rule text to be removed has become obsolete with the migration of all symbols to the Nasdaq INET system and the corresponding adoption of the systems-based mechanism for enforcing the price

improvement requirement where the Agency Order is for less than 50 option contracts, and if the difference between the NBBO is \$0.01.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

No written comments were either solicited or received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the proposed rule change does not (i) significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative for 30 days from the date on which it was filed, or such shorter time as the Commission may designate, it has become effective pursuant to Section 19(b)(3)(A) of the Act¹³ and Rule 19b-4(f)(6) thereunder.¹⁴

A proposed rule change filed pursuant to Rule 19b-4(f)(6) under the Act¹⁵ normally does not become operative for 30 days after the date of its filing. However, Rule 19b-4(f)(6)(iii)¹⁶ permits the Commission to designate a shorter time if such action is consistent with the protection of investors and the public interest. The Exchange has asked the Commission to waive the 30-day operative delay so that the proposed rule change may become operative upon filing. The Exchange states that waiver of the operative delay will allow the Exchange to remove the obsolete rule text immediately, minimizing potential investor confusion. The Commission believes the waiver of the operative delay is consistent with the protection of investors and the public interest. Accordingly, the Commission hereby waives the operative delay and designates the proposed rule change operative upon filing.¹⁷

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such

action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings to determine whether the proposed rule should be approved or disapproved.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

Electronic Comments

- Use the Commission's Internet comment form (<http://www.sec.gov/rules/sro.shtml>); or

SECURITIES AND EXCHANGE COMMISSION

Submission for OMB Review; Comment Request

Upon Written Request, Copies Available From: Securities and Exchange Commission, Office of FOIA Services, 100 F Street NE., Washington, DC 20549–2736

Extension:
Rule 498

Notice is hereby given that, pursuant to the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*) (“Paperwork Reduction Act”), the Securities and Exchange Commission (“the Commission”) has submitted to the Office of Management and Budget (“OMB”) a request for extension of the previously approved collection of information discussed below.

Rule 498 (17 CFR 230.498) under the Securities Act of 1933 (15 U.S.C. 77a *et seq.*) (“Securities Act”) permits open-end management investment companies (“funds”) to satisfy their prospectus delivery obligations under the Securities Act by sending or giving key information directly to investors in the form of a summary prospectus (“Summary Prospectus”) and providing the statutory prospectus on a Web site. Upon an investor’s request, funds are also required to send the statutory prospectus to the investor. In addition, under rule 498, a fund that relies on the rule to meet its statutory prospectus delivery obligations must make available, free of charge, the fund’s current Summary Prospectus, statutory prospectus, statement of additional information, and most recent annual and semi-annual reports to shareholders at the Web site address specified in the required Summary Prospectus legend.¹ A Summary Prospectus that complies with rule 498 is deemed to be a prospectus that is authorized under Section 10(b) of the Securities Act and Section 24(g) of the Investment

Company Act of 1940 (15 U.S.C. 80a–1 *et seq.*).

The purpose of rule 498 is to enable a fund to provide investors with a Summary Prospectus containing key information necessary to evaluate an investment in the fund. Unlike many other federal information collections, which are primarily for the use and benefit of the collecting agency, this information collection is primarily for the use and benefit of investors. The information filed with the Commission also permits the verification of compliance with securities law requirements and assures the public availability and dissemination of the information.

Based on an analysis of fund filings, the Commission estimates that approximately 10,532 portfolios are using a Summary Prospectus. The Commission estimates that the annual hourly burden per portfolio associated with the compilation of the information required on the cover page or the beginning of the Summary Prospectus is 0.5 hours, and estimates that the annual hourly burden per portfolio to comply with the Web site posting requirement is approximately 1 hour, requiring a total of 1.5 hours per portfolio per year.² Thus the total annual hour burden associated with these requirements of the rule is approximately 15,798.³ The Commission estimates that the annual cost burden is approximately \$15,900 per portfolio, for a total annual cost burden of approximately \$167,458,800.⁴

Estimates of the average burden hours are made solely for the purposes of the Paperwork Reduction Act and are not derived from a comprehensive or even a representative survey or study of the costs of Commission rules and forms. Under rule 498, use of the Summary Prospectus is voluntary, but the rule’s requirements regarding provision of the statutory prospectus upon investor request are mandatory for funds that elect to send or give a Summary Prospectus in reliance upon rule 498. The information provided under rule 498 will not be kept confidential. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it

² 0.5 hours per portfolio + 1 hour per portfolio = 1.5 hours per portfolio. The Commission believes that funds that have opted to use the Summary Prospectus have already incurred the estimated one-time hour burden to initially comply with rule 498, and therefore the estimated burden hours to initially comply with rule 498 and the associated costs are not included in these estimates.

³ 1.5 hours per portfolio × 10,532 portfolios = 15,798 hours.

⁴ \$15,900 per portfolio × 9,082 portfolios = \$144,403,800.
