DEPARTMENT OF HOUSING AND URBAN DEVELOPMENT

[Docket No. FR–5997–N–66]

AGENCY: Office of the Chief Information Officer, HUD.

ACTION: Notice.

SUMMARY: HUD is seeking approval from the Office of Management and Budget (OMB) for the information collection described below. In accordance with the Paperwork Reduction Act, HUD is requesting comment from all interested parties on the proposed collection of information. The purpose of this notice is to allow for 30 days of public comment.

DATES: Comments Due Date: November 24, 2017.

ADDRESSES: Interested persons are invited to submit comments regarding this proposal. Comments should refer to the proposal by name and/or OMB Control Number and should be sent to: HUD Desk Officer, Office of Management and Budget, New Executive Office Building, Washington, DC 20503; fax: 202–276–0504. 

Fax: 202–343–4010.

SUPPLEMENTARY INFORMATION: Pursuant to the provisions of the Privacy Act of 1974, 5 U.S.C. 552a, and as part of its ongoing integration and management efforts, the Department of Homeland Security (DHS) Federal Emergency Management Agency (FEMA) is rescinding the system of records notice, “Letter of Map Amendment System (LOMA), DHS/FEMA/NFIP/LOMA–1”, which covered applicants who were seeking a letter of map amendment as part of FEMA’s National Flood Insurance Program (NFIP) Letter of Map Amendment (LOMA) system.

FEMA will continue to collect and maintain records regarding FEMA’s Letters of Map Amendments and will rely upon the newly-created FEMA system of records notice titled “DHS/FEMA–014 Hazard Mitigation Planning and Flood Mapping Products and Services System of Records” that is also published in this issue of the Federal Register.

Eliminating this system of records notice will have no adverse impacts on individuals, but will promote the overall streamlining and management of DHS Privacy Act record systems.

System Name and Number:

“Letter of Map Amendment System (LOMA), DHS/FEMA/NFIP/LOMA–1.”

History:

71 FR 7990 (Feb. 15, 2006).

Philip S. Kaplan, Chief Privacy Officer, Department of Homeland Security.

A. Overview of Information Collection

OMB Approval Number: 2528–New.

Type of Request: New.

Form Number: No forms.

Description of the need for the information and proposed use: HUD is conducting this study under contract with the Urban Institute and its subcontractors (EJP Consulting). The project is an evaluation of the Resident Opportunity and Self-Sufficiency Service Coordinator (ROSS–SC) program operated by grantees across the country. It will include a national web-based survey and in-person site visits to select grantees. Since 2008, the ROSS–SC program has provided information and referral for families, elderly, and disabled residents in public housing by funding local Service Coordinators to link residents to resources that they need to become independent and self-sufficient. The purpose of the program is to leverage existing local public and private services to increase income, reduce or eliminate welfare assistance, work towards economic independence and housing self-sufficiency, and improve living conditions and ability to age in-place for elderly and disabled residents. To date, there has been no HUD-funded evaluation of this program. A GAO study across several HUD self-sufficiency programs published in 2013 found that the ROSS–SC program lacked enough quality data on participation and outcomes “to determine whether it was meeting goals of the effective and efficient use of resources” in improving resident self-sufficiency and independence. They recommended improving the data reporting process and developing a strategy for regularly analyzing ROSS–SC participation and outcome data. This project helps implement GAO’s recommendations by: (1) Assessing improvements in program processes and reporting since changes were made to the program’s logic model in FY 2014; (2) examining the breadth and depth of ROSS–SC program implementation by current service coordinators across all grantee types; and (3) analyzing current reporting requirements and performance metrics to improve future program outcome evaluation. To do so, this study will use a full population survey of current service coordinators funded through ROSS–SC grants made in FY 2013, FY 2014, and FY 2015, and site visits to select grantees.

