Notice Pursuant to the National Cooperative Research and Production Act of 1993—American Society of Mechanical Engineers

Notice is hereby given that, on September 29, 2017, pursuant to Section 6(a) of the National Cooperative Research and Production Act of 1993, 15 U.S.C. 4301 *et seq.* (“the Act”), the American Society of Mechanical Engineers (“ASME”) has filed written notifications simultaneously with the Attorney General and the Federal Trade Commission disclosing additions or changes to its standards development activities. The notifications were filed for the purpose of extending the Act’s provisions limiting the recovery of antitrust plaintiffs to actual damages under specified circumstances. Specifically, since April 6, 2017, ASME has published two new standards, initiated four new standards activities, withdrawn one standard activity, and discontinued one standard activity within the general nature and scope of ASME’s standards development activities, as specified in its original notification. More detail regarding these changes can be found at www.asme.org.

On September 15, 2004, ASME filed its original notification pursuant to Section 6(a) of the Act. The Department of Justice published a notice in the **Federal Register** pursuant to Section 6(b) of the Act on October 13, 2004 (69 FR 60895).

The last notification was filed with the Department on April 10, 2017. A notice was published in the **Federal Register** pursuant to Section 6(b) of the Act on May 22, 2017 (82 FR 23297).

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-81901; File No. SR-NYSEArca-2017-121]

Self-Regulatory Organizations; NYSE Arca, Inc.; Notice of Filing and Immediate Effectiveness of Proposed Rule Change To Amend the NYSE Arca Equities Fees and Charges

October 19, 2017.

Pursuant to Section 19(b)(1)¹ of the Securities Exchange Act of 1934 (the “Act”)² and Rule 19b-4 thereunder,³ notice is hereby given that, on October 6, 2017, NYSE Arca, Inc. (the “Exchange” or “NYSE Arca”) filed with the Securities and Exchange Commission (the “Commission”) the proposed rule change as described in Items I, II, and III below, which Items have been prepared by the self-regulatory organization. The

Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization’s Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to amend the NYSE Arca Equities Fees and Charges (the “Fee Schedule”) to adopt a Decommission Extension Fee that would be applicable for the use of certain ports connecting to NYSE Arca during the months of March through May 2018. The proposed rule change is available on the Exchange’s Web site at www.nyse.com, at the principal office of the Exchange, and at the Commission’s Public Reference Room.

II. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the self-regulatory organization included statements concerning the purpose of, and basis for, the proposed rule change and discussed any comments it received on the proposed rule change. The text of those statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant parts of such statements.

A. Self-Regulatory Organization’s Statement of the Purpose of, and the Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange proposes to amend the Fee Schedule to adopt a Decommission Extension Fee that would be applicable to ETP Holders for the use of certain ports used to connect to NYSE Arca for a three-month period from March 2018 through May 2018 (the “extension period”).

The Exchange currently makes ports available that provide connectivity to the Exchange’s trading systems (*i.e.*, ports for the entry of orders and/or quotes (“order/quote entry ports”)) and charges \$550 per port per month.⁴ The Exchange also currently makes ports available for drop copies and charges \$550 per port per month.⁵ Pursuant to

⁴ Port fees are not applicable to ports used for the Exchange’s Risk Management Gateway service. Further, no fee applies to ports in the backup datacenter that are not utilized during the relevant month. No fee applies to ports in the backup datacenter that are utilized when the primary datacenter is unavailable. However, if a port in the backup datacenter is utilized when the primary datacenter is available, then the fee shall apply.

⁵ No fee applies to ports in the backup datacenter if configured such that it is duplicative of another

recent proposed rule change, effective October 1, 2017, the monthly fees for ports activated after August 18, 2017, the last trading day prior to the introduction of ports that communicate to the Exchange using Pillar phase II protocols (“phase II ports”), are prorated to the number of trading days in a billing month, including any scheduled early closing days, that a port is connected to the Exchange.⁶

The Exchange makes available ports that communicate with the Exchange using Pillar phase I protocols (“phase I ports”) and phase II ports. The proposed Decommission Extension Fee would apply only to ETP Holders that use phase I ports during the extension period.

The Exchange previously provided notice to ETP Holders to migrate to phase II ports over approximately a six-month period, which began on August 21, 2017.⁷ Because fees associated with ports are billed on a monthly basis, the period by which ETP Holders should migrate to phase II ports will end at the close of trading on February 28, 2018. Notwithstanding prior notice to ETP Holders to migrate fully to phase II ports before the end of February 2018, the Exchange has determined to continue to make phase I ports available through the end of May 2018. Because continued support for phase 1 ports requires the Exchange to dedicate resources, the Exchange proposes a Decommission Extension Fee that would be applicable to use of such ports during the extension period. Specifically, during the extension period, the Exchange will incur ongoing costs in maintaining phase I ports, including costs to maintain servers and their physical location, monitoring order activity, and

drop copy port of the same user. Only one fee per drop copy port applies, even if the port receives drop copies from multiple order/quote entry ports and/or drop copies for activity on both NYSE Arca Equities and NYSE Arca Options.

⁶ See Securities Exchange Act Release No. 81573 (September 11, 2017), 82 FR 43430 (September 15, 2017) (SR-NYSEArca-2017-97) (the “Port Fee Filing”). Fees for ports activated before August 21, 2017, however, are not pro-rated and are charged flat fees. Billing for ports activated before August 21, 2017 is based on the number of ports on the third business day prior to the end of the month. See Securities Exchange Act Release No. 66110 (January 5, 2012), 77 FR 1766 (January 11, 2012) (SR-NYSEArca-2012-01).
