*Abstract:* This set of information collections has an impact on State, Tribal, and local governments that wish to participate formally with the NPS in the National Historic Preservation Partnership (NHPP) Program, and State and Tribal governments that wish to apply for Historic Preservation Fund (HPF) grants. The NPS uses the information collections to ensure compliance with the National Historic Preservation Act, as amended (54 U.S.C. 300101, *et seq.*), as well as government-wide grant requirements OMB has issued and the Department of the Interior implements through 43 CFR part 12. The information collections also produce performance data NPS uses to assess its progress in meeting its statutory mission goals pursuant to the 1993 Government Performance and Results Act, as amended. This request for OMB approval includes local government burden for information collections associated with various aspects of the Certified Local Government (CLG) program; State government burden for information collections related to the CLG program; the program-specific aspects of HPF grants to States, maintenance of a State inventory of historic and prehistoric properties, tracking State Historic Preservation Office historic preservation consultation with Federal agencies, developing the Statewide Historic Preservation Plan, reporting on other State historic preservation accomplishments, the State role in the State program review process, and evaluating NPS-provided program, grants management, and CLG training for State officials; and Tribal government burden for information collections related to the program-specific aspects of HPF grants to Tribal Historic Preservation Officers/Offices (THPOs).

This request includes information collections related to HPF grants to States and to THPOs. Section 101(b) of the National Historic Preservation Act, as amended, (54 U.S.C. 302301), specifies the role of States in the NHPP Program. Section 101(c), section 103(c), and section 301 of the Act (54 U.S.C. 302502, 54 U.S.C. 302902, and 54 U.S.C. 300301), specify the role of local governments in the NHPP program. Section 101(d) of the Act (54 U.S.C. 302701) specifies the role of tribes in the NHPP Program. Section 108 of the Act (54 U.S.C. 303101) created the HPF to support activities that carry out the purposes of the Act. Section 101(e)(1) of the Act (54 U.S.C. 302902) directs the Secretary of the Interior through the NPS to “administer a program of matching grants to the States for the purposes of carrying out” the Act. Similarly, sections 101(d) and 101(e) of the Act direct the NPS to administer a program of grants to THPOs for carrying out their responsibilities under the Act. Section 101j of the Act (54 U.S.C. 303903) directs the NPS to provide historic preservation-related education and training.

Each year Congress directs the NPS to use part of the annual appropriation from the HPF for the State grant program and the Tribal grant programs. The purpose of both the HPF State grant program and the HPF THPO grant program is to assist States and Tribes in carrying out their statutory role in the national historic preservation program. HPF grants to States and THPOs are program grants; *i.e.*, each State/THPO selects its own HPF-eligible activities and projects. Each HPF grant to a State/THPO has two years of fund availability. At the end of the first year, the NPS employs a “Use or Lose” policy to ensure efficient and effective use of the grant funds. All 59 states, territories, and the District of Columbia participate in the NHPP Program. Almost 2,000 local governments have become Certified Local Governments (CLGs) in order to participate in the NHPP program. Approximately 30 local governments become CLGs each year. Almost 170 federally-recognized tribes have formally joined the NHPP Program and have established THPOs and tribal historic preservation offices. Typically, each year six to nine tribes join the partnership.

The NPS developed the information collections associated with 36 CFR part 61 in consultation with State, Tribal, and local government partners. The obligation to respond is required to provide information to evaluate whether or not State, Tribal, and local governments meet minimum standards

and requirements for participation in the National Historic Preservation Program; and to meet program specific requirements as well as government-wide requirements for Federal grant programs.

The authorities for this action are the National Historic Preservation Act (NHPA) (54 U.S.C. 300101 *et seq.*) and the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*).
