

title of the amended Certificate (*i.e.*, “Amended and Restated Certificate of Incorporation”) instead of the title of the then current (and now previous) Certificate (“Certificate of Incorporation”). As such, the Exchange proposes to eliminate the new title reference “Amended and Restated” from that sentence to accurately reflect the correct version of the Certificate that was amended and restated.

The Exchange notes that the proposed changes are concerned solely with the administration of the Exchange and do not affect the meaning, administration, or enforcement of any rules of the Exchange or the rights, obligations, or privileges of Exchange members or their associated persons is [sic] any way.

2. Statutory Basis

The Exchange believes the proposed rule change is consistent with the Securities Exchange Act of 1934 (the “Act”) and the rules and regulations thereunder applicable to the Exchange and, in particular, the requirements of Section 6(b) of the Act.⁴ Specifically, the Exchange believes the proposed rule change is consistent with the Section 6(b)(5)⁵ requirements that the rules of an exchange be designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to foster cooperation and coordination with persons engaged in regulating, clearing, settling, processing information with respect to, and facilitating transactions in securities, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general, to protect investors and the public interest. Additionally, the Exchange believes the proposed rule change is consistent with the Section 6(b)(5)⁶ requirement that the rules of an exchange not be designed to permit unfair discrimination between customers, issuers, brokers, or dealers.

In particular, the Exchange believes correcting inadvertent non-substantive, technical errors in its Certificate in order to comply with Delaware law and reflect the correct and accurate version of the Certificate that was amended will avoid potential confusion, thereby removing impediments to, and perfecting the mechanism for a free and open market and a national market system, and, in general, protecting investors and the public interest of market participants. As noted above, the proposed changes do not affect the meaning, administration, or

enforcement of any rules of the Exchange or the rights, obligations, or privileges of Exchange members or their associated persons in any way.

(B) Self-Regulatory Organization’s Statement on Burden on Competition

The Exchange does not believe the proposed rule change will impose any burden on competition not necessary or appropriate in furtherance of the purposes of the Act. Rather, the proposed rule change is merely attempting to correct inadvertent technical errors in the Exchange’s introductory paragraph of its Certificate. The proposed rule change has no impact on competition.

(C) Self-Regulatory Organization’s Statement on Comments on the Proposed Rule Change Received From Members, Participants or Others

The Exchange neither solicited nor received comments on the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The foregoing rule change has become effective pursuant to Section 19(b)(3)(A) of the Act⁷ and paragraph (f) of Rule 19b-4⁸ thereunder. At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission will institute proceedings to determine whether the proposed rule change should be approved or disapproved.

IV. Solicitation of Comments

Applicants' Representations

1. BGFREI is a Delaware statutory trust that is registered under the Act as a continuously offered, non-diversified, closed-end management investment company that will be operated as an interval fund. BGFREI's investment objective is to provide attractive income with low sensitivity to rising interest rates.

2. The Adviser is a Delaware limited liability company and is registered as an investment adviser under the Investment Advisers Act of 1940. The Adviser serves as investment adviser to BGFREI.

3. The applicants seek an order to permit the Funds (as defined below) to issue multiple classes of shares, each having its own fee and expense structure and to impose repurchase fees, early withdrawal charges, and asset-based distribution and shareholder service fees with respect to certain classes.

4. Applicants request that the order also apply to any continuously-offered registered closed-end management investment company that has been previously organized or that may be organized in the future for which the Adviser or any entity controlling, controlled by, or under common control with the Adviser, or any successor in interest to any such entity,¹ acts as investment adviser and which operates as an interval fund pursuant to rule 23c-3 under the Act and/or provides periodic liquidity with respect to its shares pursuant to rule 13e-4 under the Securities Exchange Act of 1934 ("Exchange Act") (each, a "Future Fund" and together with BGFREI, the "Funds").²

5. BGFREI intends to engage in a continuous offering of its shares of beneficial interest. Applicants state that additional offerings by any Fund relying on the order may be on a private placement or public offering basis. Shares of the Funds will not be listed on any securities exchange nor publicly traded. There is currently no secondary market for the Funds' shares and the Funds expect that no secondary market will develop.

6. If the requested relief is granted, BGFREI will offer Class T, Class D and

Class I shares, with each class having its own fee and expense structure, and may also offer additional classes of shares in the future. Because of the different distribution and/or shareholder services fees, services and any other class expenses that may be attributable to each of BGFREI's Class T, Class D and Class I shares, the net income attributable to, and the dividends payable on, each class of shares may differ from each other.