A web-based survey will allow the study team to investigate important Service Coordinator (SC) program characteristics not included in grant applications or current reporting tools, in order to provide generalizable evidence on the “effective and efficient use of resources” across all ROSS–SC service coordinators. These include SC qualifications and experience, program...
management structure, resident intake and assessment processes, services offered, partnerships utilized and leveraged, and case management data systems and outcome evaluation tools used to track participant activities and outcomes. Since there is no centralized database of service coordinator contact information, this must first be obtained through a brief online survey sent to each grantee contact person. Site visits to seven high-performing grantees will include onsite observations and interviews with grantee service coordinators, and program partners, as well as focus groups with program participants to gather context-specific data on both program processes and outcomes to aid in identifying best practices and common challenges across grantees.

Respondents: For the survey, 330 grantee contact persons and 840 service coordinators (assumes 70% response rate from total estimated population of 1,200) at 7 grantee site visit locations, 56 staff and partners, and 107 public housing residents. Estimated total number of hours needed to prepare the information collection including number of respondents, frequency of response, hours of response, and cost of response time: Based on the below assumptions and tables, we calculate the total burden hours for this study to be 1,244.50 hours and the total cost to be $32,856.28. Whereas many ROSS–SC grantee contact persons in HUD’s database are a PHA Executive Director, PHA Division Director, or the Chief Executive Officer of the grantee, we estimated their cost per response by using the most recent (May 2016) Bureau of Labor Statistics, Occupational Employment Statistics median hourly wage for the labor category, Chief Executives (11–1011): $87.12.

Whereas ROSS–SC service coordinators and other grantee staff and service partners have a range of experience and skills, we averaged the median hourly wage for two labor categories: The Social and Community Service Manager (11–9151) median hourly wage of $31.10, and the Community and Social Service Specialists, All Other (21–1099) category with a rate of $20.73. This produces an average of both median hourly wages rates equal to $25.92.

Hourly costs for public housing resident focus group participants were estimated using FY 2016 HUD 30% Income Limit for All Areas calculations from the Office of Policy Development and Research through HUD’s Web site located at https://www.huduser.gov/portal/datasets/il/il16/index.html. This identifies income limits by county for families of the grantee, we estimated their cost per response by using the most recent (May 2016) Bureau of Labor Statistics, Occupational Employment Statistics median hourly wage for the labor category, Chief Executives (11–1011): $87.12.

Whereas ROSS–SC service coordinators and other grantee staff and service partners have a range of experience and skills, we averaged the median hourly wage for two labor categories: The Social and Community Service Manager (11–9151) median hourly wage of $31.10, and the Community and Social Service Specialists, All Other (21–1099) category with a rate of $20.73. This produces an average of both median hourly wages rates equal to $25.92.

30% will reside in a 4-person household (31 respondents) with an average median income of $19,305.

10% will reside in a 5-person household (11 respondents) with an average median income of $20,872.

To produce a basic hourly rate, we divide the average median annual income amount by 2,080 work hours per year, equaling 40 hours per week for each of the 52 weeks out of the year.

All assumptions are reflected in the table below.

The full population is estimated at 1,200 service coordinators. The number of respondents is based on anticipated response rate of 70%.

B. Solicitation of Public Comment

This notice is soliciting comments from members of the public and affected parties concerning the collection of information described in Section A on the following:

(1) Whether the proposed collection of information is necessary for the proper performance of the functions of
the agency, including whether the information will have practical utility;
(2) The accuracy of the agency’s estimate of the burden of the proposed collection of information;
(3) Ways to enhance the quality, utility, and clarity of the information to be collected; and
(4) Ways to minimize the burden of the collection of information on those who are to respond; including through the use of appropriate automated collection techniques or other forms of information technology, e.g., permitting electronic submission of responses.

HUD encourages interested parties to submit comment in response to these questions.

C. Authority

Dated: October 17, 2017.

Anna P. Guido,
Department Reports Management Officer, Office of the Chief Information Officer.

FOR FURTHER INFORMATION CONTACT:
Anna P. Guido, Reports Management Officer, QMAC, Department of Housing and Urban Development, 451 7th Street SW., Washington, DC 20410; email Anna P. Guido at Anna.P.Guido@hud.gov or telephone 202–402–5535.

SUPPLEMENTARY INFORMATION: This notice informs the public that HUD is seeking approval from OMB for the information collection described in Section A.

The Federal Register notice that solicited public comment on the information collection for a period of 60 days was published on June 16, 2017 at 81 FR 27719.
