

Determining the Cost of Performing Each Service

Please refer to the **Federal Register** Notice published on June 26, 2017 (82 FR 28820) for information on how ITA determines the costs of performing each service.

Conclusion

For the reasons provided above, ITA believes its revised fees are consistent with the objective of OMB Circular A–25 to “promote efficient allocation of the Nation’s resources by establishing charges for special benefits provided to the recipient that are at least as great as costs to the Government of providing the special benefits.” OMB Circular A–25(5) (b). For 2017 data, the fees will be increased as proposed. ITA will continue to reassess the fee schedule, in accordance with OMB Circular A–25, at least every two years thereafter.