7. Applicants state that, from time to time, the Funds may create additional classes of shares, the terms of which may differ from Class T, Class D and Class I shares in the following respects: (i) The amount of fees permitted by different distribution plans or different shareholder services fee arrangements; (ii) voting rights with respect to a distribution and/or shareholder services plan of a class; (iii) different class designations; (iv) the impact of any class expenses directly attributable to a particular class of shares allocated on a class basis as described in the application; (v) any differences in dividends and net asset value resulting from differences in fees under a distribution and/or shareholder services plan or in class expenses; (vi) any early withdrawal charge or other sales load structure; and (vii) exchange or conversion privileges of the classes as permitted under the Act.

8. Applicants state that BGFREI is also seeking exemptive relief from the Commission to permit it to adopt a fundamental policy to repurchase 5% of its shares at net asset value on a monthly basis.³ If such relief is not granted, BGFREI intends to adopt a fundamental policy to conduct repurchase offers on a quarterly basis. Such repurchase offers will be conducted pursuant to rule 23c-3 under the Act. Each of the other Funds will likewise adopt fundamental investment policies in compliance with rule 23c-3 and make repurchase offers to its shareholders at periodic intervals and/or provide periodic liquidity with respect to its shares pursuant to rule 13e-4 under the Exchange Act.⁴ Any repurchase offers made by the Funds will be made to all holders of shares of each Fund.

9. Applicants represent that any asset-based shareholder services and

¹ A successor in interest is limited to an entity that results from a reorganization into another jurisdiction or a change in the type of business organization.

² Any Fund relying on this relief in the future will do so in a manner consistent with the terms and conditions of the application. Applicants represent that each entity presently intending to rely on the requested relief is listed as an applicant.

³ See *In the Matter of Blackstone/GSO Floating Rate Enhanced Income Fund, et al.*, File Number 812-14796.

⁴ Applicants submit that rule 23c-3 and Regulation M under the Exchange Act permit an interval fund to make repurchase offers to repurchase its shares while engaging in a continuous offering of its shares pursuant to Rule 415 under the Securities Act of 1933, as amended.

distribution fees for each class of shares will comply with the provisions of FINRA Rule 2341(d) (“FINRA Sales Charge Rule”).⁵ Applicants also represent that each Fund will disclose in its prospectus the fees, expenses and other characteristics of each class of shares offered for sale by the prospectus, as is required for open-end multiple class funds under Form N-1A.⁶ As is required for open-end funds, each Fund will disclose its expenses in shareholder reports, and describe any arrangements that result in breakpoints in or elimination of sales loads in its prospectus.⁷ In addition, applicants will comply with applicable enhanced fee disclosure requirements for fund of funds, including registered funds of hedge funds.⁸

10. Each of the Funds will comply with any requirements that the Commission or FINRA may adopt regarding disclosure at the point of sale and in transaction confirmations about the costs and conflicts of interest arising out of the distribution of open-end investment company shares, and regarding prospectus disclosure of sales loads and revenue sharing arrangements, as if those requirements applied to the Fund. In addition, each Fund will contractually require that any distributor of the Fund’s shares comply with such requirements in connection with the distribution of such Fund’s shares.

11. Each Fund will allocate all expenses incurred by it among the various classes of shares based on the net assets of the Fund attributable to each class, except that the net asset value and expenses of each class will reflect distribution fees, shareholder service fees, and any other incremental expenses of that class. Expenses of the Fund allocated to a particular class of shares will be borne on a pro rata basis by each outstanding share of that class.

⁵ All references in the application to the FINRA Sales Charge Rule include any Financial Industry Regulatory Authority successor or replacement rule to the FINRA Sales Charge Rule.

⁶ In all respects other than class-by-class disclosure, each Fund will comply with the requirements of Form N-2.

⁷ See Shareholder Reports and Quarterly Portfolio Disclosure of Registered Management Investment Companies, Investment Company Act Release No. 26372 (Feb. 27, 2004) (adopting release) (requiring open-end investment companies to disclose fund expenses in shareholder reports); and Disclosure of Breakpoint Discounts by Mutual Funds, Investment Company Act Release No. 26464 (June 7, 2004) (adopting release) (requiring open-end investment companies to provide prospectus disclosure of certain sales load information).

⁸ Fund of Funds Investments, Investment Company Act Rel. Nos. 26198 (Oct. 1, 2003) (proposing release) and 27399 (Jun. 20, 2006) (adopting release). See also Rules 12d1-1, *et seq.* of the Act.

Applicants state that each Fund will comply with the provisions of rule 18f-3 under the Act as if it were an open-end investment company.

