Part P, Program Support Center (PSC), Statement of Organization, Functions, and Delegations of Authority, which was last amended at 75 FR 369-370, dated January 5, 2010, is not being amended. This notice transfers the onboarding/suitability and physical security functions of the Office for Security and Strategic Information (OSSI) to PSC. This transfer of functions complements the existing PSC component's facilities management functions, parking garage entrance, safety-related programs, and other administrative functions. This notice also updates information regarding OSSI's direct report to the Deputy Secretary, organizational structure, as well as the new roles and responsibilities for the Assistant Deputy Secretary for National Security and Secretary's Senior Intelligence Official and for OSSI.

A. Part P, Program Support Center, the statement of organization, functions, and delegations of Authority therein need not be changed as the transferred functions are within the scope of the functions of PSC as described.

B. Under Chapter AJ, Section AJ.20, Functions, delete the last paragraph, which begins with "Office of Security and Strategic Information (AJS)," in its entirety.

C. Under Chapter AB, Section AB.20, Functions, insert the following new

paragraph at the end of the section with the following:

OSSI's vision is for HHS personnel to successfully accomplish missions worldwide in a security-informed manner and with the actionable intelligence needed, at the right time, for operational and policy decisions. OSSI's responsibilities include: Integrating intelligence and security information into HHS policy and operational decisions; assessing, anticipating, and warning of potential security threats to the Department and our national security; and, providing policy guidance on and managing the OS implementation of the Department's security, intelligence and counterintelligence programs. OSSI's programs include national security adjudication, classified national security information management, secure compartmented information facilities management, communications security, safeguarding and sharing of classified information, cyber threat intelligence, and counterintelligence.
