

**SUPPLEMENTARY INFORMATION:****Background**

The Patient Safety and Quality Improvement Act of 2005, 42 U.S.C. 299b–21 to b–26, (Patient Safety Act) and the related Patient Safety and Quality Improvement Final Rule, 42 CFR part 3 (Patient Safety Rule), published in the **Federal Register** on November 21, 2008, 73 FR 70732–70814, establish a framework by which hospitals, doctors, and other health care providers may voluntarily report information to Patient Safety Organizations (PSOs), on a privileged and confidential basis, for the aggregation and analysis of patient safety events.

The Patient Safety Act authorizes the listing of PSOs, which are entities or component organizations whose mission and primary activity are to conduct activities to improve patient safety and the quality of health care delivery.

HHS issued the Patient Safety Rule to implement the Patient Safety Act. AHRQ administers the provisions of the Patient Safety Act and Patient Safety Rule relating to the listing and operation of PSOs. The Patient Safety Rule authorizes AHRQ to list as a PSO an entity that attests that it meets the statutory and regulatory requirements for listing. A PSO can be “delisted” if it is found to no longer meet the requirements of the Patient Safety Act and Patient Safety Rule, when a PSO chooses to voluntarily relinquish its status as a PSO for any reason, or when a PSO’s listing expires. Section 3.108(d) of the Patient Safety Rule requires AHRQ to provide public notice when it removes an organization from the list of federally approved PSOs.

AHRQ has accepted a notification from the American College of Physicians Patient Safety Organization, a component entity of American College of Physicians, PSO number P0128, to voluntarily relinquish its status as a PSO. Accordingly, the American College of Physicians Patient Safety Organization was delisted effective at 12:00 Midnight ET (2400) on October 10, 2017.

The American College of Physicians Patient Safety Organization has patient safety work product (PSWP) in its possession. The PSO will meet the requirements of section 3.108(c)(2)(i) of the Patient Safety Rule regarding notification to providers that have reported to the PSO and of section 3.108(c)(2)(ii) regarding disposition of PSWP consistent with section 3.108(b)(3). According to section 3.108(b)(3) of the Patient Safety Rule,

the PSO has 90 days from the effective date of delisting and revocation to complete the disposition of PSWP that is currently in the PSO’s possession.

More information on PSOs can be obtained through AHRQ’s PSO Web site at <http://www.pso.ahrq.gov>.

**SUPPLEMENTARY INFORMATION:** Under the Paperwork Reduction Act of 1995 (PRA) (44 U.S.C. 3501–3520), federal agencies must obtain approval from the Office of Management and Budget (OMB) for each collection of information they conduct or sponsor. The term “collection of information” is defined in 44 U.S.C. 3502(3) and 5 CFR 1320.3(c) and includes agency requests or requirements that members of the public submit reports, keep records, or provide information to a third party. Section 3506(c)(2)(A) of the PRA (44 U.S.C. 3506(c)(2)(A)) requires federal agencies to publish a 30-day notice in the **Federal Register** concerning each proposed collection of information, including each proposed extension or reinstatement of an existing collection of information, before submitting the collection to OMB for approval. To comply with this requirement, CMS is publishing this notice that summarizes the following proposed collection(s) of information for public comment:

1. *Type of Information Collection Request:* Reinstatement without change of a previously approved collection; *Title of Information Collection:* Application for Hospital Insurance and Supporting Regulations; *Use:* Individuals who are already entitled to retirement or disability benefits under Social Security or Railroad Retirement Board (RRB) benefits are automatically entitled to premium-free Medicare Hospital Insurance (Part A) when they attain age 65 or reach the 25th month of disability benefit entitlement. These individuals do not file a separate application for Medicare Part A because their application for Social Security or RRB benefits is also an application for

Part A. The form is for individuals who are not eligible for Social Security for RRB benefits, but may qualify for premium-free Medicare Part A based on certain requirements outlined in § 406.11 and 406.15 or for certain disabled individuals who may enroll in premium Medicare Part A based on certain requirements outlined in § 406.20. Individuals may also choose to enroll in Medicare Part B at the same time they apply for Medicare Part A. *Form Number:* CMS–18F5 (OMB control number: 0938–0251); *Frequency:* Once; *Affected Public:* Individuals or households; *Number of Respondents:* 51,000; *Total Annual Responses:* 51,000; *Total Annual Hours:* 29,580. (For policy questions regarding this collection contact Carla Patterson at 410–786–8911.)

### 2. Type of Information Collection

*Request:* Revision of a currently approved collection; *Title of Information Collection:* Solicitation for Applications for Medicare Prescription Drug Plan 2019 Contracts; *Use:* Coverage for the prescription drug benefit is provided through contracted prescription drug (PD) plans or through Medicare Advantage (MA) plans that offer integrated prescription drug and health care coverage (MA–PD plans). Cost Plans that are regulated under Section 1876 of the Social Security Act, and Employer Group Waiver Plans may also provide a Part D benefit. Organizations wishing to provide services under the Prescription Drug Benefit Program must complete an application, negotiate rates, and receive final approval from CMS. Existing Part D Sponsors may also expand their contracted service area by completing the Service Area Expansion application. *Form Number:* CMS–10137 (OMB control number: 0938–0936); *Frequency:* Yearly; *Affected Public:* Private sector (Business or other For-profits and Not-for-profit institutions); *Number of Respondents:* 243; *Total Annual Responses:* 243; *Total Annual Hours:* 2,240. (For policy questions regarding this collection contact Arianne Spaccarelli at 410–786–5715.)

### 3. Type of Information Collection

*Request:* New collection (Request for a new OMB control number); *Title of Information Collection:* CMS Tribal Long Term Services and Supports (LTSS) Program Survey; *Use:* The Survey will provide CMS with an inventory of LTSS programs for older adults or individuals with disabilities managed by American Indian and Alaska Native (AI/AN) tribes. Information on tribal LTSS programs has previously been gathered through publicly available data via online

research. However, not all of the information, including program contact information and program focus, are regularly available online as tribal Web sites are not updated frequently. Therefore, the survey will enable the collection of the most accurate information possible. The respondents include 424 LTSS programs run by AI/AN tribes. Once the survey has been conducted, CMS will feature the survey data, specifically a list of AI/AN managed LTSS programs, online on CMS.gov. The dissemination of survey data on CMS.gov will allow tribal communities and the general public to access this important data. Documentation of these programs will support sharing of LTSS best practices and innovative models employed in Indian Country. CMS will use the survey data to generate further content on LTSS in Indian Country, including literature reviews and reports on best practices. *Form Number:* CMS–10651 (OMB control number: 0938–New); *Frequency:* Yearly; *Affected Public:* State, Local, or Tribal Governments; *Number of Respondents:* 425; *Total Annual Responses:* 425; *Total Annual Hours:* 106. (For policy questions regarding this collection contact John Johns at 410–786–7253.)
