

public comment period for the proposal by 30 days, so that the comment period ends on November 23, 2017.

DATES: The proposed collection of information is amended effective October 18, 2017 and the public comment period shall terminate on November 23, 2017.

FOR FURTHER INFORMATION CONTACT: A copy of the PRA OMB submission, including the proposed reporting form and instructions, supporting statement, and other documentation will be placed into OMB's public docket files, once approved. These documents will also be made available on the Board's public Web site at: <http://www.federalreserve.gov/apps/reportforms/review.aspx> or may be requested from the agency clearance officer, whose name appears below.

Federal Reserve Board Clearance Officer—Nuha Elmaghrabi—Office of the Chief Data Officer, Board of Governors of the Federal Reserve System, Washington, DC 20551, (202) 452-3829. Telecommunications Device for the Deaf (TDD) users may contact (202) 263-4869, Board of Governors of the Federal Reserve System, Washington, DC 20551.

SUPPLEMENTARY INFORMATION: On August 24, 2017, the Board invited public comment on a proposal that would extend for three years the FR Y-15 and make certain revisions to the report (FR Y-15 proposal). As revised, the report would include Mexican pesos in total payments activity rather than as a memorandum item; add securities brokers to the definition of financial institutions; expressly include derivative transactions where a clearing member bank guarantees the performance of a client to a central counterparty; and, specify how certain cleared derivatives transactions are reported.¹ As initially proposed, these revisions to the FR Y-15 would have been effective for reports reflecting a December 31, 2017, as-of date. The comment period for the FR Y-15 proposal was previously scheduled to end on October 23, 2017.

The Board has received feedback that additional time may be required for affected banking organizations to analyze the impact of, and to provide comments on, the FR Y-15 changes being proposed.

In response to the feedback, this notice hereby reopens the public comment period for the FR Y-15 proposal by 30 days, with comments due November 23, 2017, to provide additional time for comment.

This notice also amends the proposed implementation date of the FR Y-15 proposal such that the proposed changes would be effective for reports reflecting the March 31, 2018, as-of date. This revision would provide respondents with an additional 90 days to prepare their systems to reflect any changes to the FR Y-15 that the Board may adopt after reviewing the comments received.

Board of Governors of the Federal Reserve System, October 23, 2017.

Ann E. Misback,

Secretary of the Board.

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Centers for Disease Control and Prevention

Advisory Council for the Elimination of Tuberculosis Meeting

AGENCY: Centers for Disease Control and Prevention (CDC), Department of Health and Human Services (HHS).

ACTION: Notice of meeting.

SUMMARY: In accordance with the Federal Advisory Committee Act, the Centers for Disease Control and Prevention (CDC) announces the following meeting of the Advisory Council for the Elimination of Tuberculosis (ACET). This meeting is open to the public, limited only by 100 room seating and 100 ports for audio phone lines. Time will be available for public comment. Comments should be submitted in writing by email to the contact person listed below. The deadline for receipt is Monday, December 4, 2017. Persons who desire to make an oral statement, may request it at the time of the public comment period on December 12, 2017 at 11:40 a.m. EST. This meeting is also accessible by teleconference: 1-877-927-1433 and participant passcode: 12016435.

DATES: The meeting will be held on December 11, 2017, 8:30 a.m. to 4:30 p.m., EST and December 12, 2017, 8:30 a.m. to 12:00 p.m., EST.

ADDRESSES: CDC Corporate Square Campus, 8 Corporate Square Boulevard, Atlanta, Georgia 30329.

FOR FURTHER INFORMATION CONTACT: Margie Scott-Cseh, Committee Management Specialist, CDC, 1600 Clifton Road NE., Mailstop: E-07, Atlanta, Georgia 30329, telephone (404) 639-8317; zkr7@cdc.gov.

SUPPLEMENTARY INFORMATION:

Purpose: This Council advises and makes recommendations to the Secretary of Health and Human Services, the Assistant Secretary for Health, and the Director, CDC, regarding the elimination of tuberculosis. Specifically, the Council makes recommendations regarding policies, strategies, objectives, and priorities; addresses the development and application of new technologies; and reviews the extent to which progress has been made toward eliminating tuberculosis.

Matters To Be Considered: The agenda will include discussions on (1) Update on preliminary tuberculosis funding formula; (2) Update on whole genome sequencing data sharing plan; (3) Update on three-month Isoniazid/Rifapentine Regimen (3HP) guidelines; and (4) Updates from ACET workgroups. Agenda items are subject to change as priorities dictate.

The Director, Management Analysis and Services Office, has been delegated the authority to sign **Federal Register** notices pertaining to announcements of meetings and other committee management activities, for both the Centers for Disease Control and Prevention and the Agency for Toxic Substances and Disease Registry.

Claudette Grant,

Acting Director, Management Analysis and Services Office, Centers for Disease Control and Prevention.

SUPPLEMENTARY INFORMATION:

Background: The Advisory Board was established under the Energy Employees Occupational Illness Compensation Program Act of 2000 to advise the President on a variety of policy and technical functions required to implement and effectively manage the new compensation program. Key functions of the Advisory Board include providing advice on the development of probability of causation guidelines which have been promulgated by the Department of Health and Human Services (HHS) as a final rule, advice on methods of dose reconstruction which have also been promulgated by HHS as a final rule, advice on the scientific validity and quality of dose estimation and reconstruction efforts being performed for purposes of the compensation program, and advice on petitions to add classes of workers to the Special Exposure Cohort (SEC). In December 2000, the President delegated responsibility for funding, staffing, and operating the Advisory Board to HHS, which subsequently delegated this authority to the CDC. NIOSH implements this responsibility for CDC. The charter was issued on August 3, 2001, renewed at appropriate intervals, rechartered on March 22, 2016 pursuant to Executive Order 13708, and will expire on September 30, 2019.

Purpose: This Advisory Board is charged with (a) providing advice to the Secretary, HHS, on the development of guidelines under Executive Order 13179; (b) providing advice to the Secretary, HHS, on the scientific validity and quality of dose reconstruction efforts performed for this program; and (c) upon request by the Secretary, HHS, advising the Secretary on whether there is a class of employees at any Department of Energy facility who were exposed to radiation but for whom it is not feasible to estimate their radiation dose, and on whether there is reasonable likelihood that such radiation doses may have endangered the health of members of this class.

Matters to be Considered: The agenda will include discussions on: NIOSH Program Update; Department of Labor Program Update; Department of Energy Program Update; SEC Petitions Update; dose reconstruction review methods; review of methods for estimating co-worker radiation doses; possible discussions of Site Profile reviews for Weldon Spring Plant (Weldon Spring, Missouri) and Pacific Proving Grounds (Marshall Islands); the SEC petition for Savannah River Site (1973-2007; Aiken, South Carolina), and possibly one or more of the following SEC petitions: Idaho National Laboratory (1963-1970;
