

information that would assist it in pursuing the following objectives:

1. To remove obstacles to participation by faith-based organizations in the delivery of publicly funded services and activities. What changes in HHS regulations, guidance, or other documents (e.g., contracts and funding opportunity announcements) or processes might encourage faith-based organizations to participate in HHS-funded programs and services? What existing regulations, guidance, or other documents or processes deter such participation?

2. To ensure faith-based organizations—particularly those with a history of providing health, education, and other support to low-income people—are not excluded from eligibility for HHS funding. Which provisions in HHS regulations, guidance, or other documents directly or indirectly inhibit faith-based organizations from receiving HHS funds? How can the Department improve these regulations, guidance, or other documents? Are any faith-based organizations being restricted, excluded, substantially burdened, discriminated against, or disproportionately disadvantaged by HHS, an HHS grantee or contractor, or a state or local government entity administering an HHS-funded program or activity because of their religious character, identity, beliefs, or moral convictions?

3. To ensure that faith-based organizations receive accommodation, equal treatment, and respect for their religious beliefs and moral convictions from HHS or HHS-funded entities. What regulations, guidance documents, policies, procedures, and/or assessment tools should HHS develop to affirmatively further the accommodation, equal treatment, and respect for the religious exercise of faith-based organizations interacting with HHS or HHS funded entities?

4. To improve our understanding of the role of faith-based organizations in implementing programs and activities that advance the goals and objectives of HHS. Describe the value, whether qualitative or quantitative, that faith-based organizations provide in improving the health and well-being of Americans and other populations eligible for public benefits and services. What would the consequences be if these organizations were no longer able to participate in the Department's programs or services or were denied eligibility for Federal funding? Do faith-based organizations provide unique value that could not easily be replicated by other recipients? Would adequate services be available to people in need

in the absence of Federal partnerships with faith-based organizations?

### Voluntary Consensus Standards Update; Formaldehyde Emission Standards for Composite Wood Products

**AGENCY:** Environmental Protection Agency (EPA).

**ACTION:** Proposed rule.

**SUMMARY:** EPA is proposing to amend the formaldehyde emission standards for composite wood products final rule, published in the **Federal Register** on December 12, 2016 (81 FR 89674). The proposed amendment would update multiple voluntary consensus standards that have been updated, superseded, or withdrawn since publication of the notices of proposed rulemaking on June 10, 2013 (78 FR 34796 and 78 FR 34820)

and would amend an existing regulatory provision regarding the correlation of quality control test methods.

**DATES:** Comments must be received on or before November 9, 2017. Comments postmarked after the close of the comment period will be stamped “late” and may or may not be considered by the Agency.

**ADDRESSES:** Submit your comments, identified by docket identification (ID) number EPA–HQ–OPPT–2017–0245, by one of the following methods:

**Atlantic Highly Migratory Species; Individual Bluefin Quota Program; Accountability for Bluefin Tuna Catch**

**AGENCY:** National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

**ACTION:** Proposed rule; request for comments and notice of public hearing.

**SUMMARY:** NMFS proposes to modify the Atlantic highly migratory species (HMS) regulations to require vessels in the pelagic longline fishery to account for bycatch of bluefin tuna (bluefin) using Individual Bluefin Quota (IBQ) on a quarterly basis instead of before commencing any fishing trip with less than the minimum required IBQ balance or with quota debt. Specifically, vessels would be allowed to fish with an IBQ balance below the minimum amount currently required to depart on a fishing trip with pelagic longline gear, or with quota debt incurred by exceeding their IBQ balance, during a given calendar quarter; however, vessels would be required to reconcile quota debt and satisfy the minimum IBQ requirement prior to departing on a pelagic longline fishing trip in the subsequent calendar quarter. The action will further optimize fishing opportunity in the directed pelagic longline fishery for target species such as tuna and swordfish and improve the functionality of the IBQ Program and its accounting provisions, consistent with the objectives of Amendment 7 to the 2006 Consolidated HMS Fishery Management Plan (FMP).