12. Applicants state that each Fund may impose an early withdrawal charge on shares submitted for repurchase that have been held less than a specified period and may waive the early withdrawal charge for certain categories of shareholders or transactions to be established from time to time. Applicants state that each of the Funds will apply the early withdrawal charge (and any waivers or scheduled variations of the early withdrawal charge) uniformly to all shareholders in a given class and consistently with the requirements of rule 22d-1 under the Act as if the Funds were open-end investment companies.

13. Applicants state that BGFREI will (and any Future Fund, as applicable, may) charge a repurchase fee of up to 2% on the common shares accepted for repurchase (including those that have been held by the investor for less than one year), in addition to any early withdrawal charge. Shares of any Future Fund, to the extent such Future Fund does not comply with the requirements of rule 23c-3 under the Act, will be subject to a repurchase fee at a rate no greater than 2% of a shareholder’s repurchase proceeds if the date as of which the shares are to be valued for purposes of repurchase is less than one year following the investor’s initial investment in such Future Fund. Repurchase fees will equally apply to new class shares and to all classes of shares of BGFREI (and any Future Fund, as applicable), consistent with section 18 of the Act and rule 18f-3 thereunder. To the extent BGFREI (and any Future Fund, as applicable) determines to waive, impose scheduled variations of, or eliminate a repurchase fee, it will do so consistently with the requirements of rule 22d-1 under the Act and as if such fund were an open-end investment company and such Fund’s waiver of, scheduled variation in, or elimination of, the repurchase fee will apply uniformly to all shareholders of such fund regardless of class.

14. Each Fund operating as an interval fund pursuant to rule 23c-3 under the Act may offer its shareholders an exchange feature under which the shareholders of the Fund may, in connection with the Fund’s periodic repurchase offers, exchange their shares of the Fund for shares of the same class of (i) registered open-end investment companies or (ii) other registered closed-end investment companies that comply with rule 23c-3 under the Act and continuously offer their shares at

net asset value, that are in the Fund’s group of investment companies (collectively, “Other Funds”). Shares of a Fund operating pursuant to rule 23c-3 that are exchanged for shares of Other Funds will be included as part of the amount of the repurchase offer amount for such Fund as specified in rule 23c-3 under the Act. Any exchange option will comply with rule 11a-3 under the Act, as if the Fund were an open-end investment company subject to rule 11a-3. In complying with rule 11a-3, each Fund will treat an early withdrawal charge as if it were a contingent deferred sales load.

Applicants’ Legal Analysis

Multiple Classes of Shares

1. Section 18(a)(2) of the Act provides that a closed-end investment company may not issue or sell a senior security that is a stock unless certain requirements are met. Applicants state that the creation of multiple classes of shares of the Funds may violate section 18(a)(2) because the Funds may not meet such requirements with respect to a class of shares that may be a senior security.

2. Section 18(c) of the Act provides, in relevant part, that a closed-end investment company may not issue or sell any senior security if, immediately thereafter, the company has outstanding more than one class of senior security. Applicants state that the creation of multiple classes of shares of the Funds may be prohibited by section 18(c), as a class may have priority over another class as to payment of dividends because shareholders of different classes would pay different fees and expenses.

3. Section 18(i) of the Act provides that each share of stock issued by a registered management investment company will be a voting stock and have equal voting rights with every other outstanding voting stock. Applicants state that multiple classes of shares of the Funds may violate section 18(i) of the Act because each class would be entitled to exclusive voting rights with respect to matters solely related to that class.

4. Section 6(c) of the Act provides that the Commission may exempt any person, security or transaction or any class or classes of persons, securities or transactions from any provision of the Act, or from any rule or regulation under the Act, if and to the extent such exemption is necessary or appropriate in the public interest and consistent with the protection of investors and the purposes fairly intended by the policy and provisions of the Act. Applicants request an exemption under section 6(c)

from sections 18(a)(2), 18(c) and 18(i) to permit the Funds to issue multiple classes of shares.

5. Applicants submit that the proposed allocation of expenses relating to distribution and voting rights among multiple classes is equitable and will not discriminate against any group or class of shareholders. Applicants submit that the proposed arrangements would permit a Fund to facilitate the distribution of its shares and provide investors with a broader choice of shareholder services. Applicants assert that the proposed closed-end investment company multiple class structure does not raise the concerns underlying section 18 of the Act to any greater degree than open-end investment companies' multiple class structures that are permitted by rule 18f-3 under the Act. Applicants state that each Fund will comply with the provisions of rule 18f-3 as if it were an open-end investment company.

Early Withdrawal Charges

1. Section 23(c) of the Act provides, in relevant part, that no registered closed-end investment company shall purchase securities of which it is the issuer, except: (a) On a securities exchange or other open market; (b) pursuant to tenders, after reasonable opportunity to submit tenders given to all holders of securities of the class to be purchased; or (c) under other circumstances as the Commission may permit by rules and regulations or orders for the protection of investors.

2. Rule 23c-3 under the Act permits a registered closed-end investment company (an "interval fund") to make repurchase offers of between five and twenty-five percent of its outstanding shares at net asset value at periodic intervals pursuant to a fundamental policy of the interval fund. Rule 23c-3(b)(1) under the Act permits an interval fund to deduct from repurchase proceeds only a repurchase fee, not to exceed two percent of the proceeds, that is paid to the interval fund and is reasonably intended to compensate the fund for expenses directly related to the repurchase.

3. Section 23(c)(3) provides that the Commission may issue an order that would permit a closed-end investment company to repurchase its shares in circumstances in which the repurchase is made in a manner or on a basis that does not unfairly discriminate against any holders of the class or classes of securities to be purchased.

4. Applicants request relief under section 6(c), discussed above, and section 23(c)(3) from rule 23c-3 to the extent necessary for the Funds to

impose early withdrawal charges on shares of the Funds submitted for repurchase that have been held for less than a specified period.

5. Applicants state that the early withdrawal charges they intend to impose are functionally similar to contingent deferred sales loads imposed by open-end investment companies under rule 6c-10 under the Act. Rule 6c-10 permits open-end investment companies to impose contingent deferred sales loads, subject to certain conditions. Applicants note that rule 6c-10 is grounded in policy considerations supporting the employment of contingent deferred sales loads where there are adequate safeguards for the investor and state that the same policy considerations support imposition of early withdrawal charges in the interval fund context. In addition, applicants state that early withdrawal charges may be necessary for the distributor to recover distribution costs. Applicants represent that any early withdrawal charge imposed by the Funds will comply with rule 6c-10 under the Act as if the rule were applicable to closed-end investment companies. The Funds will disclose early withdrawal charges in accordance with the requirements of Form N-1A concerning contingent deferred sales loads.

Asset-Based Distribution and Shareholder Service Fees

1. Section 17(d) of the Act and rule 17d-1 under the Act prohibit an affiliated person of a registered investment company, or an affiliated person of such person, acting as principal, from participating in or effecting any transaction in connection with any joint enterprise or joint arrangement in which the investment company participates unless the Commission issues an order permitting the transaction. In reviewing applications submitted under section 17(d) and rule 17d-1, the Commission considers whether the participation of the investment company in a joint enterprise or joint arrangement is consistent with the provisions, policies and purposes of the Act, and the extent to which the participation is on a basis different from or less advantageous than that of other participants.

2. Rule 17d-3 under the Act provides an exemption from section 17(d) and rule 17d-1 to permit open-end investment companies to enter into distribution arrangements pursuant to rule 12b-1 under the Act. Applicants request an order under section 17(d) and rule 17d-1 under the Act to the extent necessary to permit the Fund to impose

asset-based distribution and shareholder service fees. Applicants have agreed to comply with rules 12b-1 and 17d-3 as if those rules applied to closed-end investment companies, which they believe will resolve any concerns that might arise in connection with a Fund financing the distribution of its shares through asset-based distribution fees.

For the reasons stated above, applicants submit that the exemptions requested under section 6(c) are necessary and appropriate in the public interest and are consistent with the protection of investors and the purposes fairly intended by the policy and provisions of the Act. Applicants further submit that the relief requested pursuant to section 23(c)(3) will be consistent with the protection of investors and will insure that applicants do not unfairly discriminate against any holders of the class of securities to be purchased. Finally, applicants state that the Funds' imposition of asset-based distribution and shareholder service fees is consistent with the provisions, policies and purposes of the Act and does not involve participation on a basis different from or less advantageous than that of other participants.

Applicants' Condition

Applicants agree that any order granting the requested relief will be subject to the following condition:

Each Fund relying on the order will comply with the provisions of rules 6c-10, 12b-1, 17d-3, 18f-3, 22d-1, and, where applicable, 11a-3 under the Act, as amended from time to time, as if those rules applied to closed-end management investment companies, and will comply with the FINRA Sales Charge Rule, as amended from time to time, as if that rule applied to all closed-end management investment companies.

For the Commission, by the Division of Investment Management, under delegated authority.

Eduardo A. Aleman,
Assistant Secretary.
